GOVERNMENT IN JUBILANT MOOD

Heavy Loyalist Offensive Begins In Madrid Sectors, It Is Announced

By THOMAS A. LOAYZA
International News Service Staff Correspondent

MADRID, April 9—Spanish government officials jubilantly claimed major successes on widespread battle fronts today as action flared up on numerous sectors with increased ferocity.

Authorities at Valencia said the loyalists were now within three miles of Fuente Ovejuna in the north and still advancing.

A communique issued from Barcelona stated government troops were pressing the rebels throughout the Huesca sector and had captured important positions dominating all roads into Huesca from the East.

Insurgent counter-attacks were repulsed, it was claimed, and a rebel convoy of 40 trucks loaded with reinforcements from Jaca was surprised by loyalist troops. The government forces fired on the convoy, ditching six of the trucks besides the road.

Loyalist Planes Bomb Malaga

The marine and air ministries at Valencia announced loyalist planes bombed the port and railway station at Malaga, hitting the station while several other bombs fell close to eight rebel seaplanes in the port.

Successful loyalist raids also were carried out in the south, it was stated, and enemy concentrations near Penarroya were dispersed.

Loyalists operating in the Blasquez region of the Penarroya front succeeded in joining forces with

Beauty Queen

AUDREY MANNING

NEW WILMINGTON, Pa., April 9.—Miss Audrey Manning, freshman at Westminster College, from Erie, has been named freshman beauty queen for the Argo, Westminster College yearbook.

Miss Manning was drum major of the 40-piece college band this year, the first time in the history of the college that a girl has received the honor. She is also active in the Y. W. C. A., was on the freshman dance commission, and is also active in intra-mural sports, particularly archery.

In East high, Erie, she was leader of the bugle and drum corps, class treasurer, a member of the Y. W. C. A., Girl Reserves, and a member of the National Honor Society. She is pledged to Chi Omega sorority.

Her picture will be featured in the Argo, which will appear in late May.

Hudson Plant Strike Settled

Expect Sit-Downers Will Evacuate Plant Sometime Today

MURPHY HOPES FOR INDUSTRIAL PEACE

(International News Service)

LANSING, Mich., April 9.—Settling the Hudson auto strike the same "master peace plan" he had used to end the Chrysler and Reo strikes, Governor Frank Murphy today predicted an era of "progress and boom" in the automobile industry.

Gov. Murphy brought Hudson officials and the United Automobile Workers union into agreement last night after an eight-hour conference.

The 1,200 sit-downers who have held the three Hudson plants in Detroit for 32 days must ratify the agreement, but it was expected they would approve it, and evacuate the plants sometime late today.

Foreign Press Is Blamed For Report

Administration Denies Any Intention Of Lowering Price Of Gold

(International News Service)

WASHINGTON, April 9.—President Roosevelt denied today that any move was afoot by this administration to lower the price of gold.

He charged that agitation for lowering of the American acceptance price originated in the foreign press.

At his press conference, a reporter asked whether, in vew of his recent statement declaring the price of steel, copper and cement to be too high, he thought also that gold prices should come down. The reporter added that since the presidential statement on durable goods there had been a growing agitation for action on gold.

Mr. Roosevelt replied that that was a very interesting statement, but he knew of no plan to lower the gold price, except that which originated in the foreign press.

Slippery Rock Students Present "Patience" Before Cathedral Crowd Thursday

Long before the advent of the twentieth century debunkers, Gilbert and Sullivan were flailing away at the weaknesses of humanity, in words and music. Nothing escaped their operatic barrage, the army, the navy, the law, the government, and the current fads of the English maidens.

"Patience," a satire on the craze for aestheticism, was presented Thursday night in the Cathedral auditorium by the students of the Slippery Rock State Teachers College, and sponsored by the entertainment committee of the Scottish Rite Bodies of the Valley of New Castle.

The Plot

The plot concerns "twenty lovesick maidens" who are smitten by a pair of poets, who, confidentially, are strictly a pair of phoneys. Dressed like a seven star final edition of Little Lord Fauntleroy, the two poets, Reginald Bunthorne and Archibald Grosvenor, twitter

Check Reports In Three Cities In Irwin Hunt

Widely-Separated Localities Send Reports Suspect Believed Seen

DIFFICULTIES OF HUNT INCREASE

Two Inmates Of Rockland County Insane Asylum Make Escape

(International News Service)

NEW YORK, April 9.—Search for Robert Irwin turned from New York City to three other widely-separated localities today as checks were made on reports placing the alleged triple-slayer in Lockhaven, Pa., Battle Creek, Mich., and Lake Placid, N. Y.

Photographs and fingerprints of the hunted man were rushed to Lock Haven, where police had in custody a man they said strongly resembled the ex-divinity student. The man, who described himself as Francis Farmer, 29, of 510 Greenwood Place, Syracuse, N. Y., declared he had not been in New York City for two years. He wore a signet ring with the letter "F" and carried a revolver for which he had no permit, it was reported.

Hitch-Hiking Suspects

In the Battle Creek and Lake Placid instances, where motorists reported having picked up hitchhikers resembling the fugitive, local authorities were requested by New York police to conduct an intensive search for the strangers and telephone their fingerprint classifications here when and if apprehended.

Difficulties of the manhunt here were increased by escape from the

Make Plans For Swimming Pool For Scout Camp

Project Is Announced At Meeting Of Scout Council Last Night

EXPECT WORK TO START NEXT MONTH

Plans Call For Concrete Swimming Pool 105 By 45 Feet In Extent

Welcome news developed for Lawrence county Boy Scouts last night when it was disclosed for the first time that a $15,000 concrete swimming pool is planned for Camp John M. Phillips, the Lawrence County council camp along Slippery Rock creek.

Announcement of the proposed project came at a regular meeting of the Lawrence County council members in the First Christian church. Hans N. Drio, chairman of a special committee which has been exploring the possibilities for a pool revealed the news.

Will Be 45x105 Pool

The pool itself, Mr. Drio said will be 45 feet by 105 feet and will be located just below the section of camp known as Kiwanis Knoll.

Recalling again the urgent need for a modern swimming pool at the camp the committee head told the council audience that "swimming in the Slippery Rock for our scouts is always uncertain," because of the high-water conditions that sometimes prevail.

Perfect Financing Plan

Steps were taken today to set in motion machinery for raising the $15,000 needed to cover the pool's

Peace Reigns In Canadian Strike

Premier, However, Declares Invasion Of Canada By CIO Will Be Blocked

3,800 MOTOR PLANT EMPLOYES ON STRIKE

(International News Service)

OSHAWA, Ont., April 9.—In sharp contrast to the tense feeling at Toronto where Premier Hepburn declared the Ontario government would "raise an army" if necessary to block John L. Lewis and his committee for industrial organization from invading Canada, peace reigned today at the plant here where 3,800 General Motor employes walked out on strike yesterday.

Although approximately 300 provincial police and 69 Royal Canadian mounted policemen were concentrated in Toronto, 25 miles away, Mayor Alex C. Hall of Oshawa, served notice on the provincial government that local authorities were quite capable of handling the situation themselves.

Scene Is Peaceful

Addressing a meeting of as many of the strikers as could crowd into the largest school hall here last night, Mayor Hall said:

"As soon as the chief of police of Oshawa and I feel that we need these reinforcements, they will be sent for, and not before. I have suggested that they not be sent to Oshawa at the present time as our police force is quite competent."

The situation at the plant this morning bore out his words, for there was not a sign of a constable near the picket lines peacefully patrolling the plant.

Hope To Dedicate Armory In August

Expect Work To Be Resumed On Armory Project In Near Future

Every effort will be made to resume work on the Joseph V. Cunningham armory in order that it can be dedicated during the convention of the Society of the 28th Division August 5-6-7, it was said Thursday afternoon following a meeting in the Castleton hotel.

At the meeting were Brigadier-General Edward Martin and Col. J. E. Woodend of the State Armory board, Captain Frank M. Butler and Charles P. McGill of the WPA and Major W. Fulton Jackson of the Civilian Sponsor committee of Troop F.

The project is being forwarded to Washington for presidential approval and immediately upon its return it will be put into action, Captain Butler said "It will be a timely thing to dedicate the armory during the 28th convention" said General Martin, himself a 28th division man and former colonel of the 110th Infantry in the A. Burgettstown, Pa., Burgess Dies Of Fractured Skull

(International News Service)

PITTSBURGH, April 9.—Burgess John A. MacKenzie, 68, of Burgettstown, died today in Allegheny hospital from a fractured skull received when struck by a train.

MacKenzie, who handled mail for the branch post office, was carrying a mail pouch along the railroad platform when the engine of an eastbound train struck the pouch and hurled him to the ground.

MacKenzie, a life-long resident of Burgettstown, had an automobile accessory business prior to his election to office three years ago. Besides his wife, Elizabeth, he leaves a son and daughter.

Freak Tornado Sweeps Miami

Two-Mile Area In Path Of Tornado, Considerable Damage Is Reported

(International News Service)

MIAMI, Fla., April 9.—An undetermined amount of damage was done by a freak tornado which swept through a two mile area in the southwest section of Miami shortly before dawn today.

Several persons were reported injured, none seriously, however.

The storm was reported to have struck at the Tamiami trail and southwest of 11th avenue and followed a zigzag trail over a two mile course southeastward to Coconut Grove.

A number of houses were unroofed and debris was scattered over a wide area.

The injured were rushed to a hospital for treatment. Names of the injured could not be immediately learned.

The fact the storm swept across the sparsely settled southwestern portion of the city instead of farther to the north was credited with saving numerous lives.

Debris from the damaged houses was scattered over a wide area. Uprooted trees blocked the streets in the storm area, and telephone and light wires were left scattered over the ground.

Nazarene Church Convention Here To Bring Crowds

Sessions Week Of May 3 In Cathedral; Distict Largest In Denomination

DISTRICT LEADER WILL BE ELECTED

Pittsburgh district, largest in the Nazarene denomination, will convene at the Cathedral in New Castle during the week of May 3, and preparations are being made to receive a huge crowd of members from the 120 congregations of western Pennsylvania, eastern Ohio and West Virginia. There is a total membership of around 11,000 in the district.

The first day or two will be devoted to a missionary convention. Later the pastors will give their reports, sermons will be delivered by prominent guests and business of the district will be transacted.

To Name New Superintendent

Because Rev. C. Warren Jones of Alliance, O., with headquarters at Kansas City, Mo., has been appointed general secretary of the foreign missionary board, a new district superintendent must be elected at this assembly. Rev. Jones is serving his ninth year in that office.

First Returning Workers Entering Chrysler Plant

(International News Service)

DETROIT, April 9.—Comprising the vanguard of 95,000 strike idle in the automobile industry who will return to work within the next 10 days, 1,500 workers carried dinner pails back into the Dodge plant of the Chrysler Motor Car company today.

They were the first large group to return to work in the eight Chrysler plants here since March 8, when the costly Chrysler strike was called by the United Auto Workers Union. They made up crews manning for foundry, cylinder block and test line departments.

Senator Robinson Gives Intimation Of Situation—Administration Disturbed

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, April 9.—Cut expenditures or increase taxes.

The administration edged closer to this buzz-saw dilemma today as the greatest revenues since 1929 rolled into the treasury only to be met and be off-set by increasing out-go of federal funds.

The leadership in congress is distinctly disturbed over the possibility that new tax legislation may have to be attempted at this session, which already is embroiled with enough disputes to keep it going until snow flies.

Hint From Robinson

A hint of this perturbation came today from Senator Robinson, majority leader of the senate. He said, significantly, that no one, including President Roosevelt, wanted to increase taxes, but "presumably

Disappointment For Americans

Big Reduction In Number To Be Presented At Court Of St. James

DEBUTANTES ARE MUCH DISTURBED

By KINGSBURY SMITH
International News Service Staff Correspondent

(Copyright, 1937, by International News Service)

LONDON, April 9.—To the tear-provoking disappointment of a record number of ambitious American debutantes, presentation of American girls at the Court of St. James's this year will be limited to about half the usual number.

This limit, it was learned exclusively today, is the result of King George's desire to make the coronation courts affairs principally for subjects of the British empire.

In inner court circles it was recalled, however, that after King Edward abdicated because of his love

Here's another sign of springtime that is usually right, its the time the ashman comes around and makes the place look right, when he piles the winter ashes on his old delivery truck and you see him put them on it and you wish him lots of luck. For it means your woes are ended insofar as ashes go and you think of all those mornings when you trampled down the snow, taking ashes to the alley, in a basket or a box and they felt like something marble or a ton of building blocks. But when he comes round and takes them, spring is definitely here, and you sigh with ease and comfort, forty three and not quite clear.

SIT-DOWN PROBE REJECTED

House Refuses To Order Probe

Will Vote Early Next Week On Resolution On Attitude On Sit-Downs

STORMY SESSION OCCURS THURSDAY

(International News Service)

WASHINGTON, April 9.—Having refused to authorize an investigation of sit-down strikes, the house today prepared to smooth a path for approval of the senate resolution jointly denouncing labor's newest weapon and industry's use of espionage and company unions.

Rep. Connery (D) of Massachusetts, chairman of the house labor committee, foresaw adoption of the measure by the lower chamber early next week.

"I think most of the members of the house favor the Pittman (senate) resolution," Connery declared. "The Dies resolution to investigate sit-down strikes was defeated because members felt it was an unfair blow aimed at labor."

Stormy Session

The investigation resolution, authored by Rep. Martin Dies (D) of Texas, went down to defeat late yesterday in a stormy house session marked by bitter wrangling. Although supported by several administration leaders, including Connery, the measure was blocek by the powerful house labor bloc which charged it constituted "snooping and interference with the states."

"I think a big majority of the house membership is opposed to sit-down strikes," Connery said, most of them feel that the proper thing for congress to do is to state its position, and that only."

The senate resolution is a policy measure. It was approved in the upper body two days ago after days of heated battle over a similar proposal which Senator Byrnes (D) of South Carolina sought to place in the Vinson-Guffey Coal Bill.

DISAPPOINTMENT FOR AMERICANS

for Mrs. Wallis Simpson, the doors of Buckingham Palace were closed to many Americans who had been friends of Edward, but who were included in the Archbishop of Canterbury's criticism of Edward's "social circles."

Only 15 To 20 To Curtsy

The American embassy, which chooses the debutantes, has been requested to confine the presentation of American girls to two courts only, those of May 5 and July 1.

Only 15 or 20 American young women will curtsy before the double throne, as compared to the 41 presented at the four courts in 1935, the last year of the reign of George V.

In spite of restrictions, the United States embassy has been swamped this year with a record number of applications, running into several hundreds, from American families eager to present during what will be the most brilliant social season in London since the World War.

Every conceivable sort of pressure has been brought to bear on Ambassador Robert Worth Bingham by disappointed mothers, who had elaborate plans to bring their daughters to London for the coronation.

Members of congress, high state politicians and other powers wrote to the state department in Washington and direct to Ambassador Bingham in an effort to have their favorites included in the list of the chosen.

But the court lists already have been closed, and the ambassador is resolute—leaving scores of disappointed girls and mothers.

The first group of lucky Americans, eight or ten, will be presented by Mrs. Bingham at the May 5 court, and the remainder July 1.

Presentations on May 6 will be confined to girls from the empire, while presentations at the fourth court, to be held in Edinburgh the week of July 5, will be confined to Scottish debutantes.

loyalists operating in the estremadura region, government advices said.

It also was claimed government planes bombed military objectives near the rebel stronghold of Vitoria.

Charge German Cooperation

At the same time a heavy loyalist offensive began in the Madrid sectors of Carabanchel and Casa Del Campo as well as in the University city area.

Advices from Santander, meanwhile, charged the German cruiser Koenigsberg closely cooperated with rebel ships during a recent bombardment of the Basque coast.

At Valencia the government decreed lives of insurgent prisoners, whether Spanish or foreign, will be respected. They will be handed over to competent authorities without summary judgement being pronounced, under the terms of the decree.

Lives of insurgents surrendering voluntarily also will be spared, after enquiry, if their loyality to the republic is proved.

CHECK REPORTS IN THREE CITIES IN IRWIN HUNT

(Continued From Page One)

Rockland county state hospital for the insance of two inmates, one of whom was a friend of Irwin when the latter was confined to the institution.

The men made their getaway Wednesday but news of the break did not leak out until today. One of the pair, Thomas McLean, was described as somewhat similar in appearance to Irwin. Strangely enough, he too, lived near the apartment where Ronnie Gedeon, her mother and Frank Byrnes were murdered on Easter Sunday.

May Be Mistaken

Because of McLean's behavior, it was expected, he would be mistaken for Irwin, resulting in a new swarm of false reports on the psychopathic sculptor's whereabouts.

Meanwhile police were studying a group of photographs apparently left in a Third avenue barber shop by the fugitive at 6 p. m. on the Monday following the triple murder. The photographs included a picture of a sculptored bust of Ethel Kudner, sister of Ronnie Gedeon, on the object of his unrequitted affections, a statuette of Ronnie and a bust of President Roosevelt.

Also in the envelope which contained these photographs was a letter sent to him several years ago by Mrs. Herbert Hoover, congratulating him on his sculpture. It was recalled that Irwin's application for relief here a few years back nad mentioned such a letter.

None of the barbers in the shop realized the possible significance of the papers until one of them, reading the newspapers, suddenly recalled the letter addressed to Robert Irwin.

Along with the pictures and the letter, it was understood, was found a list of addresses—but the police refused to say whether they were of any value in the search.

Another Report.

One of the latest reports on "Irwin" to reach police came from Thomas Finnan, 28-year-old horse room operator of Lake Placid, N. Y.

Finnan said he picked up a man in Lake Placid on April 1 and took him as far as Schroon Lake. From newspaper pictures and state police photos he "positively identified" the hitch-hiker as Irwin.

He said his passenger talked to him at length of art and religion, the two subjects with which Irwin is known to be obsessed. Finnan described the hitch-hiker as wearing dark clothes and carrying a brief case.

Schroon Lake is on the main highway to the Canadian border, and this report intensified activities of Canadian immigration officials who were keeping a sharp lookout for a person resembling Irwin who might seek to cross the border.

The Battle Creek hitch-hiker with the "R. I." ring was reported to have been picked up by Walter Holmes and John Switcher of Milwaukee, near Scranton, Pa., Wednesday night.

Authorities believed it entirely possible that the hiker who talked sex and religion with a traveling salesman at Stroudsburg, Pa., might have reached Scranton in the interval. Holmes said:

"He bore a strong resemblance to the published pictures of Irwin and what's more, he wore a signet ring with the initials 'R. I.' although he said Robert Wilson was his name. He said he came from Ardmore, Pa., and was going to Battle Creek to get married.

"He was nearly six feet tall, about 30 years old, with dark hair. He wore a light gray hat, dark overcoat, blue pin-stripe suit and a black and white tie.

"He was pleasant, apparently educated. He left a grip with us as security for a $5 loan."

Not New York Suspect.

Kalamazoo, Mich., April 9.—The hunt in western Michigan for Robert Irwin, suspect in New York's Easter day triple murder, collapsed today when police arrested a hitch-hiker answering Irwin's description to find that he was not the hunted New York fugitive.

The hitch-hiker gave his name as Robert Mackalvey, Jr., of Philadelphia, and police said that while he answered the general description of Irwin he was not the New York suspect.

Mackalvey said, according to police, that he was the hitch-hiker who had ridden from Scranton, Pa., to Battle Creek with Walter Holmes, a Milwaukee business man, yesterday. He had set out again today and accepted a ride from Clifford Thomas, a paper salesman. Thomas turned him over to police here.

Under average city conditions, street noises cannot be heard in a building beyond the 10th or 12th floor.

SLIPPERY ROCK STUDENTS PRESENT OPERA THURSDAY

(Continued From Page One)

through the play with the sweet young things hanging on their words like a three-day calf on a milk bottle.

That is all but Patience, a dairy maid, who never having been in love couldn't distinguish the divine afflatus when it barged right up and bit her. Patience has no time for aestheticism and spots the poets for the phonies they are. In the meantime the Dragoon Guards, lovers of the 20 maidens, endeavor to regain the affections of their lady loves, but without much success. Reginald raffles himself off, but the raffle is halted when Patience decides to marry him. Later her love turns to Archibald who she loved when he was "just a little boy," the Dragoon Guards get their gals, and Landy Jane gets Reginald after two acts of longing.

Colorful Thing

While "Patience" hasn't the bite or the satire of "The Mikado" or "Trial by Jury" or a number of other Gilbert and Sullivan operas, it is a colorful work and the staging and lighting of it Thursday night gave it a setting pleasing to the eye. The choral work of both the Dragoon Guards and the Rapturous Maidens was good, but we fear some of the soloists didn't realize the size of the auditorium. In the matter of solos, Lady Jane (Jean Wadsworth) was both eye filling and ear satisfying. The entire cast performed well.

The Slippery Rock College orchestra was in the pit for the performance and did an excellent piece of work.

"Patience" will be repeated tonight in the Cathedral auditorium and should be attended by a larger crowd. So far as this reviewer is concerned, anything by Gilbert and Sullivan is worth hearing, no matter who does it, from the D'Oyle Carte Players down. The late lamented English composers could puncture the balloon of fallacy with barbs that were wrapped in silk lined melody. For an evening's entertainment try "Patience" tonight in the Cathedral.

"Patience" was presented through the courtesy of Slippery Rock State Teachers College of which Dr. Chas. S. Miller, is the president.

Scottish Rite In Charge

The presiding officers of the Valley of New Castle, Ancient Accepted Scottish Rite, who had general jurisdiction over the performance follow:

Ill. S. Reed Megown, 33 degree, Ill. Commander-in-Chief.

Ill. John E. Elliott, 33 degree, First Lieutenant Commander.

Mayor Mark Anderson issued a report showing the financial condition of the city was in good shape and that the city would operate on a pay-as-you-go basis from now on. The city issued no tax anticipation warrants in 1936 and the city has cash on hand of $72,291.80.

Deaths of the Day

Jacqueline Barrett.

Jacqueline Barrett, aged 10 years, of 937 Temple avenue, died at 11:15 p. m. Thursday in the New Castle hospital. She had undergone a mastoid operation and had been very ill for three weeks.

The little girl was born at Newark, O., on October 26, 1926, daughter of Montie E. and Florence Lanigan Barrett, who survive. The family has resided in New Castle for the past three years and Jacqueline, who was a member of the Presbyterian church in Newark, had been attending Sunday school at the Third U. P. church and grade 4A of Rose avenue school.

She leaves besides her parents a brother, Richard, eight years old, and her grandmothers, Mrs. Matilda Lanigan and Mrs. Martha Davis, both of Newark, O.

The body, now at the R. L. Boyd funeral home, will be shipped to Newark on the Pennsylvania railroad at 5:09 p. m. today, and services will be conducted there.

B. J. Benson.

B. J. Benson aged 74 years, died at his home in North Beaver township at 9:30 o'clock Thursday night following an illness of some weeks.

Mr. Benson was a widely known farmer, successful in his work and held in high regard by everyone who knew him. He was a member of Westfield Presbyterian church and North Beaver grange.

He was born in Sweden on December 29, 1862, and leaves a brother in that country. North Beaver township had been his home for the past 48 years. Surviving are, his wife, the following children, Anna J. Benson, at home, Mrs. R. L. McKinley, North Beaver township; Bernard, of Lynwood, Cal., Ernest of North Beaver township, John at home, and Theodore in Pittsburgh, six grandchildren and his brother.

Funeral services will be conducted Sunday afternoon at 3 o'clock in the residence with Rev. E. A. Shoemaker of the Westfield church in charge and interment will be made in the church cemetery.

Funeral Of Mrs. Donnelly.

Requiem high mass was celebrated by Rev. Fr. William F. Galvin at 10 o'clock this morning in St. Mary's church for Mrs. May Gertrude Donnelly of East Washington street. Until the time of the mass the body was at the home of her brother-in-law, John J. Maher, West Washington street.

Pallbearers were James Megan, Willis Flynn, Henry Cunningham, Thomas Cunningham, John S. Newman and Thomas Donnelly.

Interment was made in the church cemetery, with Rev. Fr. Leo Watterson conducting the committal service at the grave.

CUT EXPENDITURES OR INCREASE TAXES CONGRESS WARNED

(Continued From Page One)

there would either have to be additional revenue or a reduction in expenditures."

It was significant, too, that Robinson suggested a cut in federal relief funds. Whether the senate leader was forecasting Mr. Roosevelt's message to congress next week on the question of relief, or whether he was simply voicing a considerable sentiment in congress, was not apparent. Sometimes Senator Robinson speaks for the white house and sometimes he does not.

One Of Two Courses

In any event, Robinson's plain intimation that it is up to congress either to trim expenditures or go into the pockets of the tax payers for more money served to heighten interest in the relief estimates to be sent up next week by Mr. Roosevelt. In his January budget message, the president said he "hoped" to keep relief expenditures for the next fiscal year to $1,500,000,000. If that could be done, he said, and if revenues ran up to treasury expectations he would have a budget next year that would be balanced from the layman's standpoint.

Since that time, however, revenues have not come up to treasury expectations, although they are the best since the golden 'twenties before the depression.

Income tax receipts are up approximately 70 per cent over last year. But still they are from $150,000,000 to $200,000,000 below what the treasury anticipated and looked for. Other forms of federal revenue are better than in years, but still short of treasury expectations.

NOT SO DUMB

(International News Service)

PORTLAND, Ore.—The newest wrinkle in escaping from jail was revealed here by a deaf and dumb mute who wrote his way out. Hailed in court on a drunkenness charge after a night in jail, the prisoner answered in writing the questions which were put to him by Municipal Judge Cohn. His replies were so skillful and persuasive that the court allowed him to go free on his promise to "do his best" to remain at home and quit drinking.

MAKE PLANS FOR SWIMMING POOL FOR SCOUT CAMP

(Continued From Page One)

construction costs. Plans for a special committee which will direct it were being perfected.

Scout executive Karl F. Green said today that "hundreds of scouts and other boys" will welcome the news today. He voiced the thoughts of council leaders in declaring that "high water or muddy water in the Slippery Rock often keeps the boys from getting their usual swims."

Full Approval Given

The scout council voted its full approval to the project after leaders had presented it.

After the vote, Nicholas R. Casillo, leading scouter here, spoke of the safety features of the new pool.

Construction, it is hoped, will start around May 1.

Remembering the valuable work in Scouting here by the late J. Lee Calahan, a peerless leader of boys former Lawrence council executive many of Mr. Calahan's friends have suggested that the pool be erected as a memorial to him.

PEACE REIGNS IN CANADIAN STRIKE

ment's declaration that relief would not be given the strikers, Hugh Thompson, CIO organizer, announced at last night's meeting that the United Automobile Workers of America would see that strikers and their families were fed and clothed.

Despite its 3,800 strikers, a city more quiet than Oshawa today would be difficult to imagine. Strikers are not making their unemployed presence obvious in the streets.

Some strikers were moving about the General Motors plants in picket groups, but during the night these were reduced to the merest skeleton, two or three in front of each door or gateway.

NAZARENE CHURCH CONVENTION HERE TO BRING CROWDS

(Continued From Page One)

Akron, O. Four years ago it was conducted in New Castle.

In addition to the people of the district there will be delegations attending from Texas, Kansas and and other states.

Rev. and Mrs. Frank Lehman of the local Church of the Nazarene are making the preliminary arrangements. Housing the delegates is one problem occupying their attention just now.

Return Verdicts In Court Cases

Week's Cases In Civil Court Are Concluded—Damage Award Of $9,225 Made

All cases on the list for this week's civil court have been cleaned up and no court will be held until Monday when the second week's calendar will be taken up in the Lawrence county court house.

Several verdicts were returned late Thursday. A verdict of $9,225 was returned for Mrs. Edith S. Mott in her case against Mooney Brothers. The suit was for $50,000 for the death of Dr. B. M. Mott in December 1936 on the Wilmington Road. Dr. Mott was killed when a truck of the Mooney Brothers collided with a car driven by Frank Mott.

Edward Sullivan was awarded $457.50 in his case against the Merit Oil Company. This grew out of an accident in April 1936 in which Sullivan's car was hit by a truck of the defendant.

Leon W. Huff was awarded $87.76 in his case against Leonard B. Reinhart and Reuben Rubenson doing business as the Castle Garage. This grew out of an accident in which Huff was hit by a car owned by the garage company.

MEMBERS BUILD CHURCH

(International News Service)

VANCOUVER, B. C.—The congregation of the Danish Lutheran church has reverted to pioneer customs and is erecting a new building with volunteer labor. Nearly all work on the church, which will be a one-story, stucco building, will be done by members.

MEDICAL AUXILIARY HEARS GOOD TALK

Women's Auxiliary of the Lawrence County Medical society and several guests, including Doctors H. C. Harper, W. A. Womer and Donald H. Eckles, were privileged to hear an authoritative address on 'Socialized Medicine" by Dr. Walter F. Donaldson of Pittsburgh, Thursday afternoon.

The meeting, which was attended by some 50 guests, was held in the Moody avenue home of Mrs. W. G. Eckles. Many other clubwomen, presidents of the various groups, augmented the usual number. Receiving with Mrs. Eckles were cohostesses Mrs. H. C. Mitchell, Mrs. E. C. McComb, Mrs. C. F. McDowell, Mrs. David Perry, Sr., and Mrs. Lumen Popp.

Dr. Donaldson is state secretary of the American Medical association and his message, besides being informative, was most interesting.

Music was furnished by Arvo Aho, violinist, accompanied by Jane Bryan. Selections greatly enjoyed included: "Andante Cantabile" oy Tschaikowsky, "Siciliano" and "Rigandon" by Kreisler.

Afterwards, tea was served in the dining room from an attractive table centered with spring flowers. Mrs. H. C. Harper, the president, and Mrs. John Foster poured.

Q. A. C. Club.

Members of the Q. A. C. club met with Mrs. James Flynn on Edison avenue Thursday evening for a social time. Bingo provided the main diversion, and at the close of the contests, prizes were presented to Mrs. John Logue, Mrs. Frank Borio and Mrs. Harry Pitnoff.

The guests were seated about the dining room table for the serving of a lunch later in the evening. The hostess used appointments in keeping with the season, yellow and white prevailing. Mrs. Frank Borio aided.

On April 22, Mrs. Ross Bevans of Lee avenue will entertain.

TALLY-HO BRIDGE GIRLS ENTERTAINED

Mrs. James Cooper, Maryland avenue, was a pleasing hostess Thursday evening to members of the Tally-Ho Bridge club, the event marking their bi-weekly gathering

Bridge claimed attention, the players sharing competition with one special guest, Mrs. Walter Van. She received a lovely hostess gift, and for high score, Miss Mabel Smith was awarded the trophy.

In concluding festivities, the hostess served a very delicious lunch at the small tables, which were prettily re-appointed in the season's suggestions. She was aided by her sister, Mrs. Walter Van, with the menu.

Miss Dorothy Love, Pearl street, will entertain on Thursday, April 29.

Colonial Club

Gathering in the home of Mrs. Andrew Sarbo, 110 Euclid avenue, Colonial club members were charmingly entertained on Thursday evening.

Cards and social chat were the pastimes of the evening. Card prizes were awarded to Mrs. Nick Terreri and Mrs. Pat Scarazzo. Club token was won by Fannie Manto. At an appointed time the hostess served dainty refreshments. Special guests were Mrs. Felix Thomas and Mrs. Anthony Roscietti.

In two weeks Mrs. P. G. Marotti, of Cunningham avenue, will entertain the group.

Luncheon Affair

Luncheon at one o'clock Thursday, in the home of Mrs. Lee Whittacre at East New Castle, was a pleasure for the E. N. C. club.

Mrs. J. A. Weingartner and Mrs. Sarah Davis were special guests. After luncheon hours were spent with a variety of contests with Mrs. I. A. Lytle and Mrs. Clarence Johnson the winners.

The next meeting will be in Mrs. Johnson's home at East New Castle April 29.

WHYLE-AWAY CLUB LUNCHEON GUESTS

A prettily appointed 1 o'clock luncheon featured the gathering of Whyle-Away club associates Thursday afternoon in the home of Mrs. J. R. Oldfield, Butler avenue. Tones of yellow and white, were attractively used in all details, and in serving the menu, the hostess was aided by Mrs. E. H. Fehl. Mrs. J. J. Henicheck of Butler, Pa., was the only out of town participant.

Bridge filled in the balance of the afternoon, with smart favors going to Mrs. David Fisher and Mrs. J. R. Oldfield for top honors. The former also carried off the traveling award.

Mrs. J. W. Campbell of Chestnut street, invited members to her home for their next afternoon assembly.

SUB JUNIORS AT DONNA JEAN BELL'S

Miss Donna Jean Beall was hostess to Sub-Junior Woman's club Thursday evening.

During the business meeting a committee was appointed to nominate officers of the club for the coming year. Louella McBride, Dorothy Mellinger, Charlotte Withers, Grace Bell, and Marian Bergland are the girls on the committee.

Every one present was asked to give a current event and this, plus a vivid discussion of each item, made up the program.

The next meeting on April 22 will be for the election of officers, the place of meeting yet to be announced.

Miss Richards Hostess

Dorcas class members of the First Congregational church met recently in the home of Miss Hanna Richards, Winter avenue, for their regular session. Miss Cecelia Hughes, led the devotional period, and the business hour was in charge of the teacher, Miss Richards, in the absence of the president.

After planning many interesting events for the future, a social time was enjoyed with various contests taking place. Those receiving prizes were Misses Cecelia Hughes, Elizabeth Reese, Melvina Davies, and Mrs. Clarence Klingensmith.

Appointments were carried out in yellow and white, in the menu served at a late hour. Places were laid for twelve guests, and the hostess had as aides with the tasty menu, her mother, Mrs. Mary Richards, Miss Lena Richards and Mrs. William Mulcahy.

Mrs. May Sweet of Hamilton street, will receive members for their next meeting, Tuesday, May 4.

Israel Sisterhood

Monday evening at 8 o'clock in Tifereth Israel synagogue, South Jefferson street, members of Tifereth Israel Sisterhood will gather for their monthly meeting. Hostesses will be Mrs. S. A. Ginsburg, chairlady; Mrs. Harry Rosenberg, Mrs. Jacob Wolfe, Mrs. Harry Wolfe and Mrs. Simon Cohen.

Saturday

Night Hawks, Mr. and Mrs. Frank Millison, Darlington road.

M. B. W., Mrs. M. Bender, Ray street.

Kupple Kard Klub, Mr. and Mrs. Ernest King, Thorpe street.

QUIET WEDDING IN WITHERS HOME

A very quiet but impressive wedding ceremony took place at the home of Rev. and Mrs. R. B. Withers, Garfield avenue, Thursday evening, at 6 o'clock, when Miss Anna Jane Withers, daughter of the late Mr. and Mrs. Thomas Withers, was married to Lawrence E. Frew, son of James H. Frew, of Ellwood City, R. D. 1.

The single ring service was used with the Rev. R. B. Withers, cousin of the bride, officiating.

The bridge was attired in a blossom blue knit suit, with hat and other accessories to match, and a harmonizing shoulderette. There were no attendants.

Following the ceremony, a lovely dinner of beautiful appointments was served by Mrs. Withers and Mrs. Jean Valentine, aunt of the bride.

The young couple will take up their residence in their newly erected and furnished home in Ellwood City, R. D. 1.

BRIDE AND GROOM HONORED AT PARTY

To do honor to Mr. and Mrs. Thomas Carrigan, nee Esther Tartler, a miscellaneous shower was tendered them Thursday evening, at their home on Porter street.

Lovely gifts were received, and after they had been opened and admired by the recipients and guests, bingo was played. Prizes fell to Miss Mary Burke, Mrs. Thomas Carrigan, Mrs. Eva Sherry, Mrs. Thomas Lynch and Miss Nell Carrigan.

A lovely lunch was served with the assistance of Mrs. Joseph Carrigan and Mrs. Edward Mulcahy. Out of town guests participating were Miss Hilda Tartler, of Chicago, Ill., and Mrs. Walter Biberich, of New Wilmington.

AMITY CLUB WILL HAVE BANQUET SOON

Plans were furthered for a mothers-daughters banquet to be held on May 19 at a recent meeting of the Amity club held in the home of Miss Yolanda Carney, Gilmore street.

Cards and social chat were the popular pastimes, the prize going to Miss Ida Casacchia. Featuring the event was a shower honoring the birthday anniversary of one of the members, Miss Mary Bullano. At an appointed time the hostess served dainty refreshments to conclude a delightful occasion.

In two weeks Miss Mary Frank, Seventh ward, will entertain the group.

W. B. A. Guard Club

Women's Benefit Association, Review 98, Guard club, held its regular meeting in the home of Mrs. L. M. Glitch, Neshannock avenue. Mrs. Emma McKissick was co-hostess for the evening.

Following a short business session, the members joined in a tournament of 500. Prizes for high scores went to Miss Anna Rae and to Mrs. Helen Dunlap.

Next meeting will be on May 13 in the home of Mrs. John A. Earl, West Washington street extension, with Miss Anna Rae as assistant hostess.

ANNIVERSARY DINNER AT MAHONING GRANGE

Third anniversary of Mahoning Valley Garden Club was celebrated Thursday evening, with a dinner at 6:30 in Mahoning Valley grange.

Fifty members sat down to an excellent menu of delicious chicken and accompaniments. Special guests sharing were Mrs. George Hudson, Sr., and Miss Alice Kelso.

The tables were very beautifully decorated by a committee composed of Martha Matthews chairman, assisted by Elma Robinson, Elizabeth Wallace, Vera Cox, Mrs. Davis and Mrs. W. G. Wilkins.

Mrs. C. S. McCullough presided over the regular meeting which followed. A reading was given by Mrs. Wilkins on dahlia culture which had been prepared by Mrs. W. C. Mechem. There was also a very interesting play entitled "Yardley Argument" by both Mr. and Mrs. Wilkins. It was thoroughly enjoyed by the group.

It was decided to hold the next meeting at the home of Mr. and Mrs. Eli Byler, at Parkstown Corners, with Mrs. W. N. Robison and Edna Robison associate hostesses.

This meeting on May 10 will feature and exchange of perennials with everyone bringing a favorite plant.

MOTHERS-DAUGHTERS BANQUET AT WESLEY

Mothers and Daughters of Wesley M. E. church will be honored at a banquet to be given in the church, Thursday evening, May 13.

The affair will be given under the auspices of the W. C. B. class which made plans at the regular meeting last night in the home of Mrs. Charles Anderson, West Washington street. Other details will be completed on the afternoon previous to the banquet when a meeting will be held at the church.

Devotionals for April's regular meeting were conducted by Mrs. George Edwards, following which the group heard a very interesting article entitled "Life Everlasting" by Mrs. John Mottinger.

A delightful solo was contributed by Mrs. Ellen Pilshaw and the business period was conducted by the president, Mrs. Ecker Brown.

W. W. M. G. Committees

Regular meeting of the W. W. M. G. Class of the Third U. P. church, was conducted on a recent evening, in the Truth Seekers Class room of the church, with Mrs. Robert Vorous, presiding. Plummer Gibson was appointed attendance secretary at this time.

The usual business was discussed, the first part of the period being carried out under the retiring president, Ernest King and the last of the meeting was in charge of new president, Miss Kathryn Newbury.

She appointed as her committee this year, the following: Special arrangement committee: Mr. and Mrs. Plummer Gibson, chairmen, Mrs. Earl McConnell, Mr. and Mrs. Floyd Smock and Mr. and Mrs. Clarence Boston. Flower: Mrs. Robert Vorous and Mrs. Ernest King. Entertainment: Misses Margaret Bowers, Ella Bailey and Mary Patterson: Ways and Means: Miss Elma Badger, Claire Alford, Miss Helen Kyle and Leroy Book. Membership: Ernest King, Mr. and Mrs. Guy Gwin, Earl McConnell and Mrs. Clayton Bryan.

A social time brought the evening to a close, with refreshments being served.

Tuesday, May 4, the group will meet in the home of Miss Newbury, on Garfield avenue.

D. O. F. Club

Members of the D. O. F. club gathered at the home of Mrs. Margaret Pearl on Galbreath avenue, Thursday evening, for an informal time. They played cards and chatted, and at the close of play, favors were given to Lou Ambrose and Mrs. Dorothy Vago.

Songs were contributed by Mrs. P. Camuso and Virginia Marcel, the latter also giving a special dance number. Mrs. Lucille Davis was a visitor. In serving a nice lunch, the hostess was assisted by Virginia Marcel.

In two weeks, April 22, the next meeting will take place at the home of Aggie Veri, Lutton street.

P. F. F. Club

Mrs. Fred Conzett of West Washington street, received the P. F. F. club Thursday evening, for the regular two table of 500. Prizes went to Mrs. Harry Buckley and Mrs. C. Patterson.

Luncheon, attractively arranged in seasonal appointments, was served by the hostess and Mrs. Buckley. The next meeting takes place on April 22, at the home of Mrs. Edward Fee, West Washington street.

Alma Broadhead Circle Dinner

Next Monday, 6:30 p. m., the Alma Broadhead Circle of the First Baptist church will have its annual dinner and business meeting in the church dining room, arrangements for which are in charge of Mrs. Ed. McKibben.

Sewing Circle Change

Members of the 1936 Sewing Circle will meet next Wednesday evening, April 14, instead of Thursday evening, with Mrs. Anthony Peluso, Blunston avenue.

SHOWER HONORS MARRIED COUPLE

About 30 neighbors of Mr. and Mrs. E. W. Winter of the Youngstown road, gathered surprise fashion at their home Tuesday evening, in honor of the marriage of their son Edward Jr., to Miss Loreen Brown, of Akron, O.

The marriage took place March 26, 1937, at New Cumberland, Va., with the Rev. C. K. McDivitt Jr., officiating.

A number of useful and beautiful gifts were received by the young couple. After the shower, the guests spent an informal evening and a delicious lunch was served.

LADIES OF LIONS TO HEAR DR. PERRY

Ladies of the Lions will have the April meeting on Tuesday evening, the 13th, at the home of Mrs. N. F. Vidal, Fairfield avenue, instead of with Mrs. C. J. Streib, as previously scheduled.

The meeting will be in charge of the president, Mrs. R. F. Conway. Dr. David Perry will be the guest speaker.

Willing 'Vorkers Class

Mrs. Thomas Lloyd, of Electric St. with Mrs. Thomas Griffith as her associate hostess, welcomed the Willing Workers class to her home Thursday evening.

Mrs. Griffith conducted the devotional service. Later dainty refreshments were served by the hostesses, assistd by Mrs. Jack Thomas. The class prize was won by Mrs. Lloyd.

The next meeting will be on the second Thursday of May.

Present Recital

Kathryne Nessle Allen presented some of her pupils in a very pleasing piano recital Thursday evening, which was heard by a large number of parents and friends in the First Christian church.

Miss Margaretta Hess was the soprano soloist, rendering her selections with much finish and charm.

Pupils participating were: Jean Wadding, Betty Smith, Donna June Allen, Jane Stoddard, Betty Lou Hall, Barbara Hamil, Barbara Fischer, Justus Gilfillan, Mary Eleanor Shoaff, Mary Eagelson, Mary Biddle, Betty Smith, Peggy Weir, Ruth Weir, Polly Butz, Kazia Welhousen, Lois Robbins, June Shelatree.

Ushers included Mrs. Margaret Whieldon, Mrs. Julia White, Miss Ruth Weir and Miss Isabella Johnson.

NO HARM IN PURE AIR

SOME people have been worrying about imagined bad effects of air-conditioning. They have feared that humans who spent most of the time in air-conditioned buildings would be easy victims of germs and smoke and fluctuating temperature when they went outside.

All this worry is needless. An air-conditioning engineer declares it would be impossible with present building types and air-conditioning methods to produce air so sterile that it could have any effect on the human race over a period of years.

As a matter of fact, we are not going to seal ourselves indoors and stay there most of the time. If a person has been enabled, by means of proper air-conditioning, to have a good night's rest and sleep during a summer heat wave, he should be better able to go about his normal activities outdoors next day without suffering sunstroke.

AND WE CALL THEM "QUAINT"!

Pennsylvanians have long regarded their neighbors among the "Plain People" of the central and southeastern counties as "quaint". Clinging to the garb and speech of their ancestors pioneers in some of the most flourishing farm countries of the nation, they have attracted the attention of novelists and story writers in search of something different.

Now it appears that these people have retained something besides the garb and speech of their ancestors, a pride in self-sufficiency. A delegation from the East Lampeter school district in Lancaster county carried all the way to Washington their protest against a federal proposal to grant the district a loan of $66.250 for a new schoolhouse.

Said the bearded spokesman for the delegation:

"We won't borrow money, and we hate to accept gifts. What if the government should decide this money ought to be paid back? Where would we be then?

"Furthermore, if we want a new school, we'd build it ourselves and pay cash for it. We would not be coming to the PWA."

Isn't it a striking commentary on our times that we call self-supporting people "quaint"!—Harrisburg Patriot.

HALF CENTURY OF THE I. C. C.

The Interstate Commerce Commission, as it enters upon its fifty-first year, has amply justified its creation and the great expansion of its activities. Its original jurisdiction was confined to the railroads and those water carriers which shared transportation directly with them. The commission of five then had 38 employees. There are now eleven commissioners and 2173 employees, whose salaries amounted last year to $5,745,000.

Total expenditures for the commission between 1887 and 1907 were only $5,100,000. Its budget for the present fiscal year is a million dollars more than was spent in these two decades. This enormously increased outlay has been necessitated by the great growth of railroad systems, bringing fresh problems of regulation, the additional duties imposed on the commission by congress and the extension of its jurisdiction to include motor trucks and buses.

Bills before congress would place complete regulation of air transport, except for safety rules, under the commission, and give it wide powers over traffic on waterways, both internal and coastwise. The Federal Communications Commission has relieved the I. C. C. of its duties with regard to wire and radio services.

A threat to the semi-judicial function of this oldest of independent government agencies is contained in the president's reorganization plan. Its usefulness in the past has been largely dependent on its freedom of action within rules prescribed by congress. Its rulings have not always appeared to be in the public interest, and at times have borne heavily upon the railroads.

But the probity and impartiality of the Interstate Commerce Commission have been generally conceded. It would be unfortunate, to say the least, should this valuable agency, after a half century of efficient service, be put directly under presidential domination.

NATION'S REAL NEED

Declaring that what "We need is an old-fashioned congress more than a new-fashioned court," Democratic Congressman Samuel B. Pettengill of Indiana made the following comment as to supreme court decisions of a week ago.

Congressman Pettengill's statement follows:

"Monday's decisions by the supreme court show that if congress and state legislatures were to use the same care in drafting bills as they expect courts to use in interpreting them, very few acts would be declared unconstitutional.

"The original Frazier-Lemke bill was declared unconstitutional. A new act carefully drawn to meet the objections of the court was held constitutional. Both decisions were unanimous and the decision in each case was written by Justice Brandeis. This answers the charge that the court is deliberately bent on 'blocking' legislation.

"It is unfair to the court and to the stability of democracy to make the court the residuary legatee of sloppy, half-baked bill writing. If the country knew the way things have been done they would place the blame where it originated.

"The experienced men in the legislative drafting service have been pushed aside; their advice disregarded, and attempts to have the constitutional door locked by seasoned lawyers before the horse was stolen have been poohpoohed by sophomores intent on instructing Chief Justice Hughes and his associates on the law.

"It is time to stop blaming the court for the mistakes of amateurs. The real conflict has not been between the court and congress. It has been between the court and down town bill writers who have no responsibility as legislators and who never carried a precinct. It is time for congress to reassert its constitutional function and insist that its scores of seasoned lawyers do what the people sent them here to do.

"We need an old-fashioned congress more than a new-fashioned court.

"I have long felt that the main objectives of social reform can be secured by state and federal law within the constitution. If there be need of transferring additional power to Washington let the people say so in the way the constitution provides."

If a poor man arms himself and steals what he needs, it's a crime. If a nation does it, it's expansion.

Women have better memories. What man can remember that Sue married a second cousin of the man who married Bill's first wife?

The Parent Problem

By Garry C. Myers, Ph. D.

OBEDIENCE IS PROBLEM

"DEAR DR. MYERS: I read your articles every day with a great deal of interest and benefit. I notice how broadminded and tolerant your views are...

"My eleven-month-old, 27-pound son likes to get in the refrigerator, pull dishes off the table, get into the clothes closet, push all movable furniture around the living room. ...He knows what I mean when I say 'No'...We live in a small apartment. There is no room for a play pen, by the time we get his bed, walker, buggy, etc., into it. I have been saying 'No' when he gets into the refrigerator and then as punishment putting him to bed. Of course this has to be done several times a day. Don't you think he is old enough to be taught to obey? What punishments, if any, should I use? A couple of spanks aren't successful, as he thinks I'm playing. I realize he must do something, but I don't want him to grow to be a pest by the time he is two years old"

My reply was about like this:

I do try hard to be sympathetic, for I know how hard most mothers try to guide the little child well, and I feel happy when my readers indicate that they believe I am sympathetic

You are right in wishing your baby to learn the meaning of 'No".

All Of Us

By MARSHALL MASLIN

"GIVE OVER YOUR WEEPING NOW, MOTHER"

I am grateful to Ruth Draper for her intelligence.

I am grateful for her gift of laughter.

I am grateful for her understanding of the human heart.

And I am inexpressibly grateful for one line I heard her speak the other evening.

Before our eyes Ruth Draper became an old Irish mother, sitting in her tumbledown house, chattering about her one daughter that was still at home, of her two daughters that had gone from Ireland and were living in "Boston, Mass." shouting to the pig, and telling her visitors of her only son that had been killed in the war.

He was a grand lad and he could not wait to be going off to the war and he never forgot to write his old mother in Ireland. . . . But there came a dreadful time of silence and no letters from her boy far away at Gallipoli where mothers' sons were dying so cruelly. . . . She worried greatly but mostly she worried about whether he were living or whether he were dead. There might be a measure of peace in her mother's heart, could she but know that.

So she prayed that she might know and suddenly her son appeared to her, and though there was a great wound in his side he smiled at her. But though he smiled she knew her son was gone from her into death and she wept bitterly for her loss and could not stop till her lad smiled again and said:

"Give over your weeping now, mother, or my wounds will never heal."

For those words I thank Ruth Draper, great actress. For there is so much weeping in this world and so much of it is our own self-pity, so much is grief for being left alone—and so little of it heals the great wound in the mother's grieving heart.

Our dear ones pass from us, and we mourn for them. But as they lived, so must we others live, and we must make our broken selves over and live bravely again. Or the wounds will never heal.

That old Irish mother obeyed her son and never wept again. She did not mourn him less, either, in the bright noon or the dark of the night, but she stopped her bitter tears and lived proudly as the mother of that dear son.

Just Folks

By EDGAR A. GUEST

AGE AND CHANGE

Keep pace with time and cry us down
Who have our little brief renown
And try so hard to hold it fast
Believing it was meant to last.

We who have come to middle age
With comfort now would dress the stage
And live untroubled and serene
Today as we have set the scene.

We shall resent the change you bring,
The lines you speak, the songs you sing,
And as your dramas shall unfold
We'll cry: Much better were the old!

But you keep on! Tomorrow's ways
Will better all our yesterdays.
Keep pace with Time and Change and find
The truth to which our age is blind.

Hints and Dints

Sun sets tonight 6:31. Sun rises tomorrow 5:31.

There always seems to be one big job for the courts to work with. Some years ago it was the bootleggers and still operators. Now it is the drunken drivers and suits for damages for automobile accidents. Divorces seem to be the least trouble as no one gets sent to jail, in fact they get free.

An Ohio jail is called a "seive" because more than a hundred prisoners have escaped from it. It sounds more like a hole in the wall than a seive.

In Pittsburgh the Home Owners' Loan Association is selling 122 pieces of property by the sheriff route at one crack. If that organization gets to keep all the property it sells it will own a lot of land. Many have been sold out in Lawrence county so far. The World At A Glance

England Interested In Court.
Newspapers Feature Battle.
Get Letters From United States.

By LESLIE EICHEL
Central Press Columnist

AN AMAZING AMOUNT of interest is being taken in England concerning the supreme court fight in the United States.

The Manchester Guardian Weekly devotes and entire page to letters from the United States on the subject, in addition to comments in England.

Among those who comment are Alexander Baltzly, professor of history at New York university. He remarks: "It is quite genuinely an issue between the will of the electorate and the opinions on public policy of a group of judges—able and honest, but unrepresentative—acting as lawmakers."

Another who comments is M. R. Werner of New York, who says: "Congressmen have their ears to the ground busily at the moment, and it still remains to be seen whether they will approve or destroy the president's proposals. If they approve, we shall hear again that they are bought, and if they destroy, they undoubtedly will be hailed as patriots by the 90 per cent of the press which was opposed to the re-election of President Roosevelt."

* * *

CONTRARY VIEW

On the other hand, Julius F. Sandrock of Baltimore, remarks: "The British press seems to regard lightly what we on this side of the water regard with the greatest gravity. I refer to the current effort to change our national courts. ...Submission of a constitutional amendment as provided for would be the orderly and honorable method of approach."

But Don P. Mills, an attorney of Cleveland, believes otherwise, for he says: "The thing that really infuriates those American tories who seem to think that they have a vested interest in a reactionary majority on the supreme court is the fact that the president has found a constitutional method of re-establishing the balance between the legislative and judicial powers of government...To deny the president's mandate from the electorate is fantastic."

Finally, A. C. Gochnauer of Charlottsville, Va., asserts: "No one who thinks could believe that President Roosevelt, after receiving such an unparalleled endorsement of his plans and purposes by popular vote, would allow a court out of touch with present-day needs to continue to make void so much that he does by a narrow-minded and antiquated construction that shelters privilege and monopoly at the expense of humanity."

One turns to the American papers to get "anti" letters.

* * *

BLUM

England remains a sounding-board for world movements everywhere.

Thus this comment in the Manchester Guardian concerning Leon Blum, French premier, is important as indicating strengthened ties between Britain and France:

"The rapidity with which the French National Defense loan has been subscribed has made a deep impression here. It is interpreted as revealing great national unity in France and confidence in the Blum administration.

"When M. Blum took office last June there was considerable distrust of him here, and great anxiety lest France should be plunged into a series of crises so severe that she would be incapacitated from playing her full part in Europe. The distrust of M. Blum was rapidly overcome, but the fears felt on behalf of France, although they grew smaller, persisted until now. They have now vanished.

"There is a growing tendency here to regard M. Blum as one of the great post-war statesmen of Europe, though such a judgment will, of course, have to await the confirmation of time. Belief in France as a stable power and as a great power has not been as strong for years as it is now."

FASCIST POWER

Incidentally, British military officers are urging that the British government arrogate to itself complete Fascist powers for wartime purposes. The military men say that an unregimented, fear-stricken populace in London and in other large centers of England would prove easy prey for enemy airmen. The English do not take kindly to these suggestions—especially since the military would be in complete control of certain matters even prior to wartime. Besides, the British believe that war may be dodged—if enough warships and airplanes are built.

The World AND THE Mud Puddles

HOW THEY RAMBLE

There are a lot of goofy scientists, near scientists and those who are called distinguished in some line or other parading their ideas about,

"Shoes and ships and sealing wax
And cabbages and Kings."

Dr. Louis Dublin is the latest one to contribute to the hodge-podge. He is the distinguished insurance statistician. The Doctor says the population of the United Sates is decreasing so rapidly he expects to see it down to 75,000,000 very soon.

He blames Margaret Sanger, birth control propagandist, for most of this condition. But Margaret had the last word saying:

"There are more people in the country now than can be taken care of. How about the 8,000,000 unemployed?"

Dr. Dublin comes back and says that the fact that 3,000,000 of the country's 11,000,000 working women are married also has something to do with the drop in the birth rate.

I wonder if the learned Doctor has ever lived among the Mexicans, Portuguese, Italians and Swedes, who have immigrated to this country. There are a lot of them and they multiply rapidly. No, I think the Doctor has had a limited view of the situation.

"My men know their duties and when it comes to performing them, they have no friends. Their own brothers could not escape the price for negligence, carelessness and recklessness on the highways.

The Parent Problem

By Garry C. Myers, Ph. D.

(Continued From Page Four)

He knows that you do not quite mean "No" when you say it. Not until it implies pain, if unheeded, will your teaching be effective. Putting him in bed is too slow in effect. Besides, you don't want him to associate his bed with discomfort.

Begin With One or Two Things

Begin with one or two things he must not handle. Bare his bottom and give him several lusty slaps every time he touches them. Let there be not a single exception. Having said "No" don't ever give it as a warning or try to intercept him in respect to that particular act. Say "No" just once as he gets the pain. If it really hurts he will not think it play; and don't cuddle him after spanking. You see, the problem is to connect pain with the specific act forbidden so well that it will itself become repellant rather than attract and will automatically be avoided. Work on just a few things first; merely intercept in case of others. Gradually teach their avoidance later. Have scores of things he can do with pleasure.

MOVIES BOOM IN SWEDEN

(International News Service)

STOCKHOLM—More than $43,000,000 kronor were spent on amusements in Sweden's major cities in 1936, or 10.5 per cent more than the preceding year. The major part of this sum or 26,000,000 kronor was taken in by the motion picture theaters. Dramatic and concert performances and sports events accounted for $9,300,000 kronor and the balance was collected for other entertainments for which an amusement tax is demanded. Stockholm showed a 13 per cent increase in the amount of tax collected. Gothenburg eight per cent and Malmo, Sweden's third largest city, 12 percent.

Former Barbara Hutton Supports Mrs. Simpson

By JAMES E. BROWN
International News Service Staff Correspondent

(Copyright, 1937, by International News Service.)

PARIS, April 9—Mrs. Wallis Warfield Simpson, the woman for whom a king of England abandoned his throne, found a staunch supporter today in another glamorous figure of wealth and romance—the Countess Von Haugwitz-Reventlow, formerly Barbara Hutton of the five and ten cent store fortune.

"Every woman," said the countess, "has the right to a life of her own."

The countess arrived in Paris after a lengthy stay in Egypt en route to London to attend the coronation of King George and Queen Elizabeth.

She received this correspondent in the sitting room of her luxurious hotel suite and the first question, naturally, was what she thought of the royal romance of Mrs. Simpson and the Duke of Windsor.

Answers Swiftly.

Her answer came swiftly and without hesitation. Her mind may have gone back to her own romance and marriage to the late Prince Alexis Mdivani—a romance that also was subjected to the pitiless glare of publicity from its inception to its end.

"I know Mrs. Simpson very well," the countess said. "I have met her several times, but I do not expect I shall see her while I am in France on this occasion.

"As a matter of fact, I did not even know she had gone to the Chateau De Canne until you told me.

"You see, I do not read many newspapers, any more."

The countess, slimmer and looking younger and more vivacious than ever, seemed more anxious to talk about her baby than anyone else. She put a hand to her slighly rumpled hair.

FINE TRIBUTE GIVEN TO REV. FR. S. IPPOLITO ON HIS ANNIVERSARY

(Continued From Page One)

and one whose untiring efforts have resulted in one of the finest churches in the city.

The honored guest was stunned as he walked into the cleverly arranged room, after being out of town. Following a brief congratulatory period, the Rev. Fr. Ippolito pronounced grace and a luscious spaghetti dinner and all the trimmings was served. For the event, the committees filled the room with blue and white streamers extended across the room. The tables were decorated with a profusion of roses and candles. Adorning the front of the place set aside for the Rev. Fr. Ippolito, was a beautiful bouquet of roses and a large cake with 25 candles. It was an ideal setting for a silver jubilee.

Marobito Speaks

James Marobito, president of Unione Calabro-Americana Poeta Franco Berardelli, one of the most active members of the church, and general chairman, opened the program with an appropriate address. After paying tribute to his pastor as a man who has been responsible for the betterment of Mahoningtown, Mr. Marobito introduced Angelo J. Casacchia, toastmaster of the evening.

"We are assembled here to honor a plain but true and faithful servant of the Lord who has spent the past 25 years performing his sacerdotal duties faithfully. Twenty-five years ago the honored guest looked forward with great pride to the festivities of 25 years later. Here, 25 years later, he is surprised by people who have known him," the toastmaster said in his opening remarks.

Mr. Casacchia called the Rev. Fr. A. P. Sholtz, pastor of St. Margaret's church, Mahoningtown. The neighboring priest, like the preceding speakers congratulated the honored guest and termed the Rev. Fr. Ippolito, "a faithful laborer who has worked hard for 25 years and one of the finest priests I know. We have reason to rejoice and congratulate him. It is a fitting tribute to the Seventh ward and one that shows faithful loyalty."

The Rev. Fr. V. V. Stancelewski, pastor of St. Phillip-James church, the next speaker, termed the occasion a sincere sentiment of the Italian people. "Rev. Ippolito's hard labor is a monument to the community; his duties could not be remunerated. He is cultured and above all a gentleman," the speaker said. The Rev. Fr. Stancelewski ended his address in a novel manner, reading a congratulatory speech in Italian.

Toastmaster Casacchia then presented the Rev. Fr. S. Anuskiewicz, assistant pastor of St. Vitus church, who complimented the honored guest and congratulated the parishioners and friends for their wonderful secret prepa[illegible]ions. The Rev. Fr. Capitan, pastor of St. Michael's church, in his brief speech, offered felicitations of the day.

"He is well deserving of the tribute bestowed upon him," the Rev. Fr. E. R. Szelong, pastor of Madonna church of Oakland, said. After urging the parishioners to cooperate with the Rev. Fr. Ippolito, Rev. Szelong introduced Miss Marie Dutkiewicz, who featured with two vocal numbers. Miss Dutkiewicz's presentations were among the highlights of the event.

Rev. DeMita Speaks

The dean of the Italian priests in this diocese, the Rev. Fr. Nicholas DeMita, pastor of St. Vitus church, one of the principal speakers, was introduced. Looking at the honored guest, the Rev. Fr. DeMita extended his congratulations and complimented the committees for the elaborate arrangements. "Everything you have done, you have done with all your spirit and feelings to show appreciation for all the work your pastor has done. You have marked a day—his day of ordination 25 years ago—which he shall never forget. You have brought memories of the day when a bishop made him an agent of the Lord. Although you do not know it, you are not only observing a silver jubilee but today marks the 25 years of existence of your church," the Rev. Fr. DeMita said.

In an interesting manner, Rev. DeMita gave a synopsis of the history of St. Lucy's church, telling how he planted a seed that later became a fruitful tree that grew into a big thing. "Six years ago another co-operative came along and re-planted and today you have you understand—your church, a new church, a beautiful adifice and an honor to Mahoningtown," the Rev. DeMita related in Italian. He closed his address by complimenting the congregation for the steady progress and wished the Rev. Fr. Ippolito a golden jubilee.

The many sacrifices of the Rev. Fr. Ippolito were told by the Rev. Fr. N. Pirulli, pastor of St. Lawrence church, Hillsville, the next speaker. "These sacrifices resulted in the beautiful church you have. Remember his sacrifices. He has been faithful with you, a grand man and a true friend," the Hillsville priest asserted.

In behalf of the parishioners of St. Lucy's, toastmaster Casacchia presented Rev. Ippolito with three useful gifts, chalice, burse and surplice.

Rev. Ippolito Speaks

The honored guest accepted the gifts and responded with an inspiring speech, partly in English and Italian. He brought out the fact that he was much surprised, and thanked his parshioners feelingly. He closed by giving a brief history about St. Lucy's. This marked the close of one of the grandest testimonial dinners held in the Seventh ward in some years.

The Rev. Fr. Ippolito was born at Sant Arsenio, Salerno, Italy, September 28, 1889, and was educated at Collegio Leoniano Anagni, Italy. In 1910, he was made Doctor of Philosophy and Doctor of Sacred Theology at the Royal University of Naples, in 1912. He was ordained April 8, 1912. He received diplomas in Paleography and Diplomacy in 1915 and 1919, at Regio Archivco of Naples. During the World war, he served in Italian army, Sanitary Corps. He came to America in 1921 and became a United States citizen in 1926. Upon his arrival here, he was appointed pastor of San Bernardino church, Mt. Pleasant, 1921-22. He then became pastor of St. Lucy's church. In 1931, he built the new church and rectory.

The committees in charge of the affair were as follows:

Executive—James Marabito, general chairman; Louis Colella, Frank Marchionda, Louis Ezzo, Harry Dattilo, Frank Forcucci, Bart Lombardo.

Kitchen—Mrs. James Morabito, Mrs. Louis Colella, Mrs. Joe Bengivengo, Mrs. Nick Mastroddi, Mrs. Mary Ezzo, Mrs. Bart Lombardo, Mrs. Frank Forucci, Mrs. Harry Dattilo, Mrs. Harry Dattilo.

Dining room—Gertrude DeMase, Lucy Tommelleo, Barbara DiVivo, Jennie Zumbella, Julia Augustine, Anne Felia, Margaret Pecano, Josephine Lambiasi, Frances Lambiasi, Edith Lombardo, Margaret Lombardo, Mildred Russo, Sally Rainey, Mayme Pappeli, Rose Leone, Inez Calvanese, Helen LaMarco, Christina Perrotta, Rose DeGennaro, Alma Mastroddi.

Throughout the evening, the following played appropriate selections: Don Pecano, Roger Pecano, Vito Colella, Albert Colella, Helen Nocera, pianist, Domenick Rouzzo.

Out of town guests included, Angelo DiMatteo, Antonio Pecora, Antonio Mangieri, Filippo D'Amato and Guiseppe Bosco, all of Pittsburgh.

Labor Unions To Rally Saturday

Lawrence County Host Will Plan Coming 'Victory Celebration'

CALLED BY HEADS OF MANY GROUPS

Delegates representing all labor unions of Lawrence county and many fraternal and poltical groups in and around New Castle will convene in a conference on Saturday, April 10, at 2 p. m. in the Wallace building, headquarters of the Trades and Labor assembly. In view of the fact that the labor unions, particularly in steel, clothing, metal and food, have in recent months grown in membership at such a rapid pace, the rally is expected to be the largest representative meeting of labor ever held in the county.

The primary purpose of this progressive gathering will be to plan a county-wide "Victory Parade and Celebration," to mark the forward strides of labor, and the note gains made in improving the conditions of the workingmen in industry. Outstanding among the achievements of labor is the signing of the agreement with the Carnegie-Illinois Steel corporation, which guarantees them union recognition, the 40-hour week and increases in pay. Among the other unions that have made gains in recent period are the Cement Workers union, the Amalgamated Clothing Workers, the truck drivers, and the WPA workers.

The Saturday conference has been called by a sponsoring committee of local labor and progressive leaders, among them Ray Cutler, president of the Cement union; Dave Clement, president of the New Castle works, Union lodge, A. A. I. S. & T. W.; Harry H. Davies, president Shenango lodge; Rev. S. J. Walker, president Workers' Alliance; Ralph Audino, president Brotherhood of Railway Clerks and Richard Morganti, president International Machinists union, and others.

Chimney Fire Causes Alarm

Firemen Summoned To Grandview Avenue, Outside City, For Blaze At Noon

When the chimney on a home on Grandview avenue, outside the city limits in Union township, burned out at 12:25 this afternoon, the occupants of the home became alarmed and called firemen. One of the trucks from Central station was sent to the scene and on arriving found no cause for the alarm.

Firemen received a called from box 514 at 2:45 this morning but were unable to find any fire in the vicinity.

At 2 o'clock Thursday afternoon, firemen were summoned to the home of F. H. and H. F. Steinbrink of 106 East Reynolds street, where there was a fire smouldering on the cellar wall, just beneath the floor. It was extinguished without any damage to the home.

Tree planting in Wisconsin in 1936, by state and county agencies, resulted in a record of 8,750 acres being returned to forest.

CCC Registration Ends On Saturday

Camp Boys Will Be Transported Immediately Following Exam Thursday

Announcement was made today that Saturday is the final registration day of juniors for enlistment in the CCC. J. W. Moorehead, director of selection for Civilian Conservation Corps, urges all young men interested in going to camp to file their applications tomorrow.

It was announced that next Thursday morning will be examination day in the Armory, West Washington street, starting promptly at 9 o'clock. Galon B. Harris, Captain Infantry Reserve, 3305th Company CCC, of Burgettstown, will conduct the physical examination. Camp boys will be transported immediately following the examination to Burgettstown, it was announced.

It doesn't take a new law or an Amendment to stop industrial violence, but only a word from the President.

Senior High School Students Vie Today For District Honors

Several Local Entrants At Pennsylvania Music And Forensic League Contest

Representatives from the local high school at the Pennsylvania Music and Forensic League, Northwestern District contest, being held today and tomorrow in Grove City high school, were fewer in number this year than in previous contests. According to Joseph Replogle, music instructor of the school the following persons comprising the male quartet of the school will perform today: Ben Jenkins, Clifford Proctor, Joseph Proctor, and Dick Cramer. They will be accompanied by Kenneth Farver, at the piano.

At the session tomorrow the following students will take part: Rodney Williams in a trombone solo, Sara Nitsche, soprano solo; Fred Riley, tenor solo; and Ben Jenkins, baritone solo. Also scheduled for tomorrow are the following group of students from Miss Elsie McGeorge's public speaking classes: Jack Ligo, oration; Marjorie Vaughn, poetry; and Virginia Mariana, doing the works of Shakespeare.

Winners at this district contest will be eligible for the state elimination which is scheduled for Altoona on April 23 and 24. According to Professor Replogle the national contest, is this year, scheduled for Columbus, O.

Given as the reason for not entering more students in this contest, Professor Replogle, states that due to the fact that the music department is now concentrating all of its energy on raising funds for new uniforms for the band members, and as these contests entail the expenditure of quite a bit of money, the local school voted to remain out of the contests as much as possible.

The board will take up regular business matters at the "Y" session.

Thieves Take House Right Off Of Lot

(International News Service)

LOS ANGELES, April 9.—Thieves who robbed Mrs. E. S. Melugin made a good job of it, police admitted today.

Last February Mrs. Melugin bought a lot, on it she built a house. When she went to inspect the new home, it was gone.

Neighbors said five men drove up in a truck, took the house apart and carted it away.

Drunks Ordered To Chop Wood

(International News Service)

State Police To Probe Buildings For Fire Hazards

Governor Earle Orders Rigid Inspection Of All State Institutions

(International News Service)

HARRISBURG, April 9—Gov. George H. Earle today ordered the state police to conduct another sweeping investigation into the commonwealth's institutions "to determine what has been accomplished in remedying the deplorable fire and safety hazards."

He directed Maj. Lynn G. Adams, superintendent of the state police to head the investigation.

A similar investigation was made by the state police last February when the governor charged many of the institutions were over crowded fire traps, throwbacks to the "dark ages."

A $60,000,000 building program under the general state authority to correct many of these evils remained in mid air as administration leaders sought means to finance it.

"I have also asked all department heads having state institutions under their direction in any way to cooperate with the state police in this investigation," the governor said.

ALGOMA CLUB MEETS ON THURSDAY NIGHT

Plans for opening Algoma camp were made on Thursday night when members of Algoma club gathered for their monthly meeting at 208 East North street.

The group discussed various ways of beautifying their camp during the summer months. Plans were also made for the next meeting to be held in the home of James Elder, New Wilmington junction, on Saturday April 17. The event will be in the form of a party.

It's a tough spot, Mr. President. If you don't check them, they'll go too far; if you say anything, they will think you an enemy.

The great obstacle to social justice is each man's fear that any reform would be made at his expense.

Argentine Opens Fight Against Social Disease

Health Certificate Must Be Presented To Secure Marriage License

(International News Service)

BUENOS AIRES—New measures aimed at the reduction of social diseases in Argentina are now under consideration by Congress.

One of the Bills now under Congressional consideration will oblige all intending brides as well as bridegrooms to present health certificates at the registry office when they go to be married. If the certificate shows that one or the other of the parties is suffering from any social disease, the registrar will be required by law to refuse to grant a license.

The other Bill will totally outlaw prostitution. "The Oldest Profession in the World" has been practised hitherto throughout Argentina under Government and Municipal license, the licenses having been obliged to present themselves twice weekly for medical examination. From the day the new law comes into force, prostitution will become a punishable offense, the proposed punishments being differing terms of imprisonment, with penal servitude at Ushuia (Argentinas' Island) for panderers.

What this country needs is two new parties: the "We've-got-ours-ans" and the "Let's-get-ours-ocrats."

Japanese Cooks Face Health Test

(International News Service)

TOKYO—Physical examination of all cooks and stricter inspection of vegetables has been decided on by the police.

This is part of the program towards safeguarding the health of visittors in Tokyo for the 1940 Olympics. In the past no attempt has been made by authorities to examine the physical conditions of those who work in the kitchens. Frequent reports that certain places in Tokyo have served unfit food and used unsanitary equipment have been made.

Plan To Decorate Public Buildings For Coronation

(International News Service)

LONDON, April 5.—There will scarcely be a single public building in England which will not be decorated and floodlit on May 12, coronation day for King George and Queen Elizabeth.

In London most of the noted buildings and public monuments will be specially illuminated for more than a week, including Buckingham Palace, St. Jame's Palace, the National Art Gallery, the Tower of London, Westminster Abbey, and the Houses of Parliament.

EAST BROOK

PATHFINDER SOCIETY

The Pathfinder society of the East Brook U. P. church held their election of officers after their regular meeting on Sabbath evening. Those elected are as follows: President, Norma Hall; vice president, Sammy Patterson; secretary, Shirley McMichael; treasurer, Eleanor Pettit; pianist, Bernice Edie. The next meeting will be held at the home of Eleanor Pettit with Jack Houston being leader.

TRIP TO PITTSBURGH

The sophmore class of the East Brook high school took an educational trip to Pittsburgh on Saturday, April 3. A number of places of interest were visited during the day.

CHURCH SERVICES

East Brook U. P. church: Sabbath school at 10:30 A.M.; Mrs. Dorothy Smith, superintendent. Morning worship service at 11 A.M.

East Brook M. E. church: Sabbath school at 10 A.M. Morning worship at 11:00 A.M. with Rev. Fraedenburgh in charge.

Y. C. U. INSTALLATION

On Sunday evening, April 4, in the East Brook U. P. church, Rev. Matthew Gilliland, pastor of the Mahoning and New Bedford U.P. churches, installed the new officers of the Senior Y. C. U. Rev. Gilliland used an impressive candlelight service during which the retiring officers lighted the candles of the new officers, and they in turn, lighted smaller candles in the hands of the congregation.

Fitting remarks were made by Rev. Gilliland. Charles Cornman, the retiring president, and Margaret Jameson, the new president. The new officers are: President, Margaret Jameson; vice president, Neal Edie; secretary, Frances Bowden; treasurer, Charles Cornman; pianist, Edith Cornman. Mrs. Dorothy Smith was appointed superintendent of the Intermediate Y. P. C. U.

COUNCIL MEETING

The New Wilmington District Young Peoples' Council met Monday evening, in the New Wilmington United Presbyterian church. The special speaker was Rabbi Diamond of the Temple Israel of New Castle.

Rev. J. Ralph Neale, pastor of the New Wilmington church installed the newly elected officers.

A very enjoyable social time followed the meeting. The next regular meeting will be held Monday evening, May 3, in the Rich Hill Presbyterian church.

HOME ECONOMICS MEETING

A meeting on "Kitchen Improvement" was held Monday evening in the East Brook M. E. church by Miss May Vogle, home economics extension representative. Twenty-two were in attendance. Slides were used to illustrate various phases of remodeling and labor saving devices.

TEACHERS AND OFFICERS MEETING

The teachers and officers of the East Brook U. P. Sabbath school met at the home of Mrs. Dorothy Smith recently. This was the first meeting of the new year. The elected officers for the ensuing year are: Superintendent, Mrs. Dorothy Smith; assistant superintendent, Delbert Maxwell; secretary, Janet Houston; treasurer, Raymond Maxwell; pianist, Jane Walton. The meeting was in charge of Mrs. Smith and teachers for the primary and intermediate classes were selected. Plans for the new year were made at this time with the following superintendents being appointed: Missions, Mrs. Margaret Huston; home work, Mrs. James Burton; temperance, Willard Bowden; cradle roll, Mrs. Emma Boyles.

CLASS MEETING

Mrs. Boyd Stunkard and Mrs. Neal Edie will be joint hostesses to the members of the Helping Hands class of the East Brook U. P. church when they meet on Tuesday, April 13.

Italo-Argentine Treaty Signed

(International News Service)

BUENOS AIRES, Argentina—A new Italo-Argentine trade treaty has been signed here containing a most favored nation clause and an agreement on the subject of payments.

The Argentine agrees officially to release foreign exchange equivalent to the value of the Argentine products bought by Italy, less an annual sum reserved for the payment of external debts.

Italian imports will be freed from the 20 per cent surtax to which they are now subjected.

In return, Italy agrees to facilitate payment for imports from the Argentine and will grant quotas for Argentine products up to 460,000 lire (about $24,500,000), to cover chiefly wheat, maize, wool, meat, hides and cotton.

The treaty will enter into force as soon as it has been ratified.

We are told the method doesn't matter if the result is good, but the kaiser said that when he marched through Belgium.

Students Reveal Strange Hobbies

(International News Service)

McMINNVILLE, Ore.—Searching for unusual doorways may not seem too interesting to the average person, but that's Bob Venemon's idea of a big time.

Venemon is a member of the sophomore class of vocational guidance at Linfield College. He not only searches for peculiar appearing doorways, but photographs them from unique angles.

Several other members of the class reported similar hobbies, including the study of wallpaper by Ruth Wachsmith, who has corresponded with manufacturers and experts for more than a year. She has compiled an unusual collection which she calls "Wallpapers of Other Days."

Other studies included "Winter Life of Insects," "Old Locks and Keys" and the "History of Samplers."

Indians Fish For Gold In Canada

(International News Service)

VANCOUVER, B. C.—Fishing through the ice is common in Canada, but fishing for gold is a new delevolpment.

Fountain Ranch Indians, on Fraser river north of Lillooet, have made up to $8 a day by the method during the winter. They use long-handled shovels to scoop up rich gravel, through holes in the ice. It could not be obtained during the summer because of swift currents, except with expensive machinery.

Bar Daredevils At Niagara Falls

New Crop Seeking Fame By Foolhardy Stunts At Niagara Falls

MANY DIED WHILE ATTEMPTING FEATS

NIAGARA FALLS, N. Y. April 9—Maybe a "sudden death" pamphlet would head off daredevils who think they can ride over Niagara Falls in a barrel or swim the treacherous Niagara whirlpool.

It was Police Superintendent John A. Curry's idea. He suggested the warning circular illustrate some headstones in Oakwood cemetery here, where are buried many who died attempting stunts at the falls.

"That might do more to stop them than anything else" Curry said.

With the advent of spring the annual deluge of applications from daredevils throughout the world for permits to perform stunts with the famed cataracts as a background has begun arriving.

And city officials, led by Mayor W. Levell Draper, said today they expected to go through "the same old gestures" of denying all such permits.

It was 15 years ago that the first official vote was made to prohibit such stunts.

Maxwell M. Thompson, then Mayor, issued an edict declaring Miss Eleanora Yelding, 17 year old English girl, would not be permitted to carry out her announced intention of walking across Niagara gorge on a tight rope.

Barber In Barrel Killed

Announcing his decision, Mayor Thompson, referred to Chas. Stevenson, a barber of Bristol, Eng., who was killed two years before when an oak barrel in which he went over the Horseshoe Falls smashed on the jagged rocks.

Mayor Thompson declared the city, instead of gaining favorable publicity, got only unenviable criticism. Since then city officials here and in Niagara Falls, Ont., have declined to sanction such stunts.

Some recalled today that the prize-winner of all applications was from a youth in the West who announced he had perfected a device which would permit him to walk up the American Falls.

He never arrived, so details never were explained.

Some want to repeat the old stunt of riding the falls in barrels or rubber balls. Others would negotiate them in canoes or boats of special design, and still others think a slide suspended by their teeth on a wire stretched across the banks would win fame.

Capt. Webb Buried There

In "the foolkillers' plot" in Oakwood cemetery are buried Captain Mathew Webb, who died trying to swim the whirlpool rapids in 1883, Carlisle D. Graham, first man to go through the whirlpool rapids in a barrell and live, in 1896, and Annie Edson Taylor, first person to go over Niagara Falls in a barrel and live, in 1901.

In another part of the cemetery, is buried Maude Williard, who died trying to negotiate the whirlpool in a barrell during the nineties. She made her trip in a barrel through the rapids with her pet dog. When the barrel was caught in the whirlpool the dog pressed its nose to the air hole and Miss Willard smothered to death.

Jean Lussier, who negotiated the Horeshoe Falls in a rubber ball, is still alive and declares he will repeat the feat with a new ball of more modern design.

Bobby Leach, who rode the Horseshoe Falls in a crude barrel, by a queer twist of fate died in New Zealand of injuries suffered when he slipped on an orange peeling on a sidewalk.

Somerset county authorities are bewildered by the "pranks" of one Eugene Field, aged 26, of Pittsburgh, who has been doing the darndest things since he asked for a night's lodging in the jail. A short time after he was placed in a cell he attempted to set fire to the building, his jailers charged. He was removed to the county home and hospital for observation, but escaped from there. He was recaptured. Then his next trick was to stuff the keyhole of his cell to prevent officials from entering. When they finally forced the door they nabbed Fields as he was sawing the bars from his cell window. A straitjacket was then put into use but Fields pulled a real Houdini and was out of the jacket within a few minutes and entertaining the other inmates at the home with card tricks. Somerset county officials have asked Allegheny county to relieve them of the eccentric character.

"Please judge," asked Norman Weiss, aged 28, in court at Chicago yesterday, "may I go out in the hall and see my wife?" The judge said yes, and with tears in his eyes Weiss went. Judge Rudolph Desort waited patiently on the bench. He was to sentence Weiss for burglary. But Weiss must have forgotten. He didn't come back.

James A. McGowan, former Prospect burgess of hitch-hiking and whistle tooting fame, has returned home after a four-months sojourn in California. He didn't thumb his way on this trip; made it by bus. According to Mr. McGowan, the ordinarily sunny state of California has just passed through one of the most severe winters in its history. "And," he adds, "I am mighty glad to get home."

When counsel informed the Butler county court that a settlement had been reached, the case of Raymond Clouse and his father, Edward Clouse, of Middle Lancaster, against Thomas A. Gilkey, a New Castle civil engineer, was suddenly terminated. The terms of the settlement were not divulged. The case had sprung from an accident on the Perry highway at a point near Middle Lancaster on March 1, 1935, when Raymond Clouse, II, was struck by the Gilkey automobile and seriously injured. The case had been on trial before Judge John H. Wilson.

Miss Katherine McConnell has resigned as superintendent of Greenville hospital and Mrs. Mary McBride Wigmore has been elected to her place. Miss McConnell is retiring from active hospital work and will make her home with her sister, Mrs. G. W. Black, Mantua, O.

When the car operated by Ossie Payne, 20, colored, of Friendship street, New Castle, and a machine operated by Stanley Michalski, 23, of Farrell, sideswiped on the "S" hill between Farrell City park and Bobby's Corners, two persons went to Buhl hospital and three others were given treatment for minor injuries. John M. Hallick, 19, Corry, a hitchhiker who was getting a ride in the Payne car, received a fractured jaw and a possible fracture of the skull. Cornelius Wright, 20, colored, East Division street, New Castle, also in the Payne car, received a fractured wrist and lacerations on the face. Rev. Walter Robson, Farrell, passenger in the Michalski car, Michalski and Payne escaped with minor hurts. The New Castle car knocked out a highway post and turned over three times, coming to rest at the foot of a 12-foot embankment.

Uruguay Reports 500 Pound Woman

(International News Service)

MONTEVIDEO, Uruguay—One of the fattest women in the world was admitted to the hospital here today for treatment. She is only 20 years of age, but she already weighs nearly 500 pounds and is reported to be still gaining at the rate of half a pound a day. Uruguayan doctors plan to remove some of her fat by operation.

The patient had to be transported from her hometown in northern Uruguay to Montevideo in a freight car, as it was found impossible to get her through the doors of railroad coaches.

SEEKS GOLD MINES IN ARGENTINA

(International News Service)

BUENOS AIRES, Argentina — Howard Clark Davis, American mining millionaire, today announced plans for development of gold mines in the mountains dividing Argentina from Chile.

Mr. Davis, here on a visit, said his engineers would start work soon in a region where scores of old Indian gold relics have recently been found.

AMERICANS ARE ARRIVING FOR CORONATION

Thousands To See Ceremonies

Expect 150,000 Americans Will Be In London On May 12

SEVENTY VESSELS CARRY VISITORS

By DAVID P. SENTNER
International News Service Staff Correspondent

LONDON, April 9.—In this, the 161st year of the independence of the United States, Americans will have more to do with the coronation of King George and Queen Elizabeth than people of any other country outside Great Britain.

Vanguard of the A. C. E. F. (American Coronation Expeditionary Force) is coming in, in seven liners, flagships of 70 vessels of the coronation armada which will bring 150,000 Americans, largest of the foreign contingents.

Headed By Lady Astor.

Headed by Lady Astor, the American-born peeresses who will attend the ceremony in Westminster Abbey May 12 include: The Countesses of Granard, Lancaster, Berkeley, Denbigh, Galloway, Moray and Portsmouth; Ladies Decies and Sysonby; Baronesses Calthrope and Vestey; Viscountess Lee of Farsham, and the Marchioness or Ormond.

Altogether, 26 American-born peeresses are likely to attend the coronation.

They are other Americans living in London who will be among the leading participants in the dazzling series of social events.

American Firms Aid.

Floodlighting of all London's chief buildings, chief beauty feature of the coronation, is in the hands of several American firms, which secured the contracts in competitive bidding.

The lighting spectacle will be the greatest ever known, with 120 square miles to be brilliantly illuminated, stretching from the pool of London in the east to Hampton Court in the west, and from Croydon in the south to Hampstead Heath in the north.

An American air-conditioning system was installed in Westminster Abbey to keep the delicate duchesses from fainting during the ceremony lasting more than two hours.

NOT MUCH CHANGE

The farmer had watched the motorist working on his second-hand car for about an hour.

"What are you looking at?" asked the motorist. "Is this the first motor car you ever saw?"

"No," was the dry reply, "but it's very much like it."

A New Yorker proudly boasts he has mailed more than 70,000 letters to editors. He must wait a bit, though, for his congratulations. Postmaster General Farley is in Europe.

COVER OF CORONATION PROGRAM

This is a reproduction of the cover of the official British coronation program. More than 50,000 copies of the program have been shipped to the United States and will be sold for the benefit of the King George jubilee trust, founded in 1935. The top of the cover is a copy of the British coat of arms.

Senate May Probe Gift From Ball To Institution

WASHINGTON, April 9—The announced gift by George A. Ball of his extensive holdings of Midamerica Corporation, controlling the huge Van Sweringen railroad interests, to a charitable, educational and religious institution, brought the promise of a senate investigation today.

Senator Wheeler (D) of Montana, chairman of the senate railway finance committee, announced he would "look into" the action planned by Ball. He also said that the interstate commerce commission should have been consulted.

At the same time, there was speculation here over the apparent fact that gift of the stock to the George and Frances Ball foundation, incorporated late in March, would permit the charity organization to sell the stock and pay no tax. If Ball sold the stock personally, the government would get something like 50 per cent of the selling price.

Attend Banquet At Butler, Pa.

Arnold "Fiz" Fraser, president of the Lawrence County Sportsmen Association and C. B. White of New Wilmington, secretary of the County Council, attended the Butler County Sportsmen banquet at the Sterling club in Butler last night and report a fine time. The speakers were Robert Lamberton of Franklin, Pa., and Charles French of Ellwood City, members of the state game and fish commission.

About 800 were seated at the banquet tables.

Passaic Men Hit New Tenpin High

(International News Service)

NEW YORK, April 9.—The Passaic, N. J., team of John Hogan and John Seebeck rolled 461, 407, 454 for a total of 1322 today to take the lead in the doubles event at the American Bowling Congress here.

The 1322 score topped the mark of M. Debridget and J. Smith, both of New York who had remained in first position since early in the tourney.

SWEDISH RAILWAYS SHOW BIG SURPLUS

(International News Service)

STOCKHOLM, March 18. — The 193 net surplus of the Swedish State Railways was 41,000,000 kronor, against 32,000,000 kronor in 1935. Only during the boom years, 1929 and 1930, did the railway administration show better results. The interest on the money invested by the government amounts to 33,100,000 kronor, leaving a net surplus of 7,900,000 kronor, of which 2,000,000 kronor is to be paid to the Grangesberg Mining Company, under the terms of the contract of that concern with the Swedish government. Axel Granholm is head of the railway board.

Vaudeville In Night Clubs Now

Leave Legitimate Stage To Show Off Before Mink-Clad Audiences

OLD TIME EATING PLACES ARE GONE

By O. O. McINTYRE

NEW YORK, April 9.—Thoughts while strolling: Lee Shubert is a white-haired boy now and no foolin'. Rememberer portraits: Ben Ali Haggin's of Mrs. Harrison Williams and Weyman Adams' of Dreiser. Sleighbell name: Linton Von Berkeldingen. Command to W. C. Fields: Get back on the screen, fela.

O. O. McIntyre

Simile: As embarrassed as a masseur with lumbago. Nobody can look at and not see you like one of those uppity theatre box office men. John Horgan features a dove gray shirt and a deep purple tie. Who remembers when fashionables went all the way to St. Moritz to ski?

Isham Jones looks more like a second baseman on the Keokuk team than a crack orchestra leader. Broadway's idea of a good cry: Listening to a wailing song by Belle Baker. Tough job: Warden Lawes who opposes capital punishment has had to watch 160 electrocutions.

Going over a hump in a buggy name: Jay Jerome Williams. Moon calf stuff: We know a young man who has never seen her picture nor knows what she looks like but is in love with Edna St. Vincent Millay. Sudden thought: Why not a Club of Those Who Loved Della Fox From Afar?

Sour rhyme: For tunes worth moochin' hear Eddy Duchin. Two Eddie Dowlings and both of the stage. And the two Pemberton boys from Kansas—Brock and Murdock. Phil Baker is plumping up. Rushing the season on West 41st: The World's Fair Grill opens for business.

The vanishing vaudeville so many have been wringing hands about appears not to have entirely evaporated after all. Indeed vaudeville turns are as thick as ever and are presented before the minkiest multitudes. Such as in the Rainbow Room, the sky high eyrie among the night clubs. Every smart nightery now features variety acts and the lads and lasses "at liberty" are beginning to dust off their spangles and look hopeful. Among the acts I noticed about town are these: The Olympic Trio, roller skaters on table tops; Rollo Pickert, eccentric drunk dance; The Kraddick Four, knockabout sailors; Afrique, impersonator; Hawkins and Arnold, song, dances and patter; Zingo, the comedy steed, and Edgar Bergen, the sensational ventriloquist. A list that sounds like a tear sheet out of an old time vaudeville program.

One of the enduring old time Greenwich Village table d'hotes avec vin compris seems to be Mme. Bertolotti's. Nearly all the restaurants of the Tiny Tim and Bobby Edwards era have gone save hers. Mme. Bertolotti is a steel-bespectacled, gray-haired lady who would appear at home rocking and knitting on the porch of a New England countryside. Or as the central figure in the Winter Garden's "Little Old Lady" number. Her attiutde toward the Village "children" is motherly. She has taken care of many now famous illustrators and writers during the lean, struggling-up days. And they often come back for a visit.

The cafe world still mourns the passing of the Colony's Ernest on his way to his Italian Villa last winter. He was half of the most famous catering combination, Ernest and Gene, both Italian, serving the most exclusive dining out set for years. They knew more about the social gradations than the Social Register and decorated their cream and pink little place accordingly. No one was ever turned away at the Colony but those who "did not belong" found themselves parked behind a bosquet of palms or a convenient post. If they didn't like it, they could leave or never return—which was the idea. Nothing makes a certain brand of New Yorkers so itchy to get in as to be unwanted.

Sydney Franklin, Brooklyn bull fighter is reputed to have made a cool million in his several years as a matador. He is to have one more season flourishing the cape and retire to his enormous Mexican ranch to breed ring bulls. Franklin whom Hemingway named one of the three most courageous bull fighters, began life as a magazine illustrator and was regarded by many as a bit of a sissy. All of which shows you never can tell. He is now on a trip to Spain with Hemingway. O, yes, he likes to knit.

Trigger stuff: Near the public library a double-deck bus drew up with a grind of brakes after knocking down a harried old gentleman. The victim finally sat up bewildered and exclaimed: "Where am I?" And according to Bide Dudley, a curb hawker stepped out and cried:

"Here you are, sir. Map of New York—ten cents."

AROUND CITY HALL

In the days of yesteryear detectives could go here, there, in fact anywhere in the city and they were not required to make a written report of their whereabouts. Nowadays every detective must make a written report of every case on which he works. A great deal of their unoccupied time is spent in their room in the city building annex. There is a private telephone between the police sergeant's desk and detective quarters and another telephone line which is connected with Bell central. A police radio is also installed in the room. All matters connected with the detective bureau are confined to the detectives unless there is a general alarm concerning something or someone, and then the information is given out to all of the officers.

Police cruiser cars respond to almost every fire alarm. For instance when Box 83 sounded from Mill street and Long avenue yesterday, Sergeant Marion J. Young flashed instructions via the police radio to a cruiser car to proceed immediately and investigate. Police keep back crowds and handle traffic. Private cars are supposed to pull to the right, stop and let fire equipment go by. The same applies to police automobiles when on emergency calls. All of the fire and police cars are equipped with sirens. However, police rarely use the siren, figuring that in case of a burglar alarm it would be a give-away.

Having voted a contract for a patrol to the J. R. Rick Motor Car company, the vehicle will be delivered as soon as possible and converted by city employes for carrier purposes. Seats will be placed in the patrol. The driver will be protected from prisoners by a heavy screen. There will also be a rear step on which police can stand and hold onto a railing when necessity requires.

The police motorcycle which was secured through money raised by a boxing bout here, is not in use. It has not been employed for months. It was one of the best machines that money could buy. It is not known when it will be put to use. Probabilities are that when weather conditions become more favorable for riding, the motorcycle will again become a piece of active police equipment.

It is believed that within the next couple of weeks Jack Thompson and Harry Reese, now undergoing training at the state police school at Hershey, will have passed their examinations, returned to the city and placed on active police duty. Thompson had several months experience prior to going to Hershey. Officers Williams, Price, Tewell and Sigler are products of the state police training system.

City of New Castle is bonded approximately $986,000, according to Finance Director James L. Fink, who announced today that the city will call in and pay off $100,000 worth of bonds May 1. The $100,000 worth to be redeemed, pay the holder 4½ per cent and it is anticipated that when the city issues $70,000 worth of bonds later this year to pay off some of the improvement certificates outstanding the city will save interest. The certificates now outstanding pay the holder six per cent. The proposed bonds probably will pay three per cent. At present there is about $205,000 in the sinking fund.

When Thomas Boyle, manager of The Castleton, requested council to install a traffic light at East Falls and North Mercer streets yesterday, Mayor Charles E. McGrath said there were about eight intersections where traffic hazards exist. Among those Mayor McGrath specifically mentioned are North street and Neshannock avenue and Falls and North Jefferson street. Some months ago Attorney Charles Mathews, representative of property-owners, requested that something be done to relieve the hazard at Wallace avenue and North Jefferson street.

City officials have no jurisdiction over unordained alleys, they stated during council meeting Thursday when a citizen asserted that the engine of some motor vehicles are permitted to run at all hours of the night to the annoyance of nearby residents. The city referred the gentleman to his attorney, declaring that this was a private matter in view of the alley not being ordained.

Police officers during the past two weeks have received complaints of boys having erected hoops for street basketball on poles and which protrude into the cartway. The police usually remove the hoops. However, they have no power to go on a privately owned plot and remove a basket. Youths of an athletic trend have been securing the consent of owners of vacant lots to put up their hoops which gives them a chance to play unmolested and with safety from speeding automobiles.

The police report for March shows six speeders and six reckless operators of motor vehicles having been arrested. This does not mean that only 12 violated the law last month. Speeding has increased here. There is considerable speeding in different sections of the city. It is far better for someone to pay a fine than for some parent to have the life of his child crushed out by a speeding automobile.

FOOT COMFORT FOR ALL WHO WALK OR STAND

Would you like to be able to stand all day or walk for miles without having your feet ache, burn or perspire? Would you like to have your feet cool, rested and comfortable? Will you make a one day test?

Simply go to your druggist and get some Ice Mint. Use it for one day and see if it isn't the greatest little package of "foot joy" you ever had.

Ice Mint prevents foot odors, keeps the feet cool and comfortable, relieves the stinging pain of corns and callouses and every person who has to walk or stand all day, will surely appreciate how good it makes the feet feel. Try it just once and give your poor, tired, burning, aching feet a real treat. You will like the way Ice Mint works and even new shoes will be as comfortable as an old boot. Just one day's use will prove it. Try it and see.

SENIOR HIGH SCHOOL NEWS

(Material Gathered and Edited by Student Reporters)

MANY BUILDING IMPROVEMENTS

During the Easter vacation there were many changes made in and about the school building. Principal Frank Orth's office suite was rearranged, and a number of partitions built in to aid in handling the business of the office force.

At the south parking space, to the rear of the building, posts were erected so that p pils would not use this space for parking their automobiles. Since basketball courts have been made in this location, it was impossible for the boys to play when the space was occupied with vehicles.

CHESS CLUB MEETS

Monday morning the newly organized chess club held its bimonthly meeting with President Edward Fortney presiding. Officers of the club include: Vice president, Edgar Francis; secretary, Jack Gaston; treasurer, Carmen De Lorenzo.

Teams were formed for inter-club games. The club is holding a tournament and the results so far show that Warren White is leading. The club has decided to buy sweater emblems. Plans are being formulated for a victory party to be held at the close of the coming tournament.

ESTABLISH NEW RECORD

A record was made in our library March 25, when the librarian, Helen Westlake, announced that 126 fiction books were in circulation over the Easter vacation. This is the largest number of fiction books that have been taken out any day since September 16, 1935.

FRENCH CLUB MEETS

Tuesday morning a meeting of the French club was held. The business session was opened by the president, Christina Perotta. After a short discussion of club affairs the meeting was turned over to Helen Love, who was in charge of this week's program. Catherine Genkinger called the roll and each member responded with a short comment on some famous French personage.

The meeting was concluded with the playing of French games under the supervision of Miss Kelley, the club advisor.

RECEIVE NEW BOOKS

Several new books have been received by the school library as a gift from the June class of 1936 of which Miss Elizabeth Parker was the supervisor. These books are some of the most popular books of the last few years. Among them is an autographed book of "Audubon," the great bird specialist, which was one of the best sellers of the past year.

The new books were on display this last week and will be put into circulation Monday.

SENATUS ROMANUS NEWS

The following persons became members of Senatus Romanus when the club met Friday: Conscripti, Robert Krempels, Estelle Waldman, Marian Hildebrand, Esther Jacobs, Jean Dufford; honorary, Lois Leddy, Marian Brown, Oliver Pisor, Marian Hughes, Dorthea Stewart, Warren White and Katherine Wilson.

On Wednesday evening a monthly party was held at which a good time was had by all in attendance. This was chiefly due to the efforts of Lorraine Hook and Samuel Davy, assisted by their capable committee. Plans are being made for another social in May.

The most important business discussed Friday was the trip to Pittsburgh, which is being planned. The members will visit the Cathedral of Learning, the Heinz factory, and other points of interest. Everyone is looking forward to this tour with pleasure.

TAG DAY PLANNED

Every morning this past week, April 5 through April 9, numerous meetings were held in different rooms of the building making definite plans for Tag Day. This day will be observed Tuesday, April 13, and the purpose of it is to give the town people a chance to solicite money for new band suits. New suits are needed very much by the band boys and a great effort is being made to secure enough money to purchase them.

The morning of April 13 approximately 600 students of the school will canvass the districts around their homes, and at 12 o'clock will report back to school.

The high school band will parade through the business district inspiring the people.

MOTION PICTURES SHOWN

A sound motion picture entitled "Steel" was shown to the students and faculty members on Wednesday evening by the Carnegie-Illinois Steel Co. There were two showings of the picture, one at 7:30 and the other at 8:30. These pictures which were shown at no admission fee, were of special interest to the students of the chemistry and physics departments.

Plane Disabled By Flock Of Swans

Four On Plane Have Close Call As Flock Of Swans Crash Into Plane

(International News Service)

TOWNSEND, Mont. April 9—A norwthwest airlines passenger plane with four persons aboard was partly disabled near here early today when it collided in midair with a flock of swans, returning north from their annual southland sojourn.

The impact forced the plane to return to the Helena airport for repairs.

None of those on board was injured.

Those on the plane were Pilot Reuschenberg and co-pilot Cox and Alex Warden of Great Falls, and William Manning of Helena, passengers.

Pilot Cox said:

"I felt a hard bump. The light bulbs all crashed. I discovered the plane was surrounded by a flock of swans. The birds crashed the left wing and the left rudder, causing the ship to sway. A turn control saved us from crashing. Two birds were killed each weighing about 12 pounds. The ship was traveling 150 miles an hour at the time."

Duke Of Kent As Best Man

Duke Of Windsor Asks Youngest Brother To Be Best Man At His Wedding

(International News Service)

LONDON, April 9.—The Duke of Kent, youngest and favorite brother of the Duke of Windsor, has been asked to act as best man at the former British monarch's marriage to Mrs. Wallis Simpson, the London Daily Mirror reported today in a dispatch from Tours, France.

The paper said the wedding will take place at the end of May, and that Princess Mary, sister of the Duke of Windsor, also has been asked to attend.

Buffalo Slayer Is Under Indictment

Plan To Arraign Thomas E. Smith, 18, For Death Of Ellen Babcock

(International News Service)

BUFFALO, N. Y., April 9.—The Erie county grand jury today returned an indictment charging three counts of first degree murder against Thomas Edward Smith, 18, "model boy" for the slaying of Mary Ellen Babcock, beautiful 18-year-old school girl on February 6.

The indictment charged him with the murder while "engaged in an attempt to commit the felony of rape upon the person of the said Mary Ellen Babcock."

Smith will be arraigned Monday.

Abolish War Profits Says Gov. Earle

(International News Service)

PHILADELPHIA, April 9.—To be prepared to keep out of the next war, the United States today "need only abolish war profits," according to Governor George H. Earle, who believes another European conflict "is inevitable."

"In fact," said the governor, "an undeclared world war is being waged in Spain even now. The same factors which led us into the holocaust are operating in our country today.

"If we can prevent the munitions makers and the steel trust from holding a pistol at Uncle Sam's head when war is declared and if we can prevent Wall Street from dictating terms to Washington, enthusiasm for war will die quickly and quietly."

Westminster Debaters Map 3000 Mile Tour

NEW WILMINGTON, Pa., April 9.—Westminster college debaters, clad in new "streamlined" blue and white flannel travelling suits, map out their 3000 mile invasion of the Middlewest, as Jack Harris, Aliquippa, debate manager, indicates the southern boundaries of the trip. After debating ten colleges and universities, they will returned to the campus April 17.

Standing, left to right, Charles Shaffer, Mahoningtown; Sidney Isenberg, Sharon; Jack Harris, and Rex Rowland, New Castle. Seated is Robert Henderson, Avalon.

Directs Students

C. STANTON BELFOUR

When 6,000 students from 300 Pennsylvania high schools compete in the music and forensic contest finals at Altoona on April 23 and 24, C. Stanton Belfour, assistant director of the University of Pittsburgh extension division, which sponsor the state Forensic and Music League, will be in charge as executive director. Seventy school bands, 60 choruses, quartets, groups, and individuals will compete in the two-day finals.

County Schools Place In Contests

Evans City Takes First Place For Class C Band At Grove City This Morning

GROVE CITY, April 9.—Representatives from 115 high schools in six counties are competing here today in the Northwester District Contest of the Pennsylvania Music and Forensic League. The winners will enter the state finals.

Six events took place this morning. Union township high school of Lawrence county took fourth place in the Class B orchestra, and Mt. Jackson high school took second place in Class C band, which event was won by Evans City.

Believe Dead Man Is Moran Of Stage Fame

Man Drops Dead In Ypsilanti, Mich., Had Only Few Cents In His Pocket

(International News Service)

YPSILANTI, Mich., April 9.—A man in a threadbare suit who dropped dead on the streets here yesterday today was tentatively identified by police as William Moran, one of the original "Two Black Crows."

Police were making determined efforts to establish identification definitely.

The man found dead here had only four thin dimes and three or four pennies in his pockets. Moran, at the height of his career as a member of Moran and Mack, the famous stage team, made thousands a week. His partner, Mack, was killed in an auto crash several years ago.

Warehousemen At Pottery Continue To Take "Holiday"

(International News Service)

EAST LIVERPOOL, April 9.—The unathorized "holiday" of 600 pottery warehousemen in this district continued today as strikers and officials of pottery manufacturers prepared for a conference this afternoon.

The National Brotherhood of Operative Potters, parent union, refused to recognize the walkout, which is in protest against recent wage agreements between the National Brotherhood and the United States Potters association.

The brotherhood was granted a nine to 15 per cent wage raise in the agreement which affects approximately 10,000 men. Strikers demand an 83-cent hourly rate.

Band Fund Campaign On Tuesday Morning

Leaders Perfect Plans And Report $25 More As "Advance Gifts"

Another $25 of donations from citizens was added today to the growing "advance gifts" of the senior high school band's new-uniforms-and-instruments fund.

Plans for a city-wide campaign on the part of nearly 600 senior high students on Tuesday morning, April 13, were being perfected today. The students will go from house to house and store to store from nine a. m. until noon in an effort to raise the needed $5,000.

Gifts today rere:

Haney's furniture store, $10; Dr. John McConahy, $10; John E. Elliot, $2; Harold Levine, $2, and H. H. Frank, $1.

Rev. Hauger To Be Speaker At Mission

The Rev. C. H. Hauger, pastor of the Croton M. E. church, will preach at the special 'Croton Methodist Night" service of the City Rescue Mission tonight. The mission, newly renovated, is celebrating a week of "public re-opening services."

Last night was "United Presbyterian Night" with the Rev. J. C. Fulton, pastor of the Plaingrove U. P. church, as guest preacher.

On Saturday evening and Sunday the Rev. C. A. Blackmore, superintendent of Erie's City Rescue Mission, will be the principal speaker.

IS IMPROVING NOW AFTER OPERATION

Mrs. Howard Cade, of Dewey avenue, received word today that her sister, Miss Pauline Ehart, who injured her hip in a fall, at Camden, N. J., was operated on at the West Jersey Homeopathic hospital at Camden, N. J., and is now doing nicely .

N. Y. World's Fair Bonds Are Now Two-Thirds Sold

Fair Which Will Open In New York During 1939 On Road To Success

(International News Service)

NEW YORK—Only $9,000,000 left to go!

Richard Whitney, chairman of the 1939 New York World's Fair volunteer bond sales committee, revealed today that $18,829,500 of the original $27,829,500 issue had been sold and that the remaining bonds would be gone very shortly.

Railroads, hotels, department stores, labor unions and working people themselves have taken the bonds with greater rapidity than even the committee dared hope for. The bonds start in denominations of $100 and a great many of these "baby" issues have been sold to men working on the Fair itself, as well as outside wage earners.

Heaviest contributors to date have been the railroads, hotels, department stores and certain business corporations. Meanwhile, work on the fair site is progressing so well, it was stated, that building construction work may start even earlier than planned although there are many formalities still to be reckoned with.

MINCING NO WORDS

LOUISVILLE, Ky.—"Extra! Extra! Read the President's speech." Federal Judge Elwood Hamilton was walking to his courtroom when the newsboy blared his announcement on President Roosevelt's address on court reforms. "Did he make a good one, son?" asked Judge Hamilton, a Democrat and strong supporter of the New Deal. "You bet," replied the boy, "he told those (blankety blank) judges where to get off."

Woody Gets the Rush Again

The militant pacifist, Woody Francis Hockaday, who would fight the next war on a "feathers-instead-of-bullets" basis, is shown as he was given what is vulgarly known as the bum's rush. He was calling at the Labor Department in Washington with the gift of a plucked chicken for Secretary Perkins, as a tribute to her ability to settle sit-down strikes. He didn't get to see Miss Perkins. The guards saw him first.

New Trial Refused To Two Dynamiters

(International News Service)

WILKES-BARRE, Pa., April 9.—Emerson P. Jennings, Wilkes-Barre civic leader, and Charles Harris, Scranton, convicted of dynamiting the automobile of Judge W. A. Valentine in 1935, Thursday were denied new trials by Judge Samuel E. Shull of Stroudsburg.

Both men face sentence of five to 10 years in Eastern State penitentiary. If sentence is imposed on two counts, they are liable to 10 to 20-year terms.

Bodies Of Missing Climbers Found

SANTIAGO, Chile—A search party has found the bodies of two of the missing members of an expedition of five who set out to climb Mount Aconcagua, (22,834 feet.)

The body of one, Senor Solari, was found at a height of 17,400 feet and the body of the other, Senor Freile, at a height of 19,500 feet.

One of the mountaineers, who arrived at the camp at 20,328 feet without news of his companions, was safely rescued.

Army Air Force To Stage Show In California

Will Give Demonstration Of War Strength, Will Defend West Coast

(International News Service)

WASHINGTON, April 9.—In a gigantic demonstration of its full war strength, the general headquarters airforce will rendezvous in California next month.

Simulating war time conditions, the army's air force will theoretically defend the huge Pacific coast area from attack by a foreign power.

The war department announced today the G. H. Q. airforce will concentrate on March field at Riverside, Calif., and Hamilton field at San Rafael, Calif., a total of 430 officers, 2,500 enlisted men and 244 army airplanes will participate in the demonstration of the nation's air strength.

Governors Will Visit President

(International News Service)

WASHINGTON, April 9.—Governors of the big industrial states will again carry their plea to President Roosevelt this afternoon for a substantial increase in relief funds.

Following up an earlier conference the president agreed to meet once more with Governor Lehman of New York, LaFollette of Wisconsin, Benson of Minnesota and Quinn of Rhode Island. Rep. McCormick (D) of Massachusetts will represent Gov. Hurley of his state and Gov. Horner of Illinois, also, will be represented.

Margiotti Able To Be Out Of Bed

(International News Service)

PITTSBURGH, April 9.—For the first time since he was confined to the Allegheny General hospital here to recuperate from injuries sustained during the first two Monaghan "third degree" torture trials, Attorney General Charles J. Margiotti was permitted to leave his bed and be up and around today.

His neck and shoulders were still encased in heavy bandages. It was thought he may be able to leave the institution tomorrow. He was injured when he subjected himself to Jiu Jitsu demonstrations during the Monaghan trials.

Bank Depositors Paid $11,505,000

(International News Service)

PHILADELPHIA, April 9.—Secretary of State Banking Luther A. Harr reported today that closed bank depositors in 1936 received $11,505,000 through liquidation.

Harr revealed in a preliminary statement sent Gov. George H. Earle that state banks increased their deposits by $213,234,829 during 1936 to $2,387,454,920, the greatest total within the last six years. The banks' resources totaled $3,090,474,094, an increase of $263,095,494 for the year, the report disclosed.

Dr. Harr's statement read, in part: "These figures speak for themselves in showing our state banks are in the best condition they have enjoyed for years and that they are moving forward to the time when they will be lending up to their normal ability, thereby taking full advantage of the widespread revival of business and industry."

File New Appeal For Mrs. Karmendi

(International News Service)

PHILADELPHIA, April 9.—Twice convicted and sentenced to death with Roy Lockard for the slaying of her three-year-old son, Matthew, Jr., Mrs. Margaret Karmendi of Altoona, today filed an appeal with the state supreme court.

In her eleventh hour effort to escape death in the electric chair, the woman sought to reverse the sentence imposed by the Blair county court of oyer and terminer. After her first conviction and imposition of the death penalty, Mrs. Karmendi was granted a new trial by the supreme court.

Meanwhile, Lockard, whose plea for a new trial was refused, marked time as the date for electrocution approached.

'Y' DRIVE TALLY REPORTED TODAY

Meermans Tells Board 800 Members And $1,400 In Cash Was Result

Close to 800 memberships, a cash payment approximating $1,400 and cash pledges of almost $4,200 was netted in the record-breaking membership drive of the New Castle Young Men's Christian Association which closed Wednesday evening.

At the first and closing report rally that night, the campaign's success was measured only in points—the workers, playing an imaginary football game, scored 2,325 even though their goal had been 1,800.

General Secretary Robert L. Meermans reported the campaign results to the association's board of directors at a noon meeting today. He told the directors it was one of the most successful the "Y" ever conducted.

Says C.C.C. Will Be Needed For Many Years Yet

(International News Service)

WASHINGTON, April 9.—There will be need for the Civilian Conservation Corps for "many years" to train unemployed youth of the country, its director, Robert E. Fechner, said today.

Urging enactment of the Black bill to make the CCC permanent, Fechner told the senate education and labor committee, that "industries and others do not want untrained youths just out of school."

Fechner said "it will be a long time before industry will absorb the 17 to 20-year-old youth, who is untrained."

High Tax Levy On War Profits Gets Approval

(International News Service)

WASHINGTON, April 9.—Federal mobilization of all industries in time of war and a high tax levy on war profits was approved by the senate military affairs committee today.

It reported favorably to the senate a bill sponsored by Senator Sheppard (D) of Texas, chairman of the committee, which would mobilize industry into a powerful war machine and levy a tax of 95 per cent on all excess profits above a previous three year period in time of war.

Senate Probe Of Labor Strife Is Proposed Today

(International News Service)

WASHINGTON, April 9—A broad senate investigation of the causes of the labor strife sweeping the country with a view to improving relations between employers and employes, was proposed today by Senator McAdoo (D) California.

The investigation was requested in a resolution which would authorize $10,000 for the inquiry and set up a special senate committee of five members to be appointed by the vice president.

Drake Co-ed May Now Be Married

Heloise Martin Fails To Appear For Advertised Appearance At Chicago Theater

(International News Service)

CHICAGO, April 9—Co-ed Heloise Martin, who jumped out of a showerbath into a stage contract, may have added a plunge into matrimony to her repertoire.

That possibility had theater officials in an uproar today as Heloise, due to open an advertised Chicago appearance, failed to show up. She wired from Buffalo that she was in a run-down condition and needed a rest. Her manager, however, was contacted in Buffalo, and said:

"She's no sicker than I am. I think she got married last night."

Theater officials turned next to Drake university in Des Moines, Ia., from which Heloise departed a while ago after fireworks occasioned by a picture of her snapped in a showerbath.

They found that Ernest (Bus) Bergman, Drake football player and reputed to be Heloise's fiance, had gone to Buffalo for a vacation. But Bergman had checked out of his Buffalo hotel last night.

Rev. C. G. Pollock Is Given Call

Will Be Graduated From Princeton Seminary—Called To Morrisville, Pa.

(Special To The News)

MORRISVILLE, Pa., April 9.—Clifford G. Pollock, 25, of New Castle, Pa., member of the senior class of Princeton Theological seminary, Princeton, N. J., has been called to the pastorate of the First Presbyterial church of Morrisville, it was announced today following a congregational meeting at the church.

Mr. Pollock will graduate from Princeton May 20. The call will be presented before the Presbytery of Philadelphia at a meeting the second week in May.

Hershey Plant Workers Back

Plant Resumes Operation In Full After Seven Day Idleness

NEGOTIATIONS ARE BEING RESUMED

(International News Service)

HERSHEY, Pa., April 9—As the Hershey Chocolate Corporation swung once again into capacity operation today, Ralph M. Bashore, secretary of labor and industry, announced renewal of negotiations between company and union officials would take place at 10 o'clock this morning.

As the workers streamed back into the main plant after a seven-day idleness, the negotiations planned to take up where they broke off last Tuesday, when CIO sit-down strikers took possession of the plant for the second time.

Conference Held

Bashore's announcement followed a conference at the plant's executive offices between company officials and state and federal labor meditators. Those attending were: W. F. Murrie, president of the company; Clarence J. Moser, state mediator; Ralph M. Bashore, W. C. Liller, federal labor department mediator; R. S. Crouse, secretary of the company and William H. Earnest, counsel for the Hershey interests.

No union representatives were present at the preliminary meeting although Moser was directed to notify labor representatives to be present at today's peace conference.

All day yesterday approximately 50 men and girls claimed to be CIO members picketed the plant in a drizzling rain. They left at nightfall but promised to be back today.

Following a "loyalty" meeting at the Hershey theatre yesterday, company officials announced that 1005 employes had signed pledges to work "in harmony and peace with employer and employes."

State Police, Patrol Endorse First Traffic School At Penn State

STATE COLLEGE, Pa., April 9.—Both the Pennsylvania state police and the state highway patrol are cooperating in the training school for traffic officers that the Pennsylvania State College and a number of state and national groups will conduct here for a two-week period beginning April 26.

"I am sending two men to attend the school," Maj. Lynn G. Adams, commander of the state police, told officials in charge of the school. "That should show what I think of the good work it can do in promoting traffic safety."

Two officers of the state highway patrol are taking an active part in the program. Capt. E. J. Henry, acting superintendent of the patrol, will discuss crime detection on the first week's program. Capt. J. G. McCann, formerly adjutant of the patrol and now assigned to the Greensburg district, is a member of the committee that has arranged the school.

Captain McCann and Attorney James McHugh, of the Department of Revenue, Harrisburg, will explain Pennsylvania's motor vehicle laws as part of the second week's course.

"I am of the opinion that this school is a very meritorious undertaking," Raymond E. Evleth, deputy secretary of revenue, wrote to Dr Ralph D. Hetzel, president of the college.

The traffic school has been endorsed also by such organizations as the Governor's Highway Safety Council, the Pennsylvania Chiefs of Police Association, the Pennsylvania Motor Federation, local American Automobile Association clubs, and the safety division of the International Association of Chiefs of Police.

Traffic officers' training schools similar to the one planned here have been conducted previously with considerable success at Northwestern, Harvard, Rutgers and other universities.

PILL SLAVE FREED FROM CONSTIPATION

A convincing tribute is paid to Kellogg's ALL-BRAN in this letter from Mr. F. C. Aminsen of Seattle.

"I suffered with constipation for many years and was compelled to use pills every night. Since I got your ALL-BRAN, it works fine. I was so deathly sick of taking pills. Now it is so different. Kellogg's ALL-BRAN works so naturally, and is pleasant to eat."

Inside the body, ALL-BRAN absorbs twice its weight in water, forming a soft mass that gently sponges out the intestines. It also supplies vitamin B to help tone the intestines, and iron for the blood.

You'll enjoy eating Kellogg's ALL-BRAN. As a cereal with milk or fruits, or in appetizing recipes. Two tablespoonfuls every day are usually enough — three times daily if needed. Sold by all grocers. Made and *guaranteed* by Kellogg in Battle Creek.

WASHINGTON AT A GLANCE

Urge Use Of More Textiles

Delegates To International Textile Conference Would Cure Sick Industry

ASK WOMEN TO WEAR MORE CLOTHES

Central Press
Washington Bureau
602 Times-Herald Bldg.

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, April 9—The delegates at the international textile conference in Washington stressed very strongly the thought that their "sick industry" (sick throughout the whole world) could most effectively be remedied if folk everywhere could be induced to wear more clothes.

Men as well as women were appealed to to add to their wardrobes which consist of textiles, of course, thus taking up the slack of mechanized overproduction.

Weavers, spinners, dyers, dressmakers, tailors, and the like, also were urged to exert themselves to turn out increasingly attractive goods—apparel absolutely irresistible either to the masculine or feminine fancy advertised in the newspaper or exhibited in show windows, the entire globe around.

* *

WOMEN CAN AID

Now, it is a fact that women can, if they choose, wear more clothes.

I had occasion to investigate textiles some years ago, when the industry was just beginning to sicken.

Experts assured me that feminine curtailment in the sex's requirequirements for fabrics of various sorts, necessary to protect and adorn its personnel, most materially had damaged the trade.

I can remember when voluminous balloon sleeves were the fashion. Today feminine sleeves are but skimpily worn. Waists have been chopped off much below the neck. Skirts have been abbreviated by from 12 to 18 inches per skirt. All this, taken in the aggregate, makes a big difference in the area of fabrics consumed.

* *

SMALL CHANGE IN MAN

Man, reckoned with as an individual continues to wear about as much, on any single occasion, as ever he did. He cannot do otherwise and keep warm.

It is a biological fact that a man cannot stand cold as a woman can.

Even in summer a man's minimum is not less than a woman's.

Taking the situation the year around he needs 25 per cent more clothing than a woman does.

She may crave more frills than he does, but he has to have more actual warmth. He cannot dispense with a vest in winter, or wear short pants. He would freeze to death. Imagine him in sheer stockings up to his knees or his chest exposed to zero weather

* *

UP TO WOMEN

Man, then, is the reliable consumer of substantial fabrics.

He has to have them or die of pneumonia. His wife can pile more on, if fashion demands more, or shuck half of them off, if fashion demands that.

He has to have a fixed quantity or perish.

* *

MAN WEARS HIS OUT

Woman has her system.

Her clothes, on an average, do not cost much.

A society bud's outfit may be costly, but not the average housewife's.

For example, my wife buys her dresses out of her weekly allowance, and I don't know it—except perhaps, that that week's allowance seems rather unduly heavy to me, but not enough so to howl over, MUCH.

When I buy a suit, however, it makes me ache.

Consequently a man doesn't do his ouying so often. He cannot afford to.

At least, he KNOWS that he cannot afford to.

His wife keeps pretty spruce on the family budget. He wears his clothes out to the last thread.

NOT OVERPRODUCTION

Thus it is not overproduction of fabrics that embarrasses the textile industry.

I need a couple of new suits and a dozen new shirts and quite a bit of accessories but I can't pay for them. I should guarantee that there are millions of us in the same fix—ever ready to relieve the sickness of the textile industry.

There isn't too much production to suit us.

There isn't enough—at our prices.

I don't care whether it's labor's fault of capital's.

Argentina Railroad To Be Rebuilt

(International News Service)

BUENOS AIRES, Argentina—The Transandine Railroad, linking Argentina and Chile, which was partially destroyed by a series of severe storms about six years ago, is to be set in operation again with funds supplied by the Argentine Government.

The railroad which climbs thru the highest section of the Andes mountains, has sent three owners into bankruptcy owing to the high cost of maintenance of tracks in the snowy hilltops. Part of the Argentine Government's plan is to change a section of the route to run through less exposed districts.

RAT SWIMS 1,000 MILES

(International News Service)

BELGRADE—A rat which must have swum more than 1,000 miles along the borders of the Black Sea and the Mediterranean was caught in a small coastal town of Bosnia, on the Adria. The animal wore a tiny ring marked with the date and place where it had been applied. It was revealed that students at Astrachan, at the inflow of the Volga river into the Black Sea had released it with that small marked ring, by order of Moscow University, to try an experiment.

Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

SHEEP FIELD DAY AND SHEARING CONTEST

A Sheep Field Day and Shearing contest for sheepmen of Northwestern Pennsylvania will be held on the farm of R. P. Peebles, near Harlansburg, Lawrence County, on Tuesday afternoon, April 20, it was announced today by W. F. McCracken, secretary of the Lawrence County Co-Operative Wool Growers Association.

This is the second Sheep Field Day of its kind to be held in Pennsylvania. The first one was held on the farm of C. B. Snyder, Lancaster county last year and created a great deal of interest in that section of Pennsylvania where the sheep population is not heavy.

The Field Day to be held in Lawrence County is sponsored by the Co-Operative Wool Growers Association selling wool for Northwestern Pennsylvania sheep men.

These associations market annually about 200,000 pounds of wool from 1,400 farmers. During the time they have been active two and one-half million pounds of wool have been marketed by them; and the amount of rejection wool has been lowered more than 10 per cent.

The directors of the Wool Growers Association sponsoring this Field Day are arranging a program of interest which will encourage sheep men to continue to improve the quality of wool purchased in this area.

One of the most interesting items on the program will be a competitive Sheep Shearing contest. Sheep men of Lawrence County are urged to compete for the various awards offered. $75.00 will be offered as awards in the contest.

There will be a Shearing Contest for both medium and fine wool sheep. All sheep men are invited to attend this Field Day and contest.

SOME TREES MAY HAVE BEEN INJURED BY MICE

Mice has not damaged fruit trees as extensively this year as during the previous two winters. However, some injury by girding may have occurred in certain orchards.

In neighboring states general injury has been found in the comparatively few orchards where mice were present. Contrary to the usual experience, the meadow mice have worked below the ground surface this year, and so injury may easily escape the attention of the orchardists. This strange behavior of the meadow mice presumably has been due to the fact that the ground has not been frozen as much as usual this year.

It is always advisable to inspect the orchard for possible mouse injury in early spring, so that the necessary bridge-grafting may be done without delay. If the grafting is delayed until the weakened condition of the tree prompts an investigation of its cause, the loss is much greater than with trees bridge-grafted before growth starts in the spring.

In view of the observations in neighboring states, it seems particularly wise for Pennsylvania orchardists to inspect their trees for mouse injury this spring, even though comparatively little injury thus far has been observed and reported in this state.

PREPARE LAMBS EARLY TO AVOID PENALTIES

Thousands of dollars miss the pocketbooks of Pennsylvania sheepmen every year because they neglect to trim their lambs properly for market.

Although it is generally known that buck lambs are penalized a cent a pound beginning about August 1, buyers on the terminal market report that 30 per cent of the male lambs come to market uncastrated. This places a heavy penalty, which can be avoided, on the sheep business.

All lambs to be marketed next fall should be docked and the male lambs castrated at the proper age. These two operations may be performed at the same time, but it is better to dock when the lambs are 5 to 10 days old and make wethers out of the male lambs when they are 2 to 3 weeks old.

Pens freshly bedded should be ready for the lambs and they should be allowed to remain quiet for several hours after the operation.

CAREFUL WASHING SAVES BLANKET WEAR AND TEAR

Spring is in the air. It brings the urge to put winter things away and to get ready for the balmy days just around the corner. Clotheslines are beginning to sag with the weight of winter coats, snow suits, jackets and other woolen garments. Winter draperies, rugs, quilts and blankets, too, have their turn in the sunshine and breeze.

Since many of these woolen things which must be stored for the summer need more than sunning and airing, the homemaker has some perplexing problems. One of these problems is how best to care for woolen blankets so that they will retain their beauty and softness.

Certain precautions must be taken to get good results. Wool fibers shrink or felt when subjected to heat, moisture and pressure. These fibers also will lose their elasticity and softness if washed with strong soaps.

Water, too, has its effect upon the wool fibers. Soft water is by far the most desirable. Large quantities of water are also essential for thorough washing but if it is not of the right temperature, the results will be disastrous. Tepid or lukewarm water gives most satisfactory results. Above all else, states Miss Mary Vogle, home economics worker for Lawrence county, use the same temperature for washing and rinsing. Changes in the temperature will cause shrinkage.

To remove water from the blankets, fold them lengthwise before putting through the wringer and release the tension, for pressure causes matting. In hanging on the line, distribute the weight as evenly as possible to avoid stretching. Turn the blanket several times, while drying and brush with a soft brush. When dry, pull gently into shape if necessary, but never press nor iron.

Store blankets for the summer in a clean dry place on shelves if possible. Be sure the blankets are thoroughly dry then fold or roll and wrap in clean heavy paper and seal to protect from dust and moths. Newspapers, heavy wrapping paper, or moth-proof bags which are sealed are good protectors for the blankets.

PUT PEP IN MEALS WITH SALAD GREENS

Is your family lacking "pep"? Have appetites grown as dull as winter clothes? If this is true it is time to find something to brighten the outlook on life and to furnish a health tonic as well, believes Miss Mary Vogle, home economics extension representative of Lawrence county.

Salads made from the early greens furnish just the right touch to make you think that spring really is here. Probably when you were a child, dandelions were weeds. Does it surprise you to know that dandelions now are cultivated for market on a big scale and shipped across the country by truck and carload?

The dandelion is one of the earliest greens and nearly everyone can have plenty of it, suggests Miss Vogle. It used to come to the table with a hot dressing and sprinkled with crisp bacon, but it is equally as good raw served with a French dressing and is an excellent way to supply the raw, leafy vegetable needed daily.

Select young greens, wash them thoroughly and cut off the coarse stems. After thorough chilling, make a bed of the tender leaves on a salad plate and lightly pile tender sprays of thoroughly washed and chilled water cress in the center. Garnish with strips of green or red pepper or stuffed olives and serve with French dressing.

Another suggestion, which Miss Vogle offers, is to cut tender young spring onions, slice young carrots and arrange them on a bed of garden lettuce or escarole. This produces a tempting salad which will be good for that case of spring fever, an ailment which is probably due to a shortage of iron and vitamins in your winter diet. Cut the vegetables just before serving because long standing destroys the vitamin C content of cut vegetables.

The large salad bowl, made of wood, glass, metal or "what-have you", may be brought in all its glory to the table and the serving done there, saving time and labor.

Prefers Cowboy Movies To School

(International News Service)

PORTLAND, Ore.—A two-week "visit" with hard-riding two-gun men was at an end here today for a ten-year-old grammar school pupil.

The youngster was picked up by detectives who learned that he had not been to school for two weeks. He had, instead, spent his daily lunch money for shows to see cowboy pictures. The boy explained that "I don't like school, but I do like to watch cowboy pictures, so I went to shows instead of to school."

CONDEMN CATTLE

HARRISBURG, April 9.—Bang's disease control work in Pennsylvania has progressed to the point where there were 246,698 cattle under supervision on February 1. They represent 19,499 herds. Since July 1, 1934, there have been 27,013 cattle condemned for Bang's disease infection.

MR. JOHN BEZUSKO

YOUNG STEEL WORKER PUT IN FOUR MONTHS OF AWFUL PAIN

Says Pains From Hip To Knees Were So Bad Could Hardly Work. Thought of renting A Wheel Chair, But Instead Began Taking Vendol And Says He Is Perfectly Well Again.

Remarkable reports are current regarding the famous double-acting medicine, Vendol, which is a combination of Nature's roots and herbs with valuable alkalines. Grateful users are spreading its fame and many are astonished over the power which this preparation appears to possess in helping to relieve some of the most obstinate and pitiful cases. It is results that count and it is results which are the foundation of Vendol's fame.

Here is an example—just one of the many right here in our home town—telling what Vendol has done. It is from Mr. John Bezusko, residing at 2437 Milton St., Warren, Ohio, a young employee of the Helsel Steel & Form Co. who says:

"I have spent many dollars in different ways trying to get my health right and it is too bad I hadn't heard about Vendol sooner. There is no doubt but that constipation was causing all my trouble because when Vendol and the little Vendol laxative tablets relieved this condition all of my other troubles passed off.

"I had such awful pains from my hip to my knees that I could hardly work and even sitting down didn't stop the pains. It got so bad that I was considering renting a wheel chair, but about this time I read in the paper what a man living right here in town said about Vendol helping him get relief from the same troubles as mine, so I decided to try Vendol first.

"This medicine soon had my bowels acting every day, which cleaned out the poisons that were doing the damage, and causing my pains, so I kept taking it because my pains were growing less and less all the time. I took it about two months, but now I haven't a pain in my body.

"Vendol gave me a wonderful appetite, helped my stomach disorders, and I have put on eleven pounds and just feel great. I'll be glad to tell anybody about this wonderful medicine if they want to hear more."

This should certainly prove to anyone what Vendol will do, so don't put off taking it if you suffer like Mr. Bezusko did.

Give this great double-acting remedy a chance to help you. It is made from Nature's roots and herbs, combined with valuable alkalines and gives astonishing relief. Come to New Castle Drug Co., 31 E. Washington St., ask for the Vendol Man and he will explain all about this splendid medicine. Vendol is also sold by New Castle Drug Co., 24 N. Mill St., and all leading druggists everywhere.

City To Pay Off $100,000 Bonds

Call In Bonds For May 1—Money Come From Sinking Fund

One hundreds thousand dollars worth of bonds which are due May 1 have been called in by the city and will be paid off by the city treasurer on that date, according to Finance Director James L. Fink. At present there is approximately $205,000 in the sinking fund and it was deemed advisable by Fink and colleagues to redeem the bonds which pay 4½ per cent.

It is probable that later the city will float a bond issue to pay off approximately $70,000 worth of improvement certificates. The certificates now pay six per cent and the bonds which the city proposes to float will pay the holder about three per cent.

THIS STATE OF PENNSYLVANIA

BLOOMFIELD

Do you know that Bloomfield, in Perry County, is New Bloomfield, and yet Bloomfield is situated in Allegheny County

Now, let's untangle this puzzling problem in geography. In the first place, two Bloomfields sprang up in Pennsylvania, one near Pittsburgh; the other, in Perry County. Of the two, the one in Allegheny County was established first as a post office. When the Perry County Bloomfield was to be made a post office, another name had to be chosen, so it became New Bloomfield as a post office, but retained the name of Bloomfield as a town.

Remember, if a letter is to be mailed to Bloomfield, in Perry County, it must be addressed New Bloomfield.

Boys' And Girls' Week Celebration Planned For Here

Many Special Affairs Planned For Week Of April 24 To Honor Local Youths

During the week of April 24 to May 1, boys and girls will be in the limelight throughout the United States. This week is set aside each year as Boys' and Girls' Week, and is observed with fitting ceremony all over the country.

The local vicinity is now making plans to celebrate this week in due form. The movement is being led by the free public library, under the direction of Miss Alice Joyce, children's librarian.

A short time ago Walter W. Head, St. Louis, Mo., was named as general chairman of the National Boys' and Girls' Week Committee. Mr. Head is president of the National Council of Boy Scouts of America, and is very closely connected with the work of boys.

According to Miss Joyce, plans are now under way to celebrate the week with special programs, meetings, contests and many other affairs which will make the week a success in this vicinity.

New Resort Is Being Planned

Old Limestone Quarry Near Slippery Rock To Provide Large Lake

(Special To The News)

SLIPPERY ROCK, Pa., April 9.—Sponsored by members of the Slippery Rock Sportsmen's club, a new resort will be developed about two miles north of here with work to begin in about two weeks. Final arrangements are being made with the Sharon Coal and Limestone Company to purchase 48 acres of land in which is located an abandoned limestone quarry. This quarry, when a dam is placed at one end, will form a natural lake of eight or nine acres. The lake will be stocked with fish and swimming facilities provided, cottage and camp sites are planned as well as a beautification program with trees and shrubs from state nurseries.

Sixty shares of stock have been sold in the proposition and the organization will be known as the "Slippery Rock Fishing Club." Harry Cooper of this place is the president; F. C. Patterson, vice president; J. E. Glaspey, secretary; Ralph McBride, treasurer; and A. T. Clutton, trustee. The land upon which the resort is to be located was formerly known as the Electa George property.

Borough Water Plant Is Being Improved Some

(Special To The News)

SLIPPERY ROCK, Pa., April 9.—A new $1,500 pumping system is being installed this week at the borough water plant. W. J. Olander, of Pittsburgh, representative of the A. D. Cook Company, is supervising the work. The new pump will connect directly with the main water tank of the town so that the small tanks at the well on the Horsman lot will no longer be needed. The "booster" pumps used to force the water from the small tanks to the main one on College Hill will be discontinued. Under the new system it is expected that the one deep well will supply the entire town with water.

SOLOIST AT CLEVELAND

A New Castle girl, Miss Marie A. Dutkiewicz, 10 East Chartes street, appeared as a guest soloist before Cleveland's Polish Medical and Dental Arts club when it celebrated its 20th anniversary on Wednesday night. The club is one of the most active in Polish cultural affairs in the Ohio city.

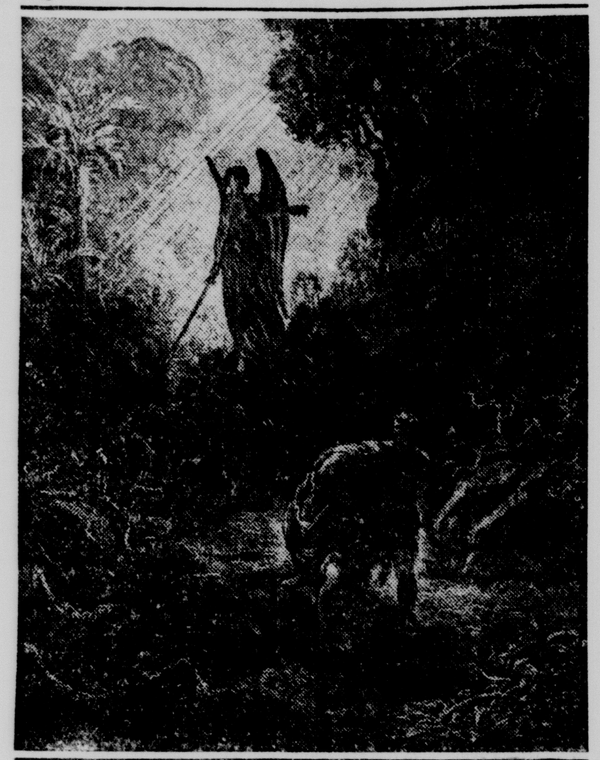
OFFICIALS ABOARD TRAIN

Vice president E. W. Smith of the Pennsylvania railroad, accompanied by C. I. Leiper, general manager of the road's Central region, passed through New Castle today aboard their private car enroute from Pittsburgh to Erie.

THE SIN OF ADAM AND EVE

"Brass Tacks" On The Sunday School Lesson

The Golden Text.



Ezekiel 18:4—"The soul that sinneth, it shall die."

By DR. ALVIN E. BELL

(The International Uniform Lesson on the above topic for April 11 is Genesis, chapters 3 and 4, especially 3:1-15, the Golden Text being Ezekiel 18:4, "The soul that sinneth, it shall die."

One of the age-old problems of the human race is that which concerns the origin of evil. Is it eternal? Whence and by whom came evil into the world?

An Enemy's Work

At the close of God's creative work we read (1:31), "God saw everything that he had made, and, behold, it was very good." When we look again we behold doubt, disobedience, devastation and death. If we inquire, in the word of one of our Lord's parables, "Didst thou not sow good seed in the field? from when then hath it tares?" The answer of the sower of the good seed is, "An enemy hath done this." This enemy made the serpent his instrument through which to seduce God's highest creature whom he had made in the very likeness of God. "God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil. And when the woman saw that the tree was good for food, and that it was pleasant to the eyes, and a tree to be desired to make one wise, she took of the fruit thereof, and did eat, and gave also unto her husband with her, and he did eat."

The Enemy's Tactics

Satan's method of attack upon the citadel of every human soul is found to be the same, whether in the case of the first Adam in the Garden of Eden or of the last Adam, our Lord Jesus Christ, in the wilderness, or in our own case in everyday life. His first approach and easiest is in the realm of the flesh and its appetites. He persuaded the woman "that the tree was good for food." To the Lord Jesus he said, "Command that these stones be made bread." His method in this realm is always to take a legitimate appetite of the body and suggest that it be satisfied in some illegitimate manner.

From the realm of appetite he turns to that of adventure. He persuaded Eve that "the tree was to be desired to make one wise." To Christ he said, "cast thyself down." To us he suggests some "thrill," some appeal to the sensational, some short cut, some easy way to popular acclaim. Anything except the long, hard, offensive road of the cross.

From the realms of appetite and adventure he turns to the realm of ambition, which he attempts to corrupt with sinful pride. To Eve he said, "In the day ye eat thereof ye shall be as gods." To Jesus he showed all the kingdoms of the world and the glory thereof, and said, "All these things will I give thee, if thou wilt fall down and worship me." Both were highly desirable ends, but to be attained by devilish means. To us he suggests that 'the end justifies the means," "compromise with evil that good may result." He has no other approaches than these three, "the lust of the flesh, the lust of the eyes, and the pride of life."

"The Seed of the Woman"

Our only adequate Helper against Satan is "the last Adam, Christ Jesus," the "seed of the woman" who was promised in Eden, bruised by Satan on the cross, but who will yet "bruise the serpent's head."

Community House For Slippery Rock

(Special To The News)

SLIPPERY ROCK, Pa., April 9.—The new community house for Slippery Rock seems assured following the action of the borough council this week when they indicated their willingness to cooperate with the Slippery Rock volunteer fire company in the matter of a building lot. The proposed building will probably be located at the corner of New Castle and Elm streets on the borough property there. Plans call for a structure of native stone, with labor to be furnished by the WPA.

The town's fire equipment, a public auditorium, the jail, and council chambers would be housed in the building.

FORMER SLIPPERY ROCK MAN DEAD

SLIPPERY ROCK, Pa., April 9.—Word has been received here of the death of C. S. Schrubb, former Slippery Rock business man, on Tuesday at the home of his son, Dr. Walter Schrubb, In Akron, O. Funeral services will be held at the United Presbyterian church here on Sunday afternoon, April 11.

Wisconsin has an outdoor zoo of native birds and animals at the state's game and fur farm near Poynette, Wis.

Property transfers in the office of Register and Recorder William R. Hanna show a considerable increase the first four weeks of this year as against the same period of last year. In January the first week there were transfers of $83,000 worth of property. In the second week there was $67,000, the third week $76,500 and the fourth week $55,000. This does not include sheriff's sales which takes in Home Owners Loan corporation transfers. In the matter of papers registered and recorded, there are more than twice as many the first three months this year than in 1936 for the same period. In the matter of stamp fees, which must go on all transfers, the Federal government charges 50 cents for every $500 in the transaction or fraction thereof. The state government charges five cents per hundred.

In the case of the City of New Castle against Melinda Hammond for repairs to a sewer in the Quest street district the city got a verdict for $65.20 which was about 75 per cent of the claim.

The case of Mrs. B. M. Mott against Mooney Brothers for damages arising out of the death of her husband by an automobile accident on the Wilmington road, went to the jury late Thursday.

An agreed verdict was taken in the case of Esther Sbarro and her father, Frank Sbarro, against the Cook-Anderson company for $200 to the first plaintiff and $325 to the second. The case was one in which Miss Sbarro was injured in a crash with a truck owned by the defendants. The crash occurred on Route 18 near the Beaver county line.

The case of Leon Huff against the Castle Garage was taken up in court room No. 1. This is a case in which the plaintiff asks damages for injuries received when his car was struck by one of the Castle Garage cars.

Thursday was the last day to file sheriff's sales. Approximately 50 were filed for sale on the first Monday of May by Sheriff Edward D. Pritchard.

Letters testamentary have been issued by Register and Recorder William R. Hanna to Barbara Geraldine von Krogh as executrix in the estate of Leif von Krogh, late of Ellwood City, who died March 24, 1937.

EXCLUSIVE ADVERTISING

(International News Service)

CLEVELAND, O.—When police here wish to prevent Jack Coppola, "sandwich man", from parading the streets for a restaurant, they asked Assistant Police Prosecutor David C. Meck to find an ordinance applicable to the situation. A search of the records revealed a statute aimed against street sign bearers. But police were stumped when Coppola proved that he was outside the law, because he was not carrying the sign. His advertising legend was sewed to the cap he wore.

CHILD LIVES WITH OVERSIZED HEART

(International News Service)

NORWALK, Conn.—Six years ago physicians told 13-year-old Mary Cocchia's mother that the youngster would not live more than two years when they discovered that she had a heart five times the normal size on the right side of her body.

Today little Mary is still alive and able to help around the house as well as play normally with other children in the neighborhood.

Physicians diagnosed the girl's ailment as cardia novia, a condition which ordinarily limits the life span of a child to five or six years.

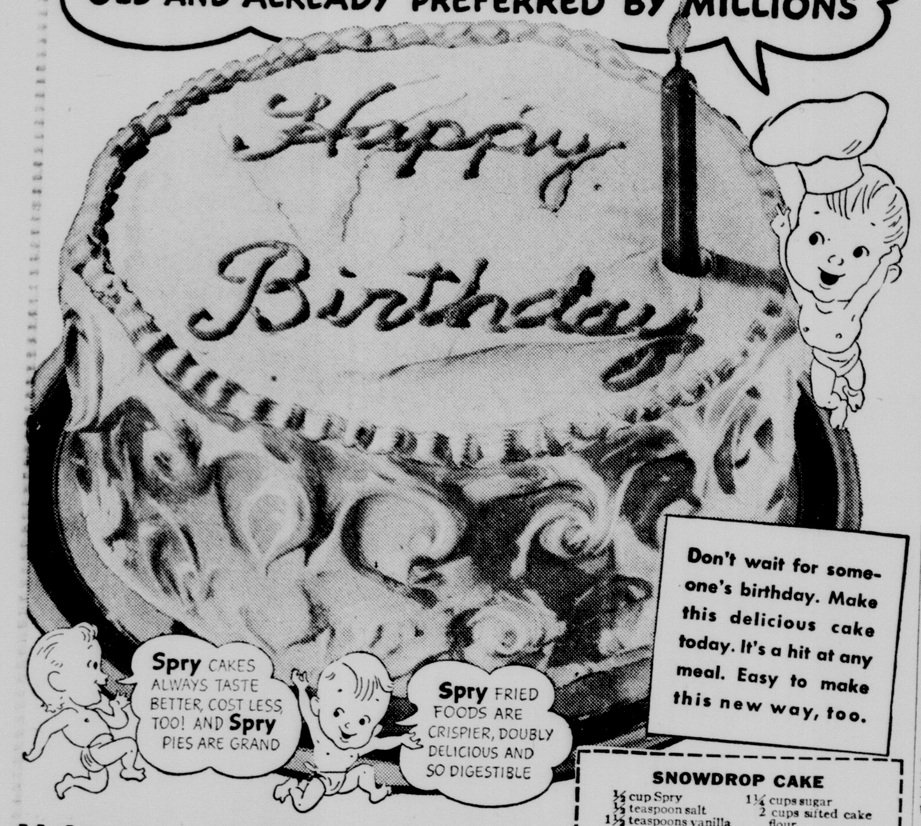
Ladies, look! A FINE NEW CAKE TO CELEBRATE Spry's 1ST BIRTHDAY. JUST ONE YEAR OLD AND ALREADY PREFERRED BY MILLIONS



Don't wait for someone's birthday. Make this delicious cake today. It's a hit at any meal. Easy to make this new way, too.

SNOWDROP CAKE

½ cup Spry
½ teaspoon salt
1½ teaspoons vanilla (or 1 teaspoon almond and ½ teaspoon vanilla)
1¼ cups sugar
2 cups sifted cake flour
2½ teaspoons baking powder
¾ cup milk
3 egg whites

Combine Spry, salt and vanilla. Add sugar gradually and cream until light and fluffy. (Easy as can be with *triple-creamed* Spry!) Sift flour and baking powder together 3 times. Add small amounts of flour, alternately with milk, beating after each addition until smooth. Beat egg whites until stiff but not dry and fold carefully into mixture until well blended. Pour batter into two 8-inch layer pans greased with Spry. Bake in moderate oven (350° F.) 25 to 30 minutes. Double the recipe to make three 9-inch layers.

Spread Seven-Minute Frosting between layers and on top and sides of cake. Color a small amount of frosting a delicate green and write "Happy Birthday" across the top of the cake, using a sharp-pointed knife or fork dipped in frosting.

SEVEN-MINUTE FROSTING

2 egg whites, unbeaten
1½ cups sugar
5 tablespoons cold water
1 teaspoon light corn sirup
1 teaspoon vanilla

Put egg whites, sugar, water and corn sirup in top of double boiler and mix thoroughly. Place over rapidly boiling water and beat constantly with rotary egg beater until mixture will hold a peak (about 7 minutes). Remove from fire, add vanilla and beat until cool and thick enough to spread.

If desired, use maraschino cherry juice instead of water, and add 10 maraschino cherries, finely cut) to two-thirds of the frosting. Spread cherry frosting between layers and on sides and plain frosting on top of cake.

Lightest, most delicate White Cake
—and mixed in half the time!

NOBODY having a birthday in your house right now? Never mind. Make this cake anyway. It's too good to miss. Have the white or cherry frosting just as you prefer. Either is simply delicious. And you'll say you never had a cake so white, so light and velvety, so delicate in flavor before. For with purer, fresher, ALL-vegetable Spry you get *full* flavor value from all your ingredients—your eggs, sugar, flour, flavorings.

And it's so easy to make. *All* Spry cakes are. ***Triple-creamed*** Spry blends like magic, mixes in half the time. Gives flakier, more tender pastry. Fries foods so crisp and golden. And they're as easy to digest as if baked, so digestible a child can eat them. And no smoky kitchen when you fry. Get Spry. See why *millions* today are using it—after just one year!

The new, purer **ALL-vegetable shortening**
—TRIPLE-CREAMED!

Governor Signs Twenty Measures

Bills Providing For Continuation Of Emergency Taxes Are Approved

(International News Service)

PHILADELPHIA, April 9—Signed by Governor George H. Earle, 20 newly enacted legislative measurers, including bills providing for continuation of emergency taxes today became law.

Taxes continued are:

The 10 per cent liquor levy, the corporate net income tax (cut from 10 to 7 per cent), and the two-cent cigarette levy, the one-cent per gallon tax on gasoline, the mills tax on gross receipts of public utilities, the eight mills tax on shares of title insurance and trust companies, and the removal of the manufacturer's exemption in the capital stock levy.

Five of the new laws apply only affecting the entire commonwealth provide for:

The granting of additional power to the agriculture department to regulate manufacture, storage and sale of foods:

The appropriating to the commonwealth all unappropriated flowing water, except private streams and private water supplies:

The permitting of counties to obtain road machinery or to lease it to any municipality within the county:

The re-enacting and amending of the elevator inspection act:

The authorizing of the department of forests and waters to obtain lands for reforestration in a campaign to lessen soil erosion and to control the flow of waters.

The deputy adjutant general to possess the same qualifications as the adjutant general.

Birds Aid In Saving Trees

Are "Health Officers" Of Trees And Plant Life Bogardus States

HARRISBURG, April 9—Secretry James F. Bogardus of the Department of Forests and Waters today urged the people of Pennsylvania to protect bird life during the spring and early summer, as birds are "the health officers" of trees and tree planters.

The Secretary pointed out that without the assistance of bird life forest and shade trees would have a hard struggle for existence. The total damage to trees by insect pests runs annually into hundreds of millions of dollars, and birds are the greatest foe of this onslaught. Wherever unhealthy conditions prevail as the result of insect attacks birds are sure to discover them and do something towards remedying the situation.

The greatest bird scavenger of the forest floor is the over-bird which turns over fallen leaves and scans the mold on the ground. Here it finds bettles, weevils, caterpillars, ants and other forest insects. The common English sparrow is a persistent foe of the Japanese beetle.

Deaf And Dumb Harmonica Band To Give Concert

(International News Service)

PITTSBURGH, April 9.—A harmonica band composed of members who cannot hear their own music will make the first appearance of its kind on the air Sunday, it was announced here today.

The harmonica band, said to be the only organization of its kind in the world, is composed of 24 deaf boy and girl pupils of Depaul Institute, deaf and dumb institution. It is trained and directed by Edward Clark, WPA harmonica teacher.

With less than four months training the band has made several successful public appearances. The program Sunday will include the following selections out of its repertoire of 28 numbers: Brahm's "Lullaby;" Schubert's "Cradle Song;" Dyorak's "Humoresque," and the choral finale from Beethoven's Ninth Symphony.

While the members of the band cannot hear their own music, they enjoy playing it for others. All members are expert lip readers. No help in explaining the harmonica is needed, each player watching the lips of the leader.

Mine Shut-Downs Affect Business

(International News Service)

PITTSBURGH, April 9.—Due to shut-downs in the bituminous coal mines, business in the Pittsburgh district reflected a severe drop last week, the Bureau of Business Research, University of Pittsburgh, announced today.

Although the layoff lasted only two days, the bureau said coal mining operations were practically at a standstill during this period following the termination of the old contract. It pointed out, however, immediately following the new agreement, the mines were reopened and current operating schedules are almost up to the levels before the shut-down.

The index of business activity in the district fell from 126.8 per cent of the 1923-1925 average in the final week in March to 118.3 per cent last week. This index, however, was 30 points higher than in the corresponding week last year and 50 points above that of the same week in 1935, according to the bureau.

Yes, the use of force is dreadful. But did you ever see tyranny overcome by sweet reasonableness?

Remove Bodies At Plane Wreck

Start Trip From Mountain With Bodies Of Victims In Sleds

MOTOR AMBULANCES ELEVEN MILES AWAY

(International News Service)

McNARY, Ariz., April 9—The grim task of bringing eight bodies from the wreck of a Douglas transport plane on desolate Mount Baldy was started today.

Thirty-two picked men spent all night at the crash-scene, loading the bodies into the sleds in which they will be dragged and carried off the mountain.

The bodies will be brought 11 miles to Paradise Cienaga, where motor ambulances are waiting to carry them into McNary.

With their silent cargoes, the sleds will be carried across six mountain torrents, lifted over numerous cliffs and ledges and dragged across 20-foot snow drifts.

The men in charge of the task are working under Sheriff John Nunn, who with other officials and aviation experts fought his way up to the wreck after it was sighted from the air.

A coroner's jury found all eight persons in the plane had met death instantaneously when the huge airliner crashed into the hillside.

Through papers and documents the mangled and burned bodies were identified as those of Pilot Glen Moser; his father, E. R. Moser; Merle Estey, Douglas company engineer and his wife; Co-Pilot Joseph Wolford; Mrs. Elizabeth Brunderlin; Ronald Kent and Bernard Troy.

For Intimate Chic

For that evening when a girl has no date or is on study bent, this pajama ensemble will give intimate chic. Soft blue satin trousers end just above blue and silver kid sandals. A three-quarter lounging coat of cut velvet lined with the same blue satin used for trousers ties around a normal waistline with a velvet sash. Wide lapels and a circular cut give an added charm to the costume for home wear.

French Franc Suddenly Slumps

(International News Service)

PARIS, April 9.—The French franc suddenly slumped today, as banks paid 22.29 francs on the dollar and 108.70 to the pound sterling.

The slump followed rumors on the Paris bourse of possible modification of the tripartite monetary agreement among France, England and the United States.

Although the finance ministry would make no comment, it was learned the French stabilization fund did not operate this morning.

There were rumors the government might permit the franc to reach its lowest legal rate of 43 milligrams of gold, equivalent to approximately 23 francs to the dollar and 111 to the pound sterling.

SCIENCE IN THE SCHOOL

HARRISBURG, April 9.—State superintendent of public instruction Lester K. More Opposition To Court Plan

Trend Towards Dictatorship Is Cited At Senate Hearing

TESTIMONY MAY CLOSE NEXT WEEK

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, April 9.—Prof. William M. Cain, of the Notre Dame Law School, and Frederic R. Coudert, a New York attorney, today assailed President Roosevelt's judicial plan as smashing the independence of the supreme court, as a "national calamity" and as tending to dictatorship.

Cain first told the senate judiciary committee that if the president's bill were enacted, he would have no confidence in the supreme court's power to protect citizens against "legislative folly or madness." He warned that if the courts are to interpret the constitution in accordance with changing public opinion, business and industry will be ruined.

New York Bar Opposed

Coudert then presented the committee with a resolution, adopted by the New York City Bar Association, in condemnation of the presidential plan. Coudert declared "all American citizens are bound by their allegiance to the constitution to make every effort to defeat" the plan.

He predicted enactment of the bill would result in a "national calamity." He called it a "legislative trespass upon the dignity and independence of the supreme court" and an effort to "substitute congressional omnipotence for the constitutional government of the founders."

They were to be followed by William E. Masterson, dean of the Missouri University Law School.

There were indications the senate's public hearings would end next week unless the administration offers witnesses in rebuttal of the many attacks upon the president's plan. A majority of the committee, however, were opposed to any arbitrary closing of the hearings.

Cain was understood to have been chosen by the faculty of Notre Dame to answer the defense of the president's plan by Thomas F. Konop, dean of the Notre Dame Law School.

New Castle Man Hurt At Warren

Robert Brown Injured When Building Being Torn Down, Collapses

Robert Brown, 23 year old son of Mr. and Mrs. W. D. Brown of 420 Hillcrest avenue, sustained painful and serious injuries while at work tearing down a structure in Warren, Ohio, Thursday afternoon about 3 o'clock. His co-worker was killed instantly, in the same accident, when the building being demolished, collapsed.

Brown, was assisting a group of men in tearing down the structure, and when the roof was removed, the building collapsed, dropping the two men 52 feet. It is believed, the only thing that saved Brown from death, was the fact he landed in a pit. He fractured to vertebras, the eleventh and twelfth, and slightly injured the ninth. He is in a cast at St. Joseph's hospital, in Warren, and it is assumed it will be a period of nine months or longer, before he will be out. Just before the building collapsed, six men of the same crew, had been on the roof, and missed being involved.

Mr. Brown has been located in California for the past six years, and returned to this section only recently, because of the illness of his younger sister, Peggy Brown, whom was removed this afternoon to a hospital in Pittsburgh where she will undergo treatment. His intention was to secure a job until she was better, and then return to the West coast. It was his second day on the job.

Must Agree To Pay Trial Costs

(International News Service)

PITTSBURGH, April 9—Fayette county authorities must sign an agreement to pay the costs for the Monaghan "torture trials" Allegheny county commissioners declared today.

A verbal agreement between county controller Robert G. Woodside and Fayette county commissioners two days ago is not sufficient, commissioner John J. Kane said, adding:

"It's not that we think Fayette county isn't able to pay the costs of these trials or will try to "beat us" but when we're handling the taxpayer's money we want to have an agreement in black and white."

Coal Industry Aims At Record

Operators And Miners Virtually Agreed As To Working Conditions

By EVERETT C. GERRY
International News Service Staff Correspondent

PHILADELPHIA, April 9—With operators and miners virtually agreed as to working conditions, Pennsylvania's huge soft coal industry today was pointed toward a new production goal for 1937.

For the third consecutive day, the industry's representatives from central and western Pennsylvania met here in an atmosphere of friendliness which presented success in settling minor contractual differences. The United Mine Workers of America, whose more than 100,000 members in Pennsylvania have obtained wage increases calculated to add approximately $30,000,000 to yearly payrolls, hastened to incorporate in their contracts gains made in the Appaachian compact.

Few Minor Points

There remained today only a few minor points to be threshed out by the union heads and the bituminous producers, and Patrick T. Fagan, of Pittsburgh, head of the WMWA District No 5, declared both sides displayed a "spirit of mutual compromise." On all major issues, notably basic pay and overtime, both miners and producers were in accord, Fagan revealed.

"We are rapidly reaching agreements and expect to finish conversations today," explained Fagan, routing reports that delay in negotiations might compel the conferees to remain here another day. "Our relations have been extremely amicable, and I believe we can adjourn with a clean slate."

Liquor Violator Held By Agents

Chicago Man Nearly Drowns In Vat Of Alcohol, Is Pulled Out By Agents

(International News Service)

CHICAGO, April 9—Saved by raiding federal agents from drowning in a vat of alcohol he allegedly helped to concoct, Michael Moroney, 45, faced arraignment today on charges of revenue law violation. In trying to flee from fifteen agents Maroney tripped and fell into one of eight vats. The agents spent several minutes fishing their quarry out of the tank.

CHARLOTTE BEAGLE HAS MANY LISTENERS IN SPITE OF WEATHER

Even though the weather was unfavorable the evangelistic service at the People's Mission Thursday night conducted by Miss Charlotte Beagle, girl preacher, was well attended. Miss Beagle had as her text "Not Everyone That Saith Unto Me 'Lord, Lord, Shall Enter Into the Kingdom of Heaven." Groups from different churches were in attendance.

Special music was beautifully presented by Miss Jenkins, Miss Butler and Ben Jenkins from the Gospel Tabernacle.

Miss Beagle will speak tonight on "Thou Art Weighed in the Balances and Art Found Wanting." Music by the young people's choir and others.

Parent-Teacher Associations

ROSE AVENUE P. T. A.

Rose Avenue P. T. A. members held an interesting meeting in the school auditorium Thursday evening when Dr. C. C. Green, superintendent of public schools, was introduced as guest speaker.

Dr. Green chose for his subject, "Intellectual Development of the Child." He went into detail on many facts concerning the subject of interest to the assemblage.

Two musical features concluded the program, Mrs. Ed. McNeill, vocal soloist, contributed a number and a piano selection was given by Eileen Turner.

A business meeting was called afterwards, with Mrs. Floyd Moore, president, in charge. The nominating committee was appointed to conduct the election meeting in May and is composed of Mrs. Walter Gross, Mrs. E. L. Davenport and Miss Verlee Armstrong.

The teachers of the Rose Avenue school will have charge of the program at the May session, to take place in the school.

Seven On Trial In Baker Estate Racket Revival

(International News Service)

PHILADELPHIA, April 9.—Seven men accused of organizing the latest revival of the notorious "$300,000,000 Baker estate" racket, an alleged swindle that mulcted Pennsylvanians of thousands of dollars, today began defending themselves against government testimony presented during the first six days of the trial.

Government witnesses told the U. S. district court jury the so-called "last will and testament" of Jacob Baker, purportedly used by the defendants to organize "heirs" to finance claims to the mythical fortune, was a forgery, drawn on paper which was not manufactured until 1886. The will is dated 1839.

Building Boom Seen In Ellwood

Three Lot Plans And Home Building Programs Approved By Council

ACUTE SHORTAGE OF HOMES HERE

ELLWOOD CITY, April 9.—That Ellwood City is definitely on the upgrade to progress and prosperity was definitely established at the monthly meeting of the Ellwood City borough council in the city building Thursday night as a big home building boom got off to a fine start.

Two lot plans and home building programs were approved last night by council and one more just previously. Paul Albino and Kenneth Fox, in behalf of the Johnson heirs, presented the Johnson Farm lot plans, located between Ewing Park and the fourth ward. At their own expense and under city supervision they requested council to construct a sanitary sewer system according to all regulations in the above lot plan. They agreed to pay the cost, one-half in three months and the balance in six months. The petitioners stated that the homes are to be single family dwellings not under $4.000 and will conform with the building line stipulated by the borough. Council then passed a motion given by P. R. Fike that an ordinance be drawn up for the laying of the sanitary sewer under city supervision in accordance with the above agreement. And further that the owners present a complete plan of the contemplated streets so that the grade and building line can be established.

A similar idea of the Home Finance company of this city was also approved by council. Their lots are on Smiley avenue in the fourth ward. In its motion council stipulated that the building line set by the borough there be carried out by home builders.

In anticipation of some new homes which are about to be built on the lots of the Kraus Estates, M. J. Kraus in a communication requested council, as verbally agreed upon previously, to extend the present sanitary sewer, being constructed along the New Castle road in the fifth ward, a distance of 164 feet west. He stated that this would be the time to extend it while the borough is working on the sanitary sewer near there. Borough Manager Lowell W. Monroe informed council that there would be some difficulty in this because the time, work and labor as well as funds had been stipulated in this WPA project are about used up. A supplemental application to the project or a new one would have to be made to the WPA before the sewer could be extended. Some difficulty would arise on this as the WPA work and funds have been curtailed by the state for a period. The matter was referred to the sewer committee for an investigation and report back to council.

May Create Commission.

In view of the above prospective building program, Borough Manager Monroe advised council to think seriously of the forming of a planning commission for Ellwood City that would have control of any new construction. To get a group of civic minded people on the commission which would have no fear of enforcing their established rules and regulations of home building, would be one of the finest things that could happen to Ellwood City, stated Mr. Monroe. A planning commission and building code are badly needed here, he said. This commission would control the type of home to be built, its construction to guard against health and fire hazards and establish the building line as well as the layout of the streets. This would eventually lead to zoning. These powers of the commission still apply to property three miles out of town, since it is a prospective addition to the community, and thus would result in a uniform building program, stated Mr. Monroe. The commission would be appointed by council. Councilman P. R. Fike expressed hearty approval of Mr. Monroe's plan and asked council to give these facts some serious thoughs. Some action on this is anticipated in the near future.

Because of the contemplated building program council voted to name two streets and regulate the manner of numbering the new homes so as to conform with the plan already in effect. Upon recommendation of the street committee council decided to name that section of the New Castle road east of the old Harmony line as East Line avenue, and that west as Woodside avenue. It was moved to draw up an ordinance for the above plan.

Council Tells Police To Act

Motion Orders City Rid Of Slot Machines Within Next 30 Days

WARM DISCUSSION IN COUNCIL SESSION

ELLWOOD CITY, April 9.—Fireworks flew at the regular monthly meeting of the Ellwood City Borough council in the City building Thursday night when the police department was put "on the spot" because of a new slot machine wave in the city.

From an efficient and business like meeting, it took on a different tone as Burgess Russell T. Sitler was making a report and then was compelled to answer a direct question from Councilman P. N. Harlan of the fourth ward.

Before the burgess sat down every councilman put in his bit and they did not mince words.

The result was unanimous approval of a motion by Councilman J. P. Meneice as follows: "I move that the burgess be instructed to notify his police department to rid the city of slot machines in 30 days or get a new police force."

The action started when Councilman Harlan asked Burgess Sitler if his police department has taken any action to rid the ctiy of the new wave of slot machines. "I have given the police officers authority to take out any slot machine they see, or know of," replied Burgess Sitler. "They know where they are just as well as I do."

"Has your order been carried out?" asked Councilman E. R. Reinheimer.

"No," said the Burgess.

"As the head of the police department, I certainly can't see why you tolerate that. If I were in your place and my orders weren't carried out, I would get somebody who would," declared Mr. Reinheimer.

A further discussion on the situation occurred and then council unanimously passed their ultimatum.

At a request of Burgess Sitler and then the recommendation of the police committee, council agreed to install a pistol range in the basement of the new municipal building for the use of the police department. This is to be equipped and kept up by the department itself. The money comes from a recent policemen's benefit ball.

Service Members Plan May Meeting

ELLWOOD CITY, April 9—Twenty-one members of the Women's Service club of Wurtemburg and Ellport assembled on Thursday evening at the home of Mrs. Henry C. Kiesling of Keystone way for the April meeting with Mrs. Emmerson Skewis as a special guest.

The president, Mrs. William Grant, conducted the business meeting after which games and contests occupied the attention of the guests with Mrs. Gertrude Reno, Mrs. Belva Burns, Mrs. Jacob Glasser and Mrs. E. A. Garwig as winners of awards. Mrs. Bessie Thompson won the door prize.

A committee composed of Mrs. Herbert Wiley, Mrs. Gertrude Reno, Mrs. Howard Wiley and Mrs. William Grant served the group a delicious lunch.

The next meeting will take place on Thursday evening, May 13, at the home of Mrs. Homer Ford of Ellport in the form of a tureen dinner.

MAY GET SHELTER FOR CURB MARKET

Structure On Sixth Street Borough Property Would Cost About $1200

ELLWOOD CITY, April 9.—Encouraging steps toward the construction of a roofed shelter for the curb market in Ellwood City during the summer months was taken by the borough council at its monthly meeting in the City building last night.

Borough Manager Lowell W. Monroe presented facts and figures in the construction of a train-like shed roof nine feet high on three sides of the borough property adjoining the fire building on Sixth street. The total cost to the borough would be about $1,200, he stated.

He pointed out that the 1936 curb market receipts were $255. The farmers, he asserted, would be willing to pay a little extra if the shelter is provided, and within five years it would pay for itself. With the proposed new shelter more farmers and people would be attracted to Ellwood City.

Councilman E. R. Reinheimer suggested that a price on scrap tubing be obtained from the local tube plant, as this would be more desirable for the construction. Councilman Harry Caplan moved that this be tabled, since council has no money available for this purpose. There was no second to the motion and it was therefore lost. The motion of William McGlincy to have the matter referred to the health committee for investigation and report back was passed.

ELLWOOD CITY, April 9.—The Ellwood City Board of Education heard of an interesting situation at their monthly meeting in the Lincoln high school Thursday night.

Supt. of Schools Vaughn R. DeLong gave a report of the court project between the new addition and old building which is entirely enclosed. It is a garden project being supplied and supported by the pupils of the high school. Every home room has contributed 100 per cent in furnishing trees, plants, flowers and shrubbery. To date the pupils have purchased a total of 265 of these for the garden. This includes 40 different varieties. This project is being run from a botannical and beautification standpoint, under expert supervision .

Mr. DeLong also reported in his routine report that contagious diseases in the city are receding. He stated that X-rays for the tuberculine test are being given.

Other Business.

The board authorized the purchase of 15 new typewriters which will result in having two complete rooms. This will complete the office practice room for advanced typing, with accommodations for 30. This is of course in addition to the large typing room.

It was voted to change the contemplated drive-way with a grass plot in the center to all amesite. This is near the main entrance to the athletic field on Short street. This will be done at half the cost if concrete were to be used.

It was reported that the board has complied with the request of the state department to thoroughly check the school system for safety precautions to eliminate any occurrence of the New London, Tex. disaster.

The rent of the auditorium was raised. For public use it still remains at $10 but for personal gain to individuals or organizations it is $25 plus extra charges for use of additional rooms and janitor service.

A new aerofine piping and connections was approved by the board for the North Side school at a cost of $1305. The present has been in service for 12 years and has created a leak in the flooring. In order to prevent extra work the board voted to make this overhead pipes and permit the old ones in the flooring and plaster work to remain.

Past Chiefs Club Meets Last Night

ELLWOOD CITY, April 9.—Past Chiefs club of the Pythian Sisters met last night at the home of Mrs. Ella Klingensmith in the fourth ward with Mrs. Mark Gillespie as associate hostess. Twenty-one were present.

After a short business meeting 500 and bingo were enjoyed. Prizes for the former went to Mrs. Thelma Yoho and Mrs. Ruth Price; for bingo to Mrs. Ida Wehman and Mrs. Delta Williams. Mrs. Thelma Yoho and Mrs. Iva Rudge were surprised with lovely gifts at this time in honor of their birthdays.

Lunch was served later by the hostesses. The next meeting will be held on May 13 at the home of Mrs. Katherine McKim with Mrs. Agnes Shaner as associate hostesses. Mrs. Iva Fetterman of Trenton, Mich., was an old member that was a guest last night.

Rotary To Have Joint Meeting With Chamber

Music And Composers Feature Of Regular Rotary Meeting Thursday Night

ELLWOOD CITY, April 9.—President F. E. Moore presided at the weekly meeting of the Ellwood City Rotary club Thursday evening in the First Presbyterian church. The club at this time voted to unite with the Chamber of Commerce in a special meeting at the Ellwood City Country club on April 22.

The program for the evening was in charge of Prof. Paul Winters of the local high school. Mr. Winters presented an interesting, entertaining and instructive program on outstandnig musicians of Pittsburgh, such as Foster, Cadman and Nevin. He told of the lives of the musicians and also of the music which they wrote and then presented songs in illustration. He was assisted in his program by Mrs. Harold Burns, accompanist, and Harold Burns, bass soloist. The program was marked excellent by all present. Hope for another such was expressed. Dr. Elbert H. Clarke, Hiram college, Hiram, O., will be the speaker at the next meeting. Program in charge of E. N. Sanders.

Past Matrons Club Has Fine Meeting

ELLWOOD CITY, April 9.—A delicious 1 o'clock luncheon was enjoyed by the Past Matrons club of the O. E. S. Thursday in the U. P. church with Mrs. I. R. Burt as hostess. Covers were laid for nine.

The new junior past matron, Mrs. Frank Painter was welcomed at this time. A general social time was enjoyed during the day. The next meeting will be held on May 13 with Mrs. D. J. Jones as hostess. Mrs. J. D. Kirk, Mrs. Burt and Mrs. Painter form the entertainment committee for the nevt three months.

Say one thing for old men. After you see the world saved and ruined many times, you quit getting frantic.

Tornado Levels Hundred Homes

Report Storm Cuts Path Across Section Of Alabama Thursday

(International News Service)

TROY, Ala., April 9.—Cutting a path of destruction across the northern mill section of the town of Brundidge, ten miles southeast of here, a tornado demolished approximately 100 mill homes, and left at least one person known dead today with reports several others perished.

At least 35 persons were injured, many seriously.

There was so much debris scattered over the affected area that it was impossible to determine definitely how many persons had been killed. The state highway patrol placed the number of dead at four, but H. L. Rhodes, an undertaker here, stated only one body, that of a young boy named Crowley, had been recovered.

All telephone lines leading into Brundidge were swept away by the terrific force of the tornadic winds and it was impossible to make a complete survey of damage.

Electric Eye Will Foil Prison Escape

Northampton County Prison Is Equipped With Photo-Electric Cell Alarm

(International News Service)

BETHLEHEM, Pa., April 9.—The "electric eye," a mechanical device controlled by a photo-electric cell, was recently installed in the Northampton county prison.

The Northampton jail is the only one in Pennsylvania equipped with such a system, John Sandt, a member of the prison board said, although it is being used effectively in larger prisons throughout the country.

The "eye" was installed as a result of last year's prison break in which two men escaped by climbing over the walls.

From a projector in a photo electric cell in the "electric eye" beams of light run along the walls of the jail. When the beams are broken by any object, a switch is automatically closed, setting of a siren which can be heard through the vicinity.

With this device, prison officials need never have any fear of a prisoner escaping.

The photo-electric cells are hidden at strategic points along the prison walls and on top of the jail building.

The system is on trial, members of the prison board said.

Copenhagen Bars Street Gossiping

(International News Service)

COPENHAGEN, Denmark—Girls who stand and gossip in the main streets of Copenhagen will be fined in the future.

This warning has been given by the chief of the traffic-control police here, who says that many girls do not think about the danger of being run down by a car, but hold long conversations about their boy-friends, clothes and parties.

It is emphasized that the new rules will be strictly enforced, and a sweet smile at the policeman will not enable the offender to avoid paying a fine.

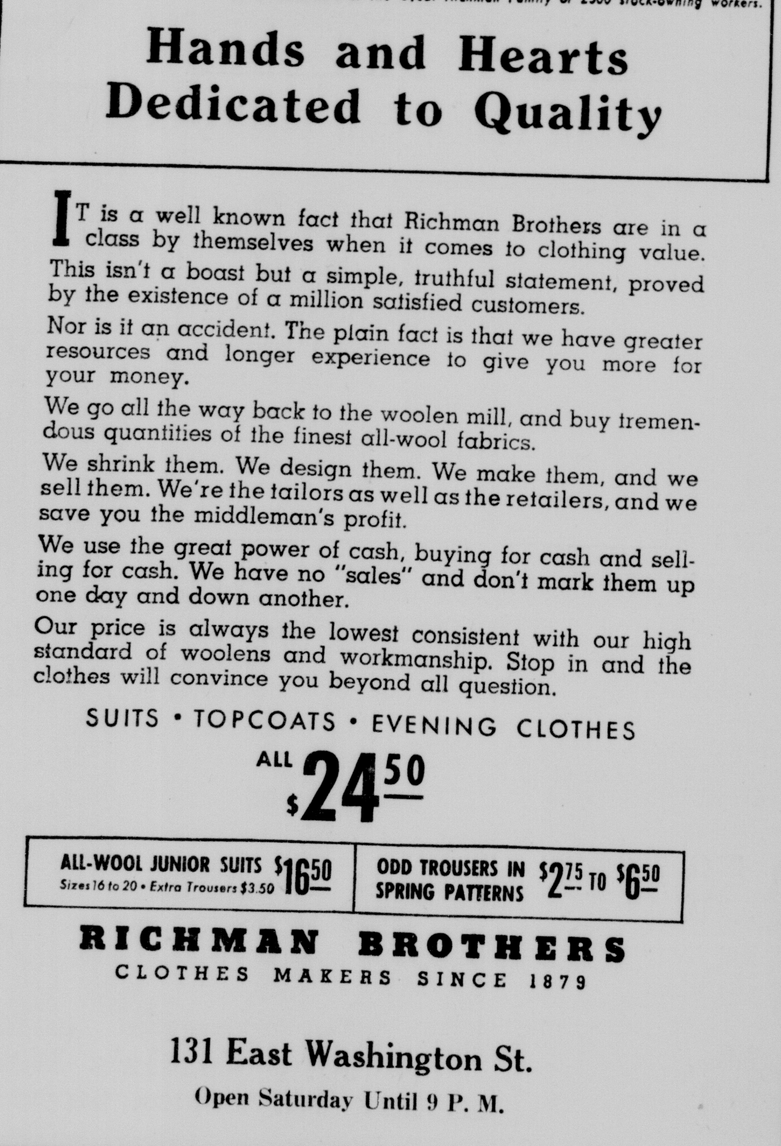
RICHMAN BROTHERS



A few members of the Great Richman Family of 2500 stock-owning workers.

Hands and Hearts Dedicated to Quality

It is a well known fact that Richman Brothers are in a class by themselves when it comes to clothing value. This isn't a boast but a simple, truthful statement, proved by the existence of a million satisfied customers.

Nor is it an accident. The plain fact is that we have greater resources and longer experience to give you more for your money.

We go all the way back to the woolen mill, and buy tremendous quantities of the finest all-wool fabrics.

We shrink them. We design them. We make them, and we sell them. We're the tailors as well as the retailers, and we save you the middleman's profit.

We use the great power of cash, buying for cash and selling for cash. We have no "sales" and don't mark them up one day and down another.

Our price is always the lowest consistent with our high standard of woolens and workmanship. Stop in and the clothes will convince you beyond all question.

Sham Battle Of Crater Recalls Grant's Attack

Military Maneuvers April 30 Planned At Siege Scene On Outskirts Of Petersburg

PETERSBURG, Va., April 9.—In the outskirts of Petersburg there is a valley along which runs the Norfolk & Western Railway tracks. On one side rises a hill where the plow has obliterated part of a one-time line of forts. On the other hill is a grove of cedars, beneath which the earth is torn and disordered to this day.

Seventy-three years ago, July 30, 1864, both hill-tops were wreathed in smoke and distinctly noisy with incessant discharges of artillery and small arms. It was the day of the Battle of the Crater, the last attempt of Grant's army to break the entrenchments of the Confederates by frontal attack in which the Army of the Potomac took a loss greater than it was to record on any single day in the eight remaining months of the war.

This battle will be re-enacted by the United States Marines, the Virginia Military Institute Cadets, the 2nd Battalion, 11th Field Artillery or Richmond Howitzers, and other units of the Virginia National Guard, on the original battlefield on April 30, starting at 11 A. M., the sham battle being the dedication of the Crater Battlefield as part of the Petersburg National Military Park, created by Act of Congress July 3, 1926.

15,000 Men Failed

When a court of inquiry was held during the winter of 1864 on the colossal failure of the previous summer, the officers of the Army of the Potomac might have been glad to stage such a re-enactment as this will be.

Such a procedure would at least have made clearer certain of the questions to which no really satisfactory answers have been given. The real sum of these questions was "Why did 15,000 men fail to get through a thinly held line already broken at one point?"

The re-enactment on April 30 will not answer that question, but it will offer the first approximation of the same circumstances since the original battle.

Although the battlefield for this occasion will be restored by CCC men as nearly as possible to its original condition, it will obviously be impossible to replace in actuality miles of earthwork which have long ago been stripped of their embellishment of slashing and entanglement and are shaded by trees instead of frowning with deadly armament. Nor, of course, will anything like the same number of men be able to take part.

Experiment With Sound

Experts are experimenting to produce the effect of the original explosion in sound, but not in force. The original threw up a geyser of earth and killed 300 men.

The sham battle is to take place entirely on part of the 2000 acre property of the Petersburg National Military Park, which allows a sufficient space of Park land for the restoration, in appearance at any rate, of many features of the actual battle scene.

This is the first event of importance to take place on the Crater property since it became a part of the Petersburg National Military Park under Act of Congress July 3, 1926.

HELPED BY WAR

(International News Service)

BUENOS AIRES, Argentina—Spain's civil war has proved a godsend to Jose Alberdi, stevedore, of La Coruna. Shortly before the civil war started, Alberdi murdered a fellow worker and bolted to Argentina. Extradition was attempted, but the papers were incomplete and the Argentine government agreed to hold the prisoner for three months pending presentation of new affidavits. Domestic troubles, however, kept the Spanish courts busy with more important work. The time-limit expired and now Alberdi has been released.

Iraq And Turkey Reach Military Agreement Now

(International News Service)

ISTANBUL, April 5.—Turkey has concluded an agreement with Iraq for the establishment of a Turkish military mission in Baghdad for four years, it was learned today.

Under the terms of the agreement, twenty-eight Turkish officers will be sent to Baghdad to train the Iraq army.

General Bekr Sidky, the "power behind the throne" in Iraq, is understood to be responsible for conclusion of the agreement.

A brilliant military leader of Kurdish extraction, General Sidky favors close cooperation with Turkey, for whose dictator, Kemal Ataturk, he possesses the greatest admiration.

General Sidky is held to have been behind the recent army revolt in Iraq which resulted in the downfall ot fhe Yasin Pasha government and the establishment of a virtual military distatorship.

CHINESE MEDICINE PROVES WHISKEY

(International News Service)

PORTLAND, Ore.—The arrest of Louis Gent, 67-year-old Chinese, revealed a new type of Chinese "medicine," according to internal revenue agents here.

The government agents reported they confiscated 51 pints of the "medicine," which they found to contain raw moonshine whiskey. The bottles bore several mysterious Chinese characters, and the English inscription: "For rheumatism and sour stomach. Dose—two tablespoons every three hours."

NO TIME WASTED

(International News Service)

DRUMHELLER, Alberta.—What might be termed "a case of mixed emotions," was recently brought to light here. In answer to a woman's request, Staff Sergeant Skelton of the Royal Canadian Mounted police, secured a picture of a man found dead near High river. The woman came to examine it. "Yes, that's my husband," she sobbed. Then in the next breath, "Say, can I get a marriage license here?"

Easy Divorce Law In Chile For Natives

Divorces In Chile Nearly As Numerous As Number In United States

(International News Service)

SANTIAGO DE CHILE—Chilean law does not admit divorce, or remarriage in Chile of persons divorced abroad. Nevertheless recent statistics show that the percentage of people who marry, divorce and remarry in Chile is nearly as great as in the United States.

Furthermore—and this will interest husbands particularly—there is no alimony attached to a Chilean divorce. Legal expenses also run very low, an average cost being around fifty dollars United States currency.

Divorce is easy for people married in Chile because Chilean law demands that both parties shall have been resident in the section where they are married for a given number of weeks before the ceremony is performed.

Divorce Procedure

"When "love flies out at the window," the husband or wife goes along to the Registry Office with two witnesses who will swear that he or she did not live in the section for the required length of time, or even at all. The Registrar says "Haw" opens the marriage register and crosses out the entry on the ground no legal marriage had been performed. This completes the divorce, and, as under Chilean law, no marriage ever existed, the parties are free to remarry at once.

Of course, the parties to the divorce are liable to punishment for making false declarations of residence at the time of marriage, but there is no record of such punishment ever having been applied.

Relief Clients May Go Hungry At Columbus, O.

Forty Relief Clients On "Sit-Down" In Office Of Gov. Davey

(International News Service)

COLUMBUS, O., April 9.—The 40 relief clients who for 48 hours have been staging a "sit-down" in Gov. Martin L. Davey's spacious office today faced the possibility of a food shortage.

The national guard has been supplying them three meals a day, but Adjt. Gen. Emil Marx indicated the noon meal today may be the last from that source.

No effort has been made to evict the "sit-downers." Governor Davey, from the mansion where he is recovering from influenza, instructed aides to "be nice to them."

Principal demands of the sitters are a 50 million dollar relief appropriation for this year to be raised by a heavy income tax; cash relief instead of grocery orders and abandonment of the governor's proposal to feed relief clients at national guard "soup kitchens" after Ohio's relief law expires on April 15.

Strip Teasing Is Called Indecent

NEW YORK, April 9.—Strip-tease artists and burlesque managers on Broadway were reeling against the ropes today while John S. Sumner, secretary of the Society for the Prevention of Vice, and veteran crusader against obscenity in literature, the arts and the flesh, plumed his wings, squared his shoulders and looked for new worlds to conquer.

Largely on first-hand testimony furnished by Sumner, three learned justices in special sessions court ruled that strip-teasing is an indecent performance. Testimony (verbal, not physical) by three leading strippers that their technique is merely an expression of American art, failed to tip the scales of justice in their favor.

As a result Sam Kraus, manager of the Gohtam Theatre, was found guilty of sponsoring a questionable performance. Facing a possible three years in the penitentiary, he will be sentenced April 16. The Burly Amusement Corporation will be fined, as owner of the theatre, and its license automatically revoked.

Church League Starts May 6

Opening Date Set At Meeting Held Last Night, New Handicap System

MAGILL-LAUREL NAMED OFFICERS

New Castle Church golf league will pry off the lid on the 1937 season on the night of Thursday, May 6, it was determined last night at a meeting of the captains of the various teams with W. I. Clark, president of the league.

The league is looking ahead to a successful season under the direction of Mr. Clark. All three courses will be utilized again. Just where the opening match will be played has not as yet been decided upon.

The three-quarter handicap system will again prevail. The handicaps will be determined by taking an average of the scores turned in by the players last year, and one will be added at the start of the season.

Magill- Laurel Elected

Fulton Magill was elected as secretary of the church league for the 1937 season, and Lauri Laurel was elected as treasurer. Al Owens was the elected secretary, but had to resign owing to press of business.

The following churches were represented last night: Mahoning by C. Clark; Trinity by Richard "Dick" Hitchcock; First Presbyterians, Russ Magill, Fulton Magill and J. B. Waddington; First Baptists by Tommy Jones; Highland avenue by Jim Vogan and W. I. Clark, and First Christians by Charles "Bugs" Walther. Ernie Smith will captain the Christian team this year.

The First U. P. team through Jay Rudolph announced that they would enter the league again this year, and the First M. E. team is sure to enter again. An effort is going to be made to get the New Wilmington combined churches to enter a team in the league, with Professor C. W. McKee at the head of the new team.

SHOAF AT CIRCUIT MEET

A. C. Shoaf, secretary of the New Castle Agricultural Association, sponsor organization for the annual New Castle Fair, today had returned from a session of the newly formed Western Pennsylvania Fair circuit in Pittsburgh. Mr. Shoaf said that spokesmen for 15 county fairs formed the classes for the races for the coming fairs, including New Castle's, scheduled this year for August 24 to 27.

WHAT BIG LEAGUE TEAMS ARE DOING

(International News Service)

MEMPHIS, Tenn., April 9.—After dropping the final game on their barnstorming trip north to Memphis, 8 to 0, the weary Philadelphia Athletics today were headed for their home grounds. Connie Mack, fully recovered from a leg infection, was expected to join the team at St. Louis and accompany his players back to Philly aboard the Pennsy's crack flyer—"The Spirit of St. Louis."

Charleston, S. C., April 9.—After one of the most encouraging spring training jaunts in the club's history, the Phillies today were speeding back to Philadelphia where they are scheduled to open a city series against the A's on Saturday. The southland worked wonders with the Phils. They came here as cellar contenders and departed with "everyone" predicting they should finish the 1937 season in the first division of the National league.

Longview, Tex., April 9.—Opening the first of a seven games series that will see action in three states, the Pittsburgh Pirates were to take on the Chicago Whitesox here today. The Pirates rested yesterday.

Helena, Ark., April 9.—In three cracks at Bob Feller—once last year and parts of two games this season—the New York Giants today has amassed a total of no hits, no runs, sixteen strikeouts and a dozen fouls. Cleveland's Iowa farm boy whiffed four New Yorkers in three innings yesterday at Fort Smith, Ark., but the Giants shellacked his successors and beat the Indians 9 to 2, squaring the series at five games apiece. The series will be resumed here today.

Oklahoma City, Okla., April 9.—Jack Brillheart, veteran southpaw of the local club, who formerly hurled for the Chicago Cubs, was dreaming of a comeback in the big show today as a result of his feat in holding the New York Yankees to a 1 to 0 score yesterday. Previously, the world's champions had been rolling up football scores in Texas.

Jacksonville, Fla., April 9.—Joe Stripp, regular third baseman, today was added to the extensive hospital list of the Brooklyn Dodgers. A shoulder ailment, traced to defective teeth, may keep him out of the season's opening game.

San Antonio, Tex., April 9.—Larry French was named to pitch for the Chicago Cubs today against the St. Louis Browns. Oral Hildebrand, was scheduled to start for Rogers Hornsby's men, whose eighth inning rally yesterday carried them to a 4 to 3 victory over the Cubs.

Longview, Tex., April 9.—Jimmy Dykes, White Sox manager, named pitchers Bill Dietrich and Monty Stratton to face the Pirates today in the first of a seven game series. Dykes said he will play third base himself today.

Lakeland, Fla., April 9.—Detroit Tigers were scheduled to go through a two hour drill today, their last open date until next week when they break camp for the trip north. Elden Auker, first Tiger pitcher to work a full game, held the Montreal Royals to five hits and one run yesterday as the Tigers won 5-1.

Orlando, Fla., April 9.—The Florida season came to an end for the Washington Senators today after defeating their Chattanooga farmhands 4 to 3 yesterday. The Senators entrained for Chattanooga to meet the farmhands for a series of games over the weekend.

The Senators left the Florida Grapefruit league with 12 victories in 19 starts to show for their efforts.

Jacksonville, Fla., April 9.—Ray Davis held the No. 1 spot today for the job of pitching the opener for the Cincinnati Reds against the St. Louis Cardinals by dint of his effective hurling against the Jacksonville team of the Sally league yesterday. Davis held the locals to six hits in eight frames in a 4-4 battle called by rain.

Braddock Shuns Wood Chopping

Wood Chopping Gives Champion Sore Hands, So He Lays Axe Down

(International News Service)

STONE LAKE, Wis., April 9—Heavyweight champion Jim Braddock planned to ignore the woodman's ax again today, because of sore hands, and in the seclusion of his log gymnasium work on the punching bags and flip the medicine ball around.

Trainer Bob Lippman ordered the champion to leave the wood chopping out of his training programs so the hands he will rely on against Joe Louis in the title battle in Chicago June 22 can heal up.

Seclusion and more of it each day seems to be Braddock's desire. Each day he finds something new for his new cook, Bill Washburne, to do around the large cabin, that does away with any outsiders to come in and lend a hand. Braddock and his retinue live the lives of a crew of hermits. Outside of the actual working hours they are very seldom seen about the estate.

Mucky roads hereabouts have prevented the champion from engaging in any serious roadwork for fear that he might turn an ankle in the sloppy footing.

It probably isn't true that women own 70 per cent of the property. It's just in the wife's name till the old man's debts are outlawed.

Castle Hills To Open Saturday

Castle Hills golf course will be opened for regular play on Saturday afternoon, it was announced by Mrs. Max Ludwig today. The holes and flags have been placed in the greens and the greens rolled and smoothed out.

Quite a number have already played over the course which is in fine shape for so early in the season. The fairways have all been cut and rolled.

Keystones And Conns To Play At "Falc" Hall

First Game Of Series Tonight At 8 O'clock, Star Players In Series

Tonight at the Falcon hall on Miller street the Conns basketball team, composed of present and ex-high stars under the coaching of Charles Dluganski, will meet the House-Indus league champs, the Keystone A. C., in the first of a three-game series. The game will start at eight o'clock.

Several well-known star performers will be in the line-up, including Lester "Bus" Reiber, Paul Morrison, Nickie Gennock, Sammy Bullano, Joe Kelly, "Sham" Kearns, Vic Nocera, Dal Mumford, Dom Covelli, Johnny Carik, Chinkie Dutkin, George Adams and others.

Coach Andy "Coots" Venditto expects to start his strongest lineup. The Conns will give the Keys a severe testing. It should be a great series. The Conns are confident of taking the measure of the Keys, according to Dluganski. The Falcon hall will no doubt be jammed for the series game.

Coaches Venditto and Dluganski today announced the following lineups for the game tonight:

Keystones		Conns
Gennock	F	F. Wainio
Bullano	F	Carik
Kelley	C	Nocera
Reiber	G	Adams
Morrison	G	Covelli

Keystone Juniors To Meet Union

The Keystone Juniors will play the Palette Club of Union High in the preliminary game at the Falcon hall tonight at 7 o'clock. The game will precede the Conns-Keystone A. C. battle. The Palette Club is made up of Union High stars. The Keys are the Junior champs of New Castle.

Umpires To Meet Saturday Night

Leo W. Hill, president of the Lawrence County Umpire's association today announced a special meeting of the umpires for Saturday night at the "Y" at 7:30 o'clock. All men who expect to handle games this year are asked to report.

You can't blame Dizzy Dean. If any college dean got $25,000 a year, he'd be dizzy, too.

Kentucky Derby Set For May 8

Colonel Matt Winn, Expects Throng Of 100,000 To Witness Racing Classic

By LAWTON CARVER
International News Service Sports Writer

NEW YORK, April 9.—Everything that has occurred in the past to make the Kentucky derby the greatest event on the horse-racing calendar will be topped this year, Col. Matt Winn, president of the Kentuckey Jockey club and promoter of the derby, predicted here today.

The "old Kentucky colonel" views the forthcoming classic at Churchill Downs, to be run on May 8, as a certainty to surpass in entrants and in attendance any derby ever run.

The largest field that ever faced the barrier before was entered in 1928, when 22 horses fought it out only to lose to Reigh Count. He foresees a field of 25 or more for the 1937 renewal of the traditional racing fixture.

Expect 100,000 People

As for the crowd, adding to the color of the spectacle, Col. Winn said attendance has been increasing each year and that he expected 100,000 to be packed into the Downs for the coming race. The largest crowd in the 63-year history of the derby saw last year's race, he said, and fell just short of the 100,000 figure.

Col. Winn declined to pick a probable winner of the major portion of the $50,000 purse to be offered, and, instead, named as the leading contenders Reaping Reward, Pompoon, Sceneshifter, War Admiral, Galsun, the coupled Brooklyn and Billionaire and the triple entry of Black Look, Flying Cross and Ptomlemy.

One of the side features of this year's race will be the saddling of No Sir by Miss Mary Hirsch, first woman to receive a trainer's license in New York and first woman to train a derby entrant. Moreover, No Sir is being mentioned among the favorites.

Proselyting Is Found In Many Big Colleges

(International News Service)

CHICAGO, April 9.—Gambling on college athletic contests has increased alarmingly, and subsidizing and proselyting of athletes is more prevalent now than ever, it was stated today in a report to the North Central Association of Colleges and Secondary Schools.

No specific cases were designated in the report returned by the committee on physical education and athletics.

College athletics, however, were found to be in an enviable position in comparison to professional sports of an equal magnitude in the public eye.

The survey covered fourteen athletic conferences throughout the country.

The report gave unanimous approval to the prosposal to give athletic coaches full faculty status.

TALES IN TIDBITS

By BILL BRAUCHER
Central Press Sports Editor

NEW ORLEANS, April 9.—Pete Herman's Club Plantation is one of the bright spots for tourists and visiting newspaper men...but for the proprietor it's dark....for the former bantamweight champion of the world is blind...his ten years of ring warfare over a period when the woods were full of battling bantamweights have left him with sightless eyes.

Little Pete was led to our table by a waiter...he sat and talked happily of the days when he was fighting for real money...New York crowds paid $109,000 to see him beat Joe Lynch 17 years ago, $76,000 when Lynch beat Pete and $63,000 more to see Johnny Buff knock the crown from Herman's head.

Peter recalled Lynch as one of the greatest men he ever met...and though Pete was the first man ever to knock out Jimmy Wilde, England's great little flyweight, the proprietor of Club Plantation voted him the best fighting man for his weight and inches that he ever had met.

"I outweighed Wilde a few pounds," he said, "but he was one of the finest boxers in the business. Finally, in the 17th round I caught him wtih a right.

For Serious Cash.

"Jimmy was flyweight champion for about 12 years. He came back to this country after I had fought him in England, and Pancho Villa won the title by knocking him out in New York. That fight drew more than $100,000, too. In those days little fellows were popular, and we were paid."

Pete hasn't been fighting since 1922. He was well fixed when he left the ring, but his story is the same as that of many other battlers who were spenders, too.

"This place earns a living," said Pete, "that's about all."

But in another part of this quaint old town is another former fighter with a different story...that is Marty Burke, who was a light heavyweight battler in Dempsey's day...and gave Gene Tunney a couple of slashing battles back in the 20's before THnney got his championship chance....Burke is successful as a fight promoter now...he always was a smart fighter and a good business man along with it.

When Jack Dempsey was training for his comeback battle with Jack Sharkey 10 years ago, Burke was in the camp as a sparring partner for the Man Mauler....Dempsey was slow in those days, Burke recalled, and the sparmate might have showed him up, but Burke was a diplomatic chap who was content to exercise the champ and keep himself from getting killed.

For Blood—and $800.

Burke recalled also two rousing battles he had in New York, with Tommy Loughran and George Godfrey. Loughran, like Burke, was a boxer, but when the freckled New Orleans red-head and the Philly dancing master met, they forgot technique and went to it. Loughran finally won, but both men's blood was all over the place.

"I got $800 for that one," said Burke, ruefully, "and it wasn't as hard a fight as the one with Godfrey, because I could stand big George off, though he did have about 50 pounds on me in the weights."

Burke was one of the men who did not believe Dempsey would come back far enough to beat Tunney in their second engagement.

"He was slow and easy to solve," said Marty. "I remember one day at Atlantic City when Tilly Herman, one of the sparring partners, caught Jack wide open and let him have a right that knocked Jack out on his feet. Tilly was fired that night for his trouble.

"I boxed with Jack enough to know almost every move he was about to make, but I never tried to outsmart him. That way I held my job, which was all I wanted just then. Of course I was taking chances. Suppose he caught me with one of those lefts he knocked Gene Tunney over with in Chicago?"

Marty Burke made a wry face.

"Man, he could hit!"

Yes, sir, Marty, he could hit!

Spaghetti Supper Is Being Planned

Members of the East New Castle Rod and Gun club, together with several invited guests, will have a spaghetti supper at the East New Castle Grange hall, located on the Ellwood City road, Saturday night. The affair is slated to start at 6:30 o'clock. The club has enjoyed a fine season, according to Tom Shaffer.

Champs Fall In Bowling Tourney

Indianapolis Team, ABC Champs Last Year Fail To Get In Money This Year

By GLEN R. BIRCHARD
International News Service Sports Writer

NEW YORK, April 9.—And another champion bit the dust. So it goes in the annual tournament of the American Bowling Congress here. Champions come and champions go, the going being to the cleaners. They never succeed themselves in this show, the nearest approach to this being way back when the Barry-Kettlers of Chicago copped the cup and, with one change in the lineup, returned the win the following year as the Commodore Barrys.

Pin Punctures

Last night the Falls City Hi-Bru team of Indianapolis, a good team in any man's league, and likewise holder of the 1936 world's title gained through a 3,089 total, rolled just 348 pins under this mark when it hit 2,741 for ordinary money. Its games were 940, 879 and 922 as compared to its classy marks of 1,033, 1,008 and 1,048 of last year.

Then there was the nifty Hermann Undertakers of St. Louis, Mo., a pin-puncturing outfit if ever there was one. It failed to get going and called it a night with 2,786. The big shot of the night was Neilley Deputies of Passaic, N. J., who came through with a 2,956 for seventh place. Its games were 928, 1,026 and 1,002.

Indianapolis did not pass without honor, however, as is shown by the 2,952 set-up by Lieber Beer. It ferried this outfit into eighth place. Other good markings were 2,881 by Greenwood Beverages of Paterson, N. J., 2,880 by Eddie's of Delaware, O., 2,868 by Reis and Quackenbush of Paterson, and 2,852 by Bob and Dan's, of Oneonta, N. Y.

GOING TO YOUNGSTOWN

The New Castle Rifle club will go to Youngstown, Ohio tonight for a Penn-Ohio league shoot, which will be the last match of the season. The New Castle team is fighting for first place in the league in the second-half and will probably cinch the top rung tonight.

Musings From Sport Rialto

Glenn Morris, Former Olympic Star Will Play Tarzan Role, Is Report

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, April 9.—Along Broadway today we find...Nat Rogers of Mike Jacobs' promotional staff predicting the Hippodrome's first complete sell-out next Wednesday night...when Fred Apostoli, San Francisco middleweight, takes on Solly Krieger of Brooklyn in a return bout...

And many of the boys are saying Krieger figures to reverse the decision this time..because Hymie Kaplan, his manager and a great builder-upper who missed the last fight, will be in his corner...and because the distance is 12 rounds instead of the 10-round route they travelled before when Apostoli won a thrilling battle on points.

Here's Tex Sullivan, Jim Braddock's secretary, hoping that Chicago fight isn't stopped by next Monday's federal court hearing at Newark...so he can leave for Chicago next week for a visit lasting until after Braddock meets Joe Louis....Tex says he would rather be at Chicago keeping busy than sitting around here doing nothing.

Throat Cutting.

Gen. John J. Phelan, state athletic commissioner, is puffing indignantly over the attempt of rival wrestling trusts to put him in the middle.....Seems Pfeffer-Johnston-Packs-Sandow-White combine and Bowser-Dusek-Curley outfit are trying to slash each other's financial throats...but the General refuses to have any hand in the slashing.

Commission hearing develops that wrestling contracts are almost always phonies..the grunt and groaners usually signing blank contracts which are filled in by the promoter ...for the commission's benefit.... Actually, says Bill Johnston, one of the promoters, the "artists get 15 or 20 bucks a performance and darned glad to get it . . ."

Here's Frank Erickson...Broadway's man of mystery...who started as a waiter...turned bookie...and is now worth millions...has a whole floor of offices in a Times Square building...with a personal bodyguard...and armed guards inside and outside the doors.

Frank handles as much as $150,000 in bets on an ordinary fight...and his weekly handle is said to run between one and three millions.... He's not only the biggest bookie in the country...but has a financial finger in everything from banks to race tracks.

And here are some of the boys relieved to know that Glenn Morris, the Olympic decathlon champion, has been selected to play a Tarzan role in the movies....While he may not be so hot, look at the list of erstwhile aspirants to the job..Sandor Szabo, Dizzy Dean, Jimmy Braddock, Dave Levin, Bob Pastor, among others....There also was some mention of Larry Kelly, the old Yale Blue.

Gives Judge New Angle On Drinking

(International News Service)

PUEBLO, Colo.—Jose Garcia, who drinks and who thinks everybody else does, and Police Magistrate Warren Lattimer, who is sure Garcia is wrong on both counts, engaged in a verbal tiff in police court here recently with Garcia coming out the loser.

Brought before the magistrate on a drunkenness charge, Garcia blandly declared, "Well, everybody drinks a little."

"I don't," said the magistrate.

"I'll bet you do,' said the defendant.

"We wont discuss that," said the magistrate, "why were you drunk?"

"Well," said Garcia, "they make liquor to drink, so I drink it."

"Ten dollars," said the magistrate.

HERE AND THERE IN SPORTS' LAND

Irving Crane, tournament rookie from Livonia, N. Y., toppled Onofrio Lauri from his share of first place in the world pocket billiard championships last night at New York by whipping the Brooklyn veteran, 125 to 113, in 18 innings. Erwin Rudolph of Cleveland moved into fourth place by defeating Benny Allen of Kansas City, 125 to 61 in 12 innings and Joe Diehl of Rockford, Ill., won from Fay Gainer, of Vineland, N. J., 125 to 61, in 33 innings.

Managers of Lawrence County Baseball league teams will convene tonight at the Sport Good Store for the purpose of discussing plans for the coming baseball season. Bessemer, Wampum, Hillsville, Mahoning, and the South Side Board of trade have signified their intention of re-entering the league. The C-1 tin mill has not yet made their baseball plans. If the Tin mill should continue to string along with the league, it is probable an eight club league may be formed if two strong teams can be secured, according to league officials.

Bobby Dunkelberger, 17 year old golfer at Pinehurst, N. C. yesterday ousted the Texas star, Jack Munger from the North and South tourney by a two-up victory in their second round match which recalled his upset win a year ago over the veteran Francis Ouimet in the same event. Except for Dunkelberger's triumph and the one up defeat of Durham's hard hitting Henry Clay Poe by Tom Jamison of Pittsburgh, the day's play went according to form. Two rounds will be played today to make up for the loss of the first scheduled day when a heavy rain caused postponement of the qualifying play.

The Hannibal, Mo., Y. M. C. A. team was declared ineligible yesterday as the National Y basketball tournment got under way at Williamsport, Pa. The Hannibal team was ruled because it was contented the team had competed against two professional basketball teams, the House of David and the Olsen Swedes.

Bert S. Michell, trainer for Mrs. Emil Denemark, of Chicago, was ruled off the Florida turf by the Florida state racing committee yesterday in connection with the use of narcotics. The commission said saliva tests showed the Denemark horse, All Around" which finished eighth in the third race at Tropical Park March 23, had been given a narcotic. All of the Denemark stable was affected by the decision made public at Miami. The Denemark stable won virtually every important stake during the first Tropical meeting and through the 30 days of Hialeah.

Slippery Rock Track Team Has Attractive Card

First Inter-Collegiate Meet May 1st With Geneva College Trackers

The Slippery Rock State Teachers College track and field team is hard to work under the watchful eye of Coach A. P. Vincent, former Westminster star, at the present time. Only four men were lost to the squad by graduation last year.

The left-overs to form the nucleus of this year's team will be Ned Engle, a half miler; James Hines, a miler; Walter McGary, two miler; Ralph William, 100 dash and javelin heaver; "Buck" Davis, shot put and javelin; John Simyak, pole vaulter; Bob Park, broad jumper; Fred Lytle, 100 and 220 yard dash man; Dan Schick, 200 low hurdler, and Louis Gilliland, 120 high hurdler man.

The men left from last year are Van Horn, Burby, Charles Riddle and "Speed" Chillman.

The interclass meet will be on April 24, at Slippery Rock. Geneva will appear at Slippery Rock May 1. The Pitt "B" track team will be met at Pittsburgh on a date to be selected later. Waynesburg will be met at Waynesburg on May 17. Grove City will be met at Grove City on May 22.

The Irish loyal to England in the war were certainly dismayed, and those with a sense of humor amused, at the idea that the "Society of Friends of Irish Freedom" was financed by German war funds as war propaganda!

N. Y. A. Forms Mushball Team

Fast Team Is Organized At Meeting; To Arrange Pre-Season Games

Plans were formulated for the coming mushball season at a meeting of officers and members of the local National Youth Administration, held in Orr's hall, Grove street.

Coach John G. Rubels outlined details for a training period. Practice sessions will be held from 2:30 to 5 o'clock each Friday afternoon, starting with today, continuing on Tuesday, April 13 and Thursday, April 15. Pre-season games are being carded with National Radiator, Croton Progressives (last year city league champs), East Side Strollers and other fast teams. Mike Perrett, ambitious business manager of the N. Y. A. team, is engaged in booking the contests. Mr. Perrett stated today that one of the highlights of the season will be games with the famous N. Y. A. team of Youngstown. Perrett stated that practices will be held on Rosena grounds.

Howard M. Wylie, supervisor of the local N. Y. A., with his assistant, Mrs. Olive Hewitt, are endeavoring to equip the team with up-to-date mushball material and uniforms.

The following boys will attend the practice sessions:

Mike Perrett, Harry Falls, Charles Styers, Kenneth Pack, Alfred Pacelli, Francis Rittenour, Joe Henry, Charles Wills, Kenneth Lytle, Armand DeNuccio, Bruno Ostrowski, George Searfoss, Charles Rozak, John Cybula, Nick Pavia, Bill Trott, Dick Ryhal, George Baker, Dick Cratty, Louis Zollinger, Raymond Cook, Louis Cassello, and any other N. Y. A. boy who has not been contacted by Coach Rubels.

Explorer Says World Becoming Too Well Known

Explorers Will Soon Be Out Of Jobs For Want Of Place To Explore

(International News Service)

LOS ANGELES—"The world is getting to be so well known where is there to go?" Lincoln Ellsworth, famed explorer of the Antarctic region, lamented here.

He was in Los Angeles to enable his wife to recover from a nervous breakdown suffered when he was lost four weeks after being forced down on a polar airplane trip.

Ellsworth said he had no present plans for exploration.

He revealed there was geological evidence in coal seams and other fossils that the earth once was much warmer than it is now.

"There is a 40-foot coal seam 300 miles from the pole," he said. "Seven hundred million years ago, the climate there was about like southern California. Redwood trees flourished."

Ellsworth said that regular weather reports from the Antarctic continent where 100-mile winds whistle down from the pole might aid weather forecasters in other parts of the world.

Picard Leads Golf Tourney

Hershey Wizard Clips Four Strokes Off Par At South Carolina Course

(International News Service)

CHARLESTON, S. C., April 9.—Clipping four strokes off regulation figures to add to his three-under-par initial round, Henry Picard of Hershey, Pa., today was out in front as third round play began in the annual $5,000 Tournament of Gardens golf championship.

Picard shot a 67 yesterday for a 36-hole total of 135, seven under par, and three strokes ahead of "Lighthorse" Harry Cooper, veteran Chicago professional.

Snead Plays Poorly

Sam Snead of White Sulphur Springs, W. Va., had a disastrous round yesterday and wound up in third place, five strokes behind the leader.

Johnny Revolta, Chicago, shot a 72 to hold down the fourth position.

Ray Mangrum, Oakmont, Pa., was next with even par figures at the half-way mark. He clipped a stroke from par yesterday to end the 36-hole route with 142.

Jimmy Thompson, Shawnee-on-the-Delaware, Pa., trailed Picard by eight strokes for sixth place. He was out in 33, but faltered coming in for a 38.

FROM ME TO YOU

By MESEEALL.

Here is a little suggestion . . . it sounds a'right but maybe you will find fault with it . . . we are talking to the street department . . . now that summer is coming and traffic is getting heavier . . . we should think about the safety of our motorists . . . we have a traffic light on Jefferson at Grant . . . wouldn't it be a good idea if the traffic going north on Jefferson would make the left hand turn on the red light instead of the green as they are now doing . . . the traffic coming down Jefferson is getting heavier, as we said before, and if this turn could be made on the red it would save a big traffic tie-up on the corner . . . it is worth thinking about . . . what say boys . . . Mr. Haven you know about it, tell the sign painter to make a little sign and that will be all.

* * *

Why is there always or almost always, a cruiser car standing at the corner of Washington and Beaver . . . it has been parked south of Washington on Beaver the last three times we have been down there . . . usually about five in the evening . . . we were just wondering what they were waiting for . . . if they were waiting for something.

* * *

DON'T FORGET THAT NEXT TUESDAY WILL BE BAND BOOSTER DAY AND THE MUSIC COUNCIL IS COUNTING ON YOU FOR HELP . . . the drive will last but two hours and during that time six hundred high school students will call at every door in New Castle . . . everyone will have a chance to make the band presentable for the big football season next fall . . . everyone knows that the band needs new uniforms . . . you not only have the privilege of helping to buy these uniforms but you will have the privilege of picking them out . . . a big party will be given free to those who help and at this party a variety of uniforms will be shown . . . you people will be the judge and your word will be final.

* * *

The wife of the hints and dints man has been in the hospital since Tuesday morning . . . she expects to go home Saturday . . . she had her sweet breads removed . . . tonsils to you intellectuals . . . she is looking better already.

STOCKS

Market Today Is Unsettled

Trading Goes Along At Brisk Pace, Widespread Liquidation Takes Place

By LESLIE GOULD
International News Service Financial Writer

NEW YORK, April .—After breaking to new lows for the year, the stock market rallied briskly today on President Roosevelt's statement denying reports of a contemplated reduction of the gold price and that he hoped no increase in taxes would be necessary.

New York, April 9.—The stock market broke to new lows for the year today, as widespread liquidation in pivotal issues was resumed after Thursday's modest recovery.

Trading was at a brisk pace from the opening, and losses in the leaders ran from one to more than three points. Steels, motors, rails and coppers once more bore the brunt of the selling.

Stocks rallied from their lows at the end of the first hour as President Roosevelt denied any planned reduction in the price of gold and stated he hoped no increase in taxes would be necessary. The ticker fell three minutes behind for a time, but the rally was checked after half of early losses had been recovered.

U. S. Steel and Chrysler were the principal selling targets in their respective groups, each slumping more than three points before meeting support. Other motors and steels sustained large losses, with General Motors again dropping to a new low for the year.

Nervousness over the price situation for copper brought heavy liquidation in red metal shares, Kennecott and Anaconda leading with a drop of two points each. American Smelting and International Nickel showed lesser declines.

In the carrier division, Southern Pacific dropped two while New York Central, Baltimore & Ohio, Northern Pacific and Illinois Central slipped well over a point. Car loadings figures for last week, due today, are expected to register an appreciable decline from the previous week.

American Can was under heavy pressure through the first hour, sagging to a new low for the past year and more on a drop of more than four points. American Telephone also touched a new 1937 bottom on a decline of over a point.

Utilities, rubbers, aviations and amusements all were weak, U. S. Rubber tumbled two points, while Electric Power & Light lost a point to a new low for the year.

Bonds were irregularly lower, including governments. Grains and cotton lost ground.

Brother of Emperor Arrives

Their Royal Highnesses Prince and Princess Chichibu, brother and sister-in-law of the Emperor of Japan, are shown at New York's Pennsylvania Station as they arrived from Montreal. After a day of sightseeing they sailed on the *Queen Mary* for England, where they will represent the Emperor at the coronation. *(Central Press)*

Mother Helps Operate

"A fraction of an inch from death," was the terse comment of Dr. Samuel E. Chalfin, after he removed an open safety pin from the throat of 7-months-old Francis Reardon, Jr., of Somerville, Mass. The pin was in the baby's throat eight hours. Mrs. Francis Reardon, the baby's mother, shows how she aided the doctor in the operation. Dr. Chalfin praised her for her presence of mind and her steady hand at the crucial moment. *(Central Press)*

British Troops Captured by Spanish Insurgents

Some of the twenty-five Englishmen captured recently by the rebel troops of Gen. Francisco Franco are shown here in a rebel prison camp near Madrid. The men are the sole survivors of a "regiment" which was virtually wiped out in their first battle. They were mainly unemployed men enrolled in London and are reported to have been promised work on the roads of Spain. Rebel authorities say that on their arrival the men's passports were taken from them and they were given rifles instead of picks and spades.

First Foreman

While New York women fight for places in the jury box, New Jersey already has its first woman foreman of a Federal Grand Jury. She is Mrs. J. Isabel Sims (above), shown leaving courtroom in Newark. *(Central Press)*

Big Boy (8 Feet 9 Inches)

Robert Wadlow, 8 feet 9 inches in his socks, and weighing 450 pounds, is the biggest visitor ever to board the *Queen Mary*. Wadlow, an attraction with the Ringling Brothers Circus, is shown with his aunt, Miss Lora Perry, aboard the liner in New York. Miss Perry is of normal height. *(Central Press)*

Fishing Governor

This jubilant angler is Gov. M. C. Townsend, of Indiana, who has evidently to show that he's pretty handy with a rod and reel. He was snapped on his return from a fishing trip at St. Petersburg, Fla., where he spent his vacation. *(Central Press)*

27,000,000 Get Social Security

Fitting ceremonies marked the completion of 27,000,000 Social Security records in the department's Baltimore bureau. Frances Perkins, Secretary of Labor (right), is pictured during the broadcasting of the event, with Arthur J. Altmeyer, chairman of the Social Security Board, and Martha J. Carlson, of New York, who was the 27,000,000th to be listed for old age benefits. *(Central Press)*
